

Licensing Committee

Mon 7 Oct
2024
7.00 pm

Oakenshaw Community
Centre, Castleditch
Lane, Redditch

If you have any queries on this Agenda please contact

Gavin Day
Democratic Services Officer

Town Hall, Walter Stranz Square, Redditch, B98 8AH

Tel: (01527) 64252 (Ext. 3304)

e.mail : gavin.day@bromsgroveandredditch.gov.uk

GUIDANCE ON FACE-TO-FACE MEETINGS

Please note that this is a public meeting and is open to the public to attend.

If you have any questions regarding the agenda or attached papers, please do not hesitate to contact the officer named above.

PUBLIC SPEAKING

The total maximum time permitted for public speaking is 15 minutes and the time limit for individual speakers is 3 minutes.

Only those members of the public who have registered to speak in advance of the meeting will be permitted to do so.

To register to speak you must contact Democratic Services by phone on 01527 64252 ext 3304, or email gavin.day@bromsgroveandredditch.gov.uk before 12 noon on Thursday 3rd October 2024.

When registering to speak you must give your name and contact telephone number and indicate which agenda item you wish to speak about, and whether you are in support of or opposed to the officer recommendation.

Notes:

Although this is a public meeting, there are circumstances when Council might have to move into closed session to consider exempt or confidential information. For agenda items that are exempt, the public and press are excluded.

Agenda

Membership:

Cllrs:	David Munro (Chair)	Sid Khan
	Sachin Mathur (Vice-Chair)	Gary Slim
	Juliet Barker Smith	Jen Snape
	Brandon Clayton	Monica Stringfellow
	Matthew Dormer	Paul Wren
	Sharon Harvey	

1. Apologies
2. Declarations of Interest

To invite Councillors to declare any Disclosable Pecuniary Interests and / or Other Disclosable Interests they may have in items on the agenda, and to confirm the nature of those interests.
3. Public Speaking
4. Gambling Act 2005 - Review Of Statement Of Principles - Consideration Of Consultation Responses (Pages 5 - 52)
5. Mandatory Safeguarding Awareness Training for Licensed Hackney Carriage And Private Hire Drivers (Pages 53 - 60)
6. Terrorism (Protection of Premises) Bill - Verbal Update
7. Work Programme (Pages 61 - 62)
8. Minutes (Pages 63 - 70)
9. Exclusion of the Public and Press

In the opinion of the Chief Executive, the meeting will not be, or is unlikely to be open to the Public at the time the following items of business are considered for the reasons stated. The Committee will be asked to pass the following resolution:

“that under S.100 I of the Local Government Act 1972, as amended by the Local Government (Access to Information) (Variation) Order 2006, the public be excluded from the meeting for the following item(s) of business on the grounds that it/they involve(s) the likely disclosure of exempt information as defined in the following paragraphs of Part 1 of Schedule 12 (A) of the said Act, as amended:

Licensing

Monday, 7th October, 2024

- **Paragraph 1 – Any Individuals**
- **Paragraph 2 – Identity of Individuals**
- **Paragraph 3 – Financial or Business Affairs**
- **Paragraph 7 – The Prosecution of a Crime.”**

10. Officer Update(s) - Enforcement and Appeal Matters

(In view of the fact that information may be revealed in relation to individuals, the identities and financial or business affairs of those individuals and the prosecution of crimes, any reports will be confidential and circulated to Members and relevant Officers only.)

LICENSING COMMITTEE7th October 2024**GAMBLING ACT 2005 – REVIEW OF STATEMENT OF PRINCIPLES
CONSIDERATION OF CONSULTATION RESPONSES**

Relevant Portfolio Holder	Councillor M Stringfellow
Portfolio Holder Consulted	No
Relevant Head of Service	Simon Wilkes – Head of Worcestershire Regulatory Services
Wards Affected	All Wards
Ward Councillor Consulted	N/A
Non-Key Decision	

1. SUMMARY OF PROPOSALS

- 1.1 The Council's current Statement of Principles under the Gambling Act 2005 took effect on 31st January 2022. In accordance with the provisions of the Act, the Council is required to prepare and publish a Statement of Principles every three years. Therefore, a new Statement of Principles must be published by 31st January 2025.
- 1.2 On 15th July 2024, the Licensing Committee approved a draft revised Statement of Principles for consultation purposes. The results of the consultation are now being reported back to the Committee who are asked to recommend to Council that the draft revised Statement of Principles be approved and published.

2. RECOMMENDATIONS**2.1 Members are asked to RESOLVE;**

To recommend to Council that the draft Statement of Principles at Appendix 2 be approved and published with effect from 31st January 2025.

3. KEY ISSUES**Financial Implications**

- 3.1 The costs involved in carrying out the consultation were met from existing budgets held by Worcestershire Regulatory Services.

Legal Implications

- 3.2 Section 349 of the Gambling Act 2005 requires that the licensing authority produce, consult on and publish a Statement of the Principles that it proposes to apply when exercising its functions under the Act.
- 3.3 The Act also requires that the Statement of Principles should be kept under review and must be re-published at least every three years.
- 3.4 When preparing a Statement of Principles, the Council is required to consult with:-
- the Chief Officer of Police for the Authority's area;
 - one or more persons who appear to the Authority to represent the interests of persons carrying on gambling businesses in the Authority's area; and
 - one or more persons who appear to the Authority to represent the interests of persons who are likely to be affected by the exercise of the Authority's functions under this Act.

Service / Operational Implications

- 3.5 Redditch Borough Council is a licensing authority in accordance with the provision of the Gambling Act 2005.
- 3.6 Each licensing authority is required before each successive three-year period, to prepare and publish a statement of the principles that they propose to apply in exercising their functions under the Act during that period. This document is commonly referred to as the authority's Statement of Principles.
- 3.7 The Council's current Statement of Principles took effect on 31st January 2022 and therefore a new Statement of Principles must now be prepared and published ready to take effect on 31st January 2025.
- 3.8 Since the current Statement of Principles took effect, there have been no significant amendments to the provisions of the Gambling Act 2005. Nor have there been any major changes made to the Gambling Commission's Licence Conditions and Codes of Practice (LCCP) that licensed operators have to comply with or the Gambling Commission's statutory Guidance to Licensing Authorities (GLA).

LICENSING COMMITTEE7th October 2024

- 3.9 However, in April 2023 the government did publish a long-awaited white paper entitled “High Stakes: Gambling Reform for the Digital Age.” The White Paper sets out the government’s plan for reform of gambling regulation, following the review of the Gambling Act 2005 that was first launched in December 2020.
- 3.10 The white paper contained a number of proposals for reforming gambling regulation in the following areas:
- Online protections – players and products
 - Marketing and advertising
 - The Gambling Commission’s powers and resources
 - Dispute resolution and consumer redress
 - Children and young adults
 - Land-based gambling
- 3.11 Whilst many of the proposed reforms are not directly relevant to the role that the Council plays in the regulation of gambling activities, there are some proposed changes that are directly relevant. These include:
- Proposals to relax the rules on the split of low and medium maximum stake machines in certain licensed gambling premises.
 - A review of the premises licence fees cap for local authorities.
 - Introducing new powers to local authorities to conduct cumulative impact assessments for gambling premises.
 - Proposals to change the rules that allow under 18s to play Category D gaming machines that pay cash prizes.
 - Proposals to make provisions within the Gambling Commission’s code of practise on the siting of gaming machines in licensed premises legally binding.
- 3.12 Following the publication of the white paper, several different consultations have been undertaken by both the Department for Culture, Media and Sport and the Gambling Commission concerning the various proposals for legislative reform.
- 3.13 At this stage however, it is unclear when the government will bring forwards the required legislation to implement the proposed reforms.
- 3.14 This presents something of a dilemma for licensing authorities such as Redditch Borough Council, as they are required before each successive three-year period, to prepare and publish a statement of the principles that they propose to apply in exercising their functions under the Act during that period. The Council’s next statement of principles needs to be prepared and published before 31st January 2025.

LICENSING COMMITTEE7th October 2024

- 3.15 As the timescales for legislation to be brought forward are unclear at this stage, officers recommended that no substantive changes are made to the statement of principles at the present time and therefore very few changes were proposed in the draft statement of principles that the Licensing Committee approved for the purpose of consultation on 15th July 2024.
- 3.16 The only changes that officers believed needed to be made at the present time are as follows:
- Updating the dates shown on the front page
 - Updating the population figure given in the introduction section to reflect the latest census figures.
 - Updating the dates between which consultation on the draft statement of principles will have taken place.
 - Updating the boundary map at Appendix A of the statement of principles to reflect new Ward boundaries implemented since the existing statement of principles took effect.
 - Updating the list of consultees at Appendix B of the statement of principles to include additional gambling and other relevant trade associations.
- 3.17 Consultation on the draft Statement of Principles was undertaken with all relevant parties including:
- The Chief Officer of West Mercia Police
 - The Gambling Commission
 - All other responsible authorities identified under the Act
 - Relevant Trade Associations
 - Public Health
 - Organisations working with people who are problem gamblers
 - Parish Councils
 - The general public
- 3.18 The consultation was also made available for comment via the Council's website and publicised via social media. The consultation exercise was undertaken between 8th August 2024 and 13th September 2024.
- 3.19 The Operations Manager of Lotteries Council responded to the consultation to say that they had reviewed the draft Statement of Principles and had no comment to make.
- 3.20 A response was also received in respect of the draft Statement of Principles from solicitors acting on behalf of the Betting and Gaming Council. This response is shown in full at **Appendix 1**.

LICENSING COMMITTEE7th October 2024

- 3.21 The response sent on behalf of the Betting and Gaming Council suggests that paragraph 11.2 of the draft Statement of Principles should be redrafted to remove reference to whether or not a premises is in an area of deprivation, as a matter to be considered by operators when conducting their local risk assessments.
- 3.22 Officers respectfully disagree with this suggestion. It is considered that those who live in areas of deprivation are potentially more vulnerable to being harmed or exploited by gambling. This position is supported by research and analysis published by the Gambling Commission in their “Gambling-related harms evidence review: summary” document, which states that:
- “The socio-demographic profile of gamblers appears to change as gambling risk increases, with harmful gambling associated with people who are unemployed and among people living in more deprived areas.”*
- 3.23 Therefore in order to properly promote the licensing objectives, officers believe that gambling operators should consider whether or not the premises is located in an area of deprivation when conducting their local area risk assessment in order to ensure that they are properly protecting children and other vulnerable persons from being harmed or exploited by gambling.
- 3.24 In light of this, officers do not believe that any further amendments need to be made to the draft Statement of Principles that was consulted upon, save for inclusion of the newly approved Council logo on the front cover.
- 3.25 The Licensing Committee is now asked to resolve to recommend to Council that the draft Statement of Principles at **Appendix 2** be approved and published with effect from 31st January 2025.

4. RISK MANAGEMENT

- 4.1 Failing to prepare and publish a new Statement of Principles by 31st January 2025 would leave the Council in a position where it was failing to comply with its duties as a licensing authority under the provisions of the Gambling Act 2005.

5. APPENDICES

Appendix 1 - Consultation Response sent on behalf of the Betting and Gaming Council (BGC)

Appendix 2 - Draft Revised Statement of Principles

Dear Redditch Borough Council,

Re: Gambling Act 2005 Statement of Principles for Gambling

We act for the Betting and Gaming Council (BGC) and are instructed to respond on behalf of the BGC to your consultation on the review of your Gambling Act 2005 Statement of Principles.

The Betting and Gaming Council

The Betting and Gaming Council (BGC) was created in 2019 as the standards body for the UK's regulated betting and gaming industry. This includes betting shops, online betting and gaming businesses, bingo and casinos. Its mission is to champion industry standards in betting and gaming to ensure an enjoyable, fair and safe betting and gaming experience for all of its members' customers.

The BGC has four objectives. These are to:

1. create a culture of safer gambling throughout the betting and gaming sector, with a particular focus on young people and those who are vulnerable.
2. ensure future changes to the regulatory regime are considered, proportionate and balanced.
3. become respected as valuable, responsible, and engaged members of the communities in which its members operate.
4. safeguard and empower the customer as the key to a thriving UK betting and gaming industry.

BGC members support 110,000 jobs, generate £4.2 billion in taxes and contribute £7.1 billion to the economy in GVA (Gross Value Added), according to a report by EY in 2022.

Betting shops alone also support 42,000 jobs on the UK's hard-pressed high streets, contributing £800 million a year in tax to the Treasury and another £60m in business rates to local councils. Further, according to ESA Retail report 89% of betting shop customers go on to spend money in other high street establishments, further cementing the important role of betting shops in the local economy.

BGC members also support the UK's hospitality, tourism and leisure industry through our casinos – there are currently 116 across the UK. Overall, we are a major component of world leading British technology, where our members have founded tech powerhouses in many cities throughout the UK.

Betting is a hugely popular British leisure activity. Each month, around 22.5 million adults in the UK have a bet - whether it's buying a lottery ticket, having a game of bingo, visiting a casino, playing online or having a wager on football, horseracing and other sports - and the overwhelming majority do so perfectly safely and responsibly.

BGC members are proud to support UK sport, from the grassroots to the elite level. The industry contributes around £350 million to racing in levy, media, and sponsorship rights each year, £40 million to the EFL (English Football League), and £12.5 million to snooker, darts, and rugby league.

Before we comment on your draft policy document, it is important that the backdrop against which the comments are made is established.

Betting and Gaming in the UK

Any consideration of gambling licensing at the local level should also be considered within the broader context.

The raft of measures recently put in place by the industry (in terms of protecting players from gambling-related harm), the Gambling Commission, and the Government (a ban on credit cards, restrictions to VIP accounts, new age and identity verification measures, and voluntary restrictions on advertising) have contributed to problem gambling rates now being lower than they were at the passage of the 2005 Gambling Act (see further details on problem gambling rates below).

In addition, a range of further measures will be implemented imminently following the Government's White Paper, published in April 2023. These include: financial risk checks for those at risk of gambling harm, changes to the way operators market to their customers, changes to online game design which will remove certain features, the introduction of a mandatory levy for research, prevention and treatment (RPT) activities, an Ombudsman to adjudicate on customer redress and the introduction of mandatory stake limits on online slots, bringing the maximum stakes online in line with land based casinos.

It should also be noted that:

- The overall number of betting shops is in decline. Industry statistics set out that the number of betting shops (as of June 2024) is 5870. This is reducing yearly and has fallen by 29% since March 2019 – equating to 2408 betting shop closures in five years.
- Planning law changes introduced in April 2015 have increased the ability of licensing authorities to review applications for new premises, as all new betting shops must now apply for planning permission.
- In April 2019, a maximum stake of £2 was applied to the operation of fixed odds betting terminals.

- Successive prevalence surveys and health surveys show that problem gambling rates in the UK are stable.

Problem Gambling

A point often lost in the debate about the future of gambling regulation is that problem gambling rates in the UK are low by international comparison.

The most recent “Gold standard” NHS (National Health Service) Health Survey found that problem gambling rates among adults are 0.4 per cent – the rate was 0.5 per cent in 2018. In comparison to other European countries, problem gambling rates in the UK are low. The problem gambling rate is 2.4 per cent in Italy, 1.4 per cent in Norway, and 1.3 per cent in France.

Both the Gambling Commission and the Government have acknowledged that problem gambling levels have not increased. However, one problem gambler is one too many, and we are working hard to improve standards further across the regulated betting and gaming industry.

In June 2020, the BGC’s largest members committed to increasing the amount they spend on RPT (Research, Prevention and Treatment) services from 0.1 per cent to 1 per cent in 2023. This was expected to raise £100 million but they have gone further and will have donated £110 million by 2024.

In the White Paper, the Government committed to introducing a statutory RPT (Research, Prevention and Treatment) levy, which would apply to all gambling licensees (excluding the national lottery). This levy is expected to raise £100m annually by 2026/2027.

The BGC also funds the £10 million Young People’s Gambling Harm Prevention Programme, delivered by leading charities YGAM and GamCare. As of March last year (2023), it has educated over 3 million children.

Advertising and Sponsorship

All betting advertising and sponsorship must comply with strict guidelines, and safer gambling messaging must be regularly and prominently displayed.

The Government has previously stated that there is “no causal link” between exposure to advertising and the development of problem gambling, as stated in a response by then Minister of State at DCMS in June 2021. The Gambling Review White Paper, in relation to advertising, restated that there was “little evidence” of a causal link with gambling harms or the development of gambling disorder.

The Seventh Industry Code for Socially Responsible Advertising, adopted by all BGC members, adds a number of further protections in particular for young people. New measures include ensuring that all social media ads must target consumers aged 25 and over unless the website proves they can be precisely targeted at over-18s. In addition to raising advertising standards for young people, this

code, which came into force on 1 December 2023, extended the previous commitment that 20% of TV and radio advertising is devoted to safer gambling messaging to digital media advertising.

Under the 'whistle-to-whistle' ban, ads cannot be shown from five minutes before a live sporting event until five minutes after it ends, before the 9 p.m. watershed. Research by Enders Analysis found that in its first 12 months in operation, the ban reduced the number of TV betting adverts seen by children by 97% at that time. Overall, the number of gambling adverts viewed by young people also fell by 70% over the entire duration of live sports programmes. At the same time, the ban also reduced the number of views of betting ads by 1.7 billion during its first five months in operation.

BGC members also continue to abide by the stringent measures established by advertising standards watchdogs. These measures are in stark contrast to the unsafe, unregulated black market online, which has none of the safer gambling measures offered by BGC members, including strict age-verification checks. Any withdrawal of advertising would simply level the playing field with illegal operators thus providing opportunities for those operators to peel off customers from the regulated markets.

Misleading/ambiguous premises signage

There are increasing numbers of premises (usually Adult Gaming Centres) which describe themselves on their shopfronts and external signage as casinos despite these premises not being permitted to operate as a casino.

Section 150 Gambling Act 2005 creates five separate classes of premises licences – the operation of a casino (a casino premises licence), the provision of facilities for the playing of bingo (a bingo premises licence) , making category B gaming machines available for use (an adult gaming centre premises licence), making category C gaming machines available for use (a family entertainment centre premises licence) and the provision of facilities for betting (a betting premises licence). Whilst casinos are permitted under a casino premises licence to provide bingo and betting facilities, the holder of an adult gaming centre premises licence may not offer casino facilities.

In order to avoid any ambiguity, the draft statement of principles should be clear that premises must not display signage which may suggest that the premises have a different premises licence to the one held.

Differentiation between Licensing Act 2003 and Gambling Act 2005 applications

When considering applications for premises licences, it is important to clearly distinguish between the regimes, processes, and procedures established by the Gambling Act 2005 and its regulations and those that are usually more familiar to licensing authorities—the regimes, processes, and procedures relating to the Licensing Act 2003.

Whilst Licensing Act 2003 applications require applicants to specify steps to be taken to promote the licensing objectives, which are then converted into premises licence conditions, there is no such

requirement in Gambling Act 2005 applications, where the LCCP provides a comprehensive package of conditions for all types of premises licence.

It should continue to be the case that additional conditions in the Gambling Act 2005 premises licence applications are only imposed in exceptional circumstances with clear reasons for doing so. There are already mandatory and default conditions attached to any premises licence which will ensure operation that is consistent with the licensing objectives. In most cases, these will not need to be supplemented by additional conditions.

The LCCP require that premises operate an age verification policy. The industry employs a policy called "Think 21". This policy is successful in preventing underage gambling. Independent test purchasing carried out by operators and submitted to the Gambling Commission shows that ID challenge rates are consistently around 85%. Following the publication of the Gambling Commission's response to their consultation on age verification on premises, all gambling venues will be moving to a "Think 25" policy from 30th August 2024.

Since Serve Legal began working with the gambling sector in 2009, the industry has now become the highest performing sector across all age verification testing. Across thousands of audits, there was an average pass rate of 91.4 per cent (2024 data). For casinos, there is a near perfect pass rate in the last period of 98%. When comparing Serve Legal audit data between members of the BGC and comparative age verification audit data in the Alcohol and Lottery sector we see how the gambling sector is performing between 10-15 per cent higher every year.

It should be noted that the Executive Summary of the Gambling White Paper stated that when parliamentary time allows, the Government will align the gambling licensing system with that for alcohol by introducing new powers to conduct cumulative impact assessments.

The BGC is concerned that the imposition of additional licensing conditions could become commonplace if there are no precise requirements regarding the need for evidence in the revised licensing policy statement. If additional licence conditions are more commonly applied, this would increase variation across licensing authorities and create uncertainty amongst operators regarding licensing requirements, overcomplicating the licensing process for operators and local authorities.

Working in partnership with local authorities

The BGC is fully committed to ensuring constructive working relationships between betting and gaming operators and licensing authorities and that problems can be dealt with in partnership. The exchange of clear information between councils and betting operators is a key part of this, and the opportunity to respond to this consultation is welcomed.

Considerations Specific to the Gambling Act 2005 Statement of Licensing Principles

On behalf of the BGC we welcome the light touch approach to the draft statement of principles and accordingly have minimal submissions about it as drafted.

Paragraph 11.2 contains a bullet point list of factors that the council expects to be considered when conducting a local risk assessment. The bullet point list should be redrafted with the reference to

whether the premises is in an area of deprivation being deleted. The relevant affluence of an area cannot be relevant as to whether an operation is/will be consistent with the licensing objectives unless the authority has predetermined that the local residents in deprived areas are more likely to commit crime associated with gambling than in more affluent areas or are to be considered automatically vulnerable. Further by including this within the bullet point list, the inference is that investment in new facilities in less affluent areas may face a higher bar than in more affluent areas.

Conclusion

On behalf of the BGC, we thank you for the opportunity to comment on your draft statement of principles and hope these comments above are helpful. The BGC will work with you to ensure that its members' operation of its premises will operate in accordance with the licensing objectives.

Yours faithfully,

GOSSCHALKS LLP

Statement of Principles – Gambling Act 2005**1.0 Introduction**

- 1.1 Redditch Borough Council is situated in the County of Worcestershire, which contains 6 District Councils in total. The Borough is approximately 15 miles south of Birmingham. The Council area has an estimated population of around 87,000 and covers an area of around 21 square miles. The population of the Borough has a higher percentage of young people (0 – 15) compared with the rest of the County. There is a very diverse population within the Borough and there are four areas that are within the top 10% most deprived in England.
- 1.2 The Borough of Redditch consists of 2 distinct areas:-
- An essentially urban area, which includes a vibrant and thriving town centre and smaller centres within local districts; and
 - An essentially rural area, which includes Astwood Bank, Feckenham, Elcocks Brook and Ham Green.
- 1.3 The Borough and its address districts are shown in the map at Appendix 'A'.
- 1.4 In our Council Plan Redditch Borough Council has set out our vision “to enrich the lives and aspirations of our residents, businesses and visitors through the provision of efficiently run and high quality services, ensuring that all in need receive appropriate help, support and opportunities.” The Council Plan also sets out the Council’s priorities. This statement seeks to support the delivery of our vision and priorities and to promote the licensing objectives set out in the Act, which are central to the regulatory regime created by the Act. These are:
- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
 - Ensuring that gambling is conducted in a fair and open way, and
 - Protecting children and other vulnerable persons from being harmed or exploited by gambling.
- 1.5 The Licensing Authority has produced this statement as required by Section 349 of the Gambling Act 2005 (referred to in this statement as “the Act”) and having had regard to the Gambling Commission’s formal guidance issued under Section 25 of the Act, the licensing objectives and to the views of those that the Licensing Authority have consulted. The Licensing Authority consulted widely upon this statement before finalising and publishing. The list of those persons and organisations consulted is shown at Appendix B. The consultation took place between 8th August 2024 and 13th September 2024 in line with current published Government consultation principles. The statement was approved at a meeting of the Full Council on 11th November 2024. Should you have any comments with regards to this policy statement please send them via email or letter to: enquiries@worcsregservices.gov.uk.
- 1.6 This statement must be published at least every three years. The statement may also be reviewed from ‘time to time’ and any amended parts re-consulted upon.

- 1.7 The Licensing Authority intends that this document should provide information and guidance on the general approach that the Licensing Authority will take to licensing. A series of advice sheets with more specific guidance is available on request; advice tailored to individuals is available by phone or to personal callers.
- 1.8 Nothing in this statement takes away the right of any person to make an application under the Act and to have that application considered on its merits; nor does it undermine the right of any person to object to an application or to seek a review of a licence where the law provides that they may do so. Applications will be considered in line with our statement of general principles, below.

2.0 Gambling Act 2005

- 2.1 This statement reflects and aims to support our strategic purposes, community priorities and organisational priorities, as set out in the Council Plan.
- 2.2 The Act provides for gambling to be authorised in a number of different ways. Our main functions are to:
- licence premises for gambling activities, including the issue of provisional statements;
 - regulate and grant permits for gambling and gaming machines in clubs, including commercial clubs,
 - regulate gaming and gaming machines in alcohol licensed premises;
 - grant permits to family entertainment centres for the use of certain lower stake gaming machines;
 - grant permits for prize gaming;
 - receive and endorse notices given for the temporary use notices;
 - receive occasional use notices for betting at tracks;
 - register small societies lotteries;
 - maintain public registers; and
 - provide information to the Gambling Commission on issued licences.
- 2.3 The Gambling Commission regulates remote gambling and issues personal and operating licences for premises. The “National Lottery” is also regulated by the Gambling Commission. Spread betting is regulated by the Financial Conduct Authority.

3. The Gambling Commission

- 3.1 The Gambling Commission regulates gambling in the public interest. It does so by keeping crime out of gambling; by ensuring that gambling is conducted fairly and openly; and by protecting children and vulnerable people.
- 3.2 The Commission provides independent advice to the Government about the manner in which gambling is carried out, the effects of gambling, and the regulation of gambling generally. It also produces guidance under Section 25 of the Act detailing how local authorities should exercise their licensing functions.
- 3.3 In addition, the Commission’s role is to issue codes of practice under Section 24 of the Act about the manner in which facilities for gambling are provided, and how those provisions might be advertised.
- 3.4 Information about the Gambling Commission can be found on the Internet at: www.gamblingcommission.gov.uk or by phone: 0121 230 6666.

4 Local Area Profile

- 4.1 Alongside its Statement of Principles, the Licensing Authority has worked with the other Licensing Authorities in Worcestershire and other partners to develop a “Local Area Profile” for the County as a means of mapping out local areas of concern, which can be reviewed and updated to reflect changes to the local landscape.
- 4.2 This Local Area Profile takes account of a wide range of factors, data and information held by the Licensing Authority and its partners. An important element of preparing the Local Area Profile has been proactive engagement with responsible authorities as well as other organisations in the area that could give input to ‘map’ local risks in the area.
- 4.3 These include public health, mental health, housing, education, community welfare groups and safety partnerships, and organisations such as GamCare or equivalent local organisations.
- 4.4 The aim of the Local Area Profile is to increase awareness of local risks and improve information sharing, to facilitate constructive engagement with licensees and a more coordinated response to local risks. The Local Area Profile will also help to inform specific risks that operators will need to address in their own risk assessments, which forms a part of any new licence application, or any application made to vary a licence.
- 4.5 The Local Area Profile is published on the Licensing Authority’s website and will be updated on a regular basis to reflect changes to the local environment. Holder’s of premises licences will be notified whenever the Local Area Profile is updated.

5. Authorised Activities

- 5.1 ‘Gambling’ is defined in the Act as gaming, betting, or taking part in a lottery.
- ‘Gaming’ means playing a game of chance for a prize.
 - Betting means making or accepting a bet on the outcome of a race, competition, or any other event; the likelihood of anything occurring or not occurring; or whether anything is true or not.
 - A lottery is an arrangement where persons are required to pay in order to take part in an arrangement whereby one or more prizes are allocated by a process which relies wholly on chance.

6. General Statement of Principles

- 6.1 In carrying out the licensing functions in accordance with the Act, particularly with regard to premises licences, the Licensing Authority will aim to permit the use of premises for gambling as long as it is considered to be:
- in accordance with any relevant Codes of Practice issued by the Gambling Commission;
 - in accordance with any relevant Guidance issued by the Gambling Commission;
 - in accordance with this Statement of Principles; and
 - reasonably consistent with the licensing objectives.

- 6.2 The Licensing Authority will not seek to use the Act to resolve matters that are better dealt with by other legislation. Licensing is not the primary mechanism for general control of nuisance and the antisocial behaviour of people once they are away from licensed premises.
- 6.3 The Licensing Authority will ensure that in dealing with applications under the Act the Licensing Authority will follow the required procedures and only take into account issues that are relevant. Specifically, the Licensing Authority will not have regard to “demand” when considering applications for gambling premises; nor will the Licensing Authority consider the suitability of applicants for premises licences (which is a matter for the Gambling Commission). The Licensing Authority will not reject an application on moral grounds. If the Licensing Authority does decide to reject an application, the Licensing Authority will make known the reasons for doing so.
- 6.4 The Council has delegated its licensing function to its Licensing Sub-Committee and Licensing Officers. In the remainder of this Statement of Principles they are referred to collectively as the ‘Licensing Authority’.
- 6.5 Where an application is for a new premises licence, the responsible authorities will usually visit to check that gambling facilities meet all necessary legal requirements.
- 6.6 Where there are no representations (objections), licences and permissions will be granted subject only to any appropriate mandatory conditions (Section 167 of the Act) and any conditions having at least the effect of appropriate default conditions made under Section 168.
- 6.7 If there are objections that cannot be resolved informally, or the Licensing Authority intends to impose extra conditions, the Licensing Authority will hold a public hearing at which the Licensing Sub-Committee will hear evidence and make a decision in accordance with the Act.
- 6.8 This Statement is not intended to override the right of any person to make an application under the Act, and to have that application considered on its merits. Equally, this Statement of Principles is not intended to undermine the right of any person to make representations about an application or to seek a review of a licence where provision has been made for them to do so.

7. Preventing Gambling from being a Source of Crime and Disorder

- 7.1 The Gambling Commission takes the leading role in preventing gambling from being a source of crime, and maintains rigorous licensing procedures aiming to prevent criminals from providing facilities for gambling. Applicants need an operating licence from the Commission before the Licensing Authority will issue a licence to use premises for gambling.
- 7.2 The Licensing Authority will not issue a premises licence to someone who does not hold an operator’s licence, and would not generally be concerned with the suitability of an applicant. Where concerns about a person’s suitability arise the Licensing Authority will bring those concerns to the attention of the Commission.

- 7.3 If an application for a licence or permit is received in relation to premises which are in an area noted for particular problems with organised crime, the Licensing Authority will, in consultation with the Police and other relevant authorities, consider whether specific controls need to be applied to prevent those premises from being a source of crime. This could include a requirement for door supervisors registered by the Security Industries Association.
- 7.4 'Disorder' is generally a matter for the Police; the Licensing Authority will not use this Act to deal with general nuisance issues, for example, parking problems, which can be better dealt with using alternative powers. Disorder will only be considered under this Act if it amounts to activity which is more serious and disruptive than mere nuisance, and where it can be shown that gambling is the source of that disorder. A disturbance might be serious enough to constitute disorder if Police assistance were required to deal with it; the Licensing Authority will then consider how threatening the behaviour was to those who could see or hear it, and whether those people live sufficiently close to be affected or have business interests that might be affected.
- 7.5 When making decisions relating to disorder, the Licensing Authority will give due weight to comments made by the Police.

8. Ensuring Gambling is conducted in a Fair and Open Way

- 8.1 The Gambling Commission does not expect local authorities to become concerned with ensuring that gambling is conducted in a fair and open way. The Commission, through the operating and personal licensing regime, will regulate the management of the gambling business and the suitability and actions of an individual.
- 8.2 As betting track operators do not need an operating licence from the Commission, the Licensing Authority may, in certain circumstances, require conditions of licence relating to the suitability of the environment in which betting takes place.

9. Protecting children and vulnerable people from being harmed or exploited by gambling

- 9.1 The intention of the Act is that children and young persons should not be allowed to gamble, and should be prevented from entering those gambling premises which are 'adult-only' environments.
- 9.2 Codes of Practice – including advice about access by children and young persons – may be published by the Gambling Commission for specific kinds of premises. Applicants are expected to heed this advice where applicable.
- 9.3 The Licensing Authority expects steps to be taken to prevent children from taking part in, or being in close proximity to, gambling. This may include restrictions on advertising to ensure that gambling products are not aimed at children, nor advertised in such a way that makes them particularly attractive to children.
- 9.4 When determining a premises licence or permit the Licensing Authority will consider whether any additional measures are necessary to protect children, such as the supervision of entrances, the segregation of gambling from areas frequented by children and the supervision of gaming machines in non-adult gambling specific premises like pubs, clubs and betting tracks.

- 9.5 In seeking to protect vulnerable people the Licensing Authority will include people who gamble more than they want to, people who gamble beyond their means, and people who may not be able to make informed or balanced decisions about gambling, perhaps due to a mental impairment, alcohol or drugs.
- 9.6 The Licensing Authority will always treat each case on its individual merits and when considering whether specific measures are required to protect children and other vulnerable people, will balance these considerations against the overall principle of aiming to permit the use of premises for gambling.
- 9.7 The Licensing Authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm.

These principles are:

- The need for the body to be responsible for an area covering the whole of the Licensing Authority's area.
 - The need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.
- 9.8 In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Worcestershire Safeguarding Children Partnership for this purpose.

10. Public Health and Gambling

- 10.1 The Licensing Authority agrees with the Gambling Commission's position that gambling-related harm should be considered as a public health issue.
- 10.2 Gambling is a legitimate leisure activity enjoyed by many and the majority of those who gamble appear to do so with enjoyment, and without exhibiting any signs of problematic behaviour. There are however significant numbers of people who do experience significant harm as result of their gambling.
- 10.3 For these problem gamblers, harm can include higher levels of physical and mental illness, debt problems, relationship breakdown and, in some cases, criminality. It can also be associated with substance misuse.
- 10.4 There can also be considerable negative effects experienced by the wider group of people around a gambler. The health and wellbeing of partners, children, and friends can all be negatively affected.
- 10.5 Therefore the Licensing Authority considers that Public Health teams, whilst not a responsible authority under the Act, can still assist the Licensing Authority to address gambling-related harms in its area.

- 10.6 The licensing authority will therefore engage with the local Public Health team in the further development of this Statement of Principles and the Local Area Profile. It is planned that the Public Health team will be able to help the Licensing Authority:
- Identify and interpret health data and evidence to inform the review of the Statement and develop locally tailored local area profiles.
 - Make decisions that benefit and protect the health and wellbeing of local communities.
 - Be clear on issues which they can have regard to when deciding on licenses for a wide range of gambling activities.
 - Conduct a health-impact assessment of gambling in the local area or assess any existing information.

11.0 Local Risk Assessments

11.1 Since 6 April 2016 it has been a requirement for operators to assess local risks to the licensing objectives taking into account this Council's Policy. The operator must also have policies, procedures and control measures in place to mitigate these risks. Risk assessments must be reviewed whenever there are significant changes in local circumstances, or at the premises, or when applying for a new licence or a variation of a licence. Risks in this context include actual, potential and possible future emerging risks to the licensing objectives.

11.2 The Licensing Authority will expect the local risk assessment to consider, for example:

- whether the premise is in an area of deprivation;
- whether the premise is in an area subject to high levels of crime and/or disorder;
- whether the premise is near an addiction treatment facility and in general consider the demographics of the area in relation to vulnerable groups;
- the location of sensitive buildings such as schools, playgrounds, toy shops, leisure centres, libraries and other areas where children are likely to gather; and
- how vulnerable persons as defined within this Policy are protected.

11.3 In compiling their local risk assessment the Licensing Authority shall also expect operators to take into account the general principles as set out in this Policy and the Local Area Profile.

11.4 Other matters that the risk assessment may include are, for example:

- Staff training, including refresher training, e.g. such as intervention when customers show signs of excessive gambling, in the mandatory licensing conditions, in location of the premises licence; in location of information relating to gambling care providers, etc.
- Where installed, details of CCTV coverage and how the system will be monitored.
- Layout of the premises to ensure staff have unobstructed views of persons using the premises or where this is not possible, evidence of how this can be achieved.
- The number of staff employed at the premises at any one time taking into account any effects from seasonal trade in the area.
- Where only one staff member is employed – in the case of smaller premises, – what the supervisory and monitoring arrangements are when that person is absent from the licensed area or distracted for any other reason.
- Provision of signage and documents relating to games rules, gambling care providers.
- The mix of gambling provided.
- Consideration of primary gambling activity and location of gaming machines.

- 11.5 Applicants for premises licences are encouraged to consider, as part of their risk assessment, any prohibitions or restrictions of their own in circumstances where it is felt that the presence of children would be undesirable or inappropriate.
- 11.6 Operators are expected to share their risk assessments with the Licensing Authority when applying for a new premises licence, applying for a variation to an existing licensed premise or otherwise upon request. These risk assessments must in any event be kept under regular review and updated as necessary. The Licensing Authority expects a copy of the most recent local risk assessment to be kept on each premises that is subject to a premises licence under the Gambling Act 2005.
- 11.7 The information contained within the risk assessment may be used to inform the decision the Licensing Authority makes about whether or not to grant the licence, to grant the licence with special conditions or to refuse the application.
- 11.8 However, in all circumstances each application will be treated on its own merits with the onus on the applicant providing the Licensing Authority with sufficient information to make their determination with the underpinning statutory aim of permitting gambling subject to being reasonably consistent with the licensing objectives.
- 11.9 In its Guidance to Licensing Authorities, the Gambling Commission suggests that Licensing Authorities should adopt a 'Local Area Profile'. The Guidance suggests that a Local Area Profile is a process of gathering and presenting information about a locality and any particular areas of concern within that locality. It underpins and explains the approach that the Licensing Authority will apply when granting licences. The Licensing Authority has created a Local Area Profile to assist applicants and licence holders to conduct their local risk assessments.
- 11.10 The Licensing Authority expects local risk assessments to be kept under review and updated as necessary. The Licensing Authority expect local risk assessments to be subject to a review whenever there is a significant change at or near the premises and in any event at least every twelve months.

12.0 Premises licences

- 12.1 A premises licence can authorise the provision of facilities at the following :
- casino premises
 - bingo premises
 - betting premises, including betting tracks
 - adult gaming centres
 - family entertainment centres
- 12.2 Premises can be 'any place' but the Act generally prevents more than one premises licence applying to any one place. A single building could be subject to more than one premises licence provided they are for different parts of the building and those parts can be reasonably regarded as being separate 'premises'.

- 12.3 This will allow large, multiple unit premises such as tracks, shopping malls or service stations to obtain discrete premises licences, with appropriate safeguards in place. The Licensing Authority will pay particular attention if there are issues about sub-divisions of a single building or plot and mandatory conditions relating to access between premises are observed. The Licensing Authority will not consider that areas of a building that are artificially or temporarily separated, for example by ropes or moveable partition, can properly be regarded as different premises. Whether different parts of a building can properly be regarded as being separate premises will depend on the individual circumstances of the case.
- 12.4 A particular requirement might be for entrances and exits from parts of a building covered by one or more licences to be separate and identifiable so that the separation of the premises is not compromised and people are not allowed to 'drift' accidentally into a gambling area. It should normally be possible to access the premises without going through another licensed premises or premises with a permit. The Licensing Authority would also expect customers to be able to participate in the activity named on the premises licence.
- 12.5 The Secretary of State appointed an independent Casino Advisory Panel to advise the Government on the areas in which small and/or large casinos may be located. The Borough of Redditch was not identified as a suitable location for a casino; consequently the Licensing Authority is currently prevented from granting a Casino Premises Licence.
- 12.6 The Council has not passed a resolution under section 166(5) of the Gambling Act 2005 to not issue casino premises licences. If such a resolution were considered in the future, the Council would carry out a full public consultation and consider all responses before passing such a resolution.
- 12.7 The Licensing Authority will not turn down applications for premises licences where relevant objections can be dealt with through the use of licence conditions.
- 12.8 Other than an application for a betting premises licence for a track, the Licensing Authority are not able to issue a premises licence unless the applicant holds the relevant operating licence from the Gambling Commission.
- 12.9 When considering applications for premises licences the Licensing Authority will not take into account either the expected 'demand' for facilities or the likelihood of planning permission or building regulation approval being granted, as well as 'moral' objections to gambling. Equally, the grant of a premises licence would not prejudice or prevent any action that may be appropriate under the law relating to planning or building regulations.
- 12.10 The Licensing Authority are aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives are relevant to our decision-making. Should any specific policy be decided upon as regards areas where gambling premises should not be located, this statement will be updated.
- 12.11 The Licensing Authority will only issue a premises licence once the Licensing Authority are satisfied that the premises is ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required. If the construction of a premises is not yet complete, or if they need alteration, or the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made.

12.12 The Licensing Authority will apply a two stage consideration process if there is outstanding construction or alteration works at the premises:

- should the premises be permitted to be used for gambling;
- can appropriate conditions be imposed to cater for the situation that the premises is not yet in the state in which they should be before gambling takes place.

12.13 The Licensing Authority is entitled to decide whether or not it is appropriate to grant a licence subject to conditions.

12.14 The Licensing Authority will maintain a public register of premises licence applications received which may be viewed at the Council Offices during normal office hours which are generally Monday – Friday 9am until 5pm.

13.0 Responsible authorities

13.1 Responsible authorities are identified in the legislation, and have to be notified about licence applications so that they can identify any risks. The responsible authorities that the Licensing Authority recognises are listed below, contact details for each of the responsible authorities identified are available on our website www.redditchbc.gov.uk, and will be sent on request.

- the Gambling Commission
- the Chief of Police for the area
- Fire & Rescue Service
- Redditch Planning Department
- Environmental Services Department
- Worcestershire Safeguarding Children Partnership
- HM Revenue and Customs
- Redditch Licensing Department
- any other bodies identified in Regulation by the Secretary of State,
- for vessels, the Environment Agency, Canal and River Trust, Secretary of State.

13.2 Any concerns expressed by a Responsible Authority cannot be taken into account unless they are relevant to the application itself and the licensing objectives. However, each representation will be considered on its own individual merits.

14.0 Interested Parties

14.1 An interested party is someone who:

- lives sufficiently close to the premises to be likely to be affected by the authorised activities; or
- has business interests that might be affected by the authorised activities; or
- represents persons in either of the two groups above.

14.2 The Licensing Authority will generally require written evidence that a person/body 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representations is sufficient. Whilst this may not apply to those elected ward members or MP or Parish

Councillors, those persons should be aware of the need to represent the whole of the community that they represent and not just the vocal 'minority'.

- 14.3 In determining whether someone lives sufficiently close to a particular premises so as to be affected, the Licensing Authority will take into account, among other things :
- the size of the premises
 - the nature of the premises
 - the distance of the premises from the person making the representation
 - the identity of the complainant
 - the potential impact of the premises
- 14.4 In determining whether a person has a business interest which could be affected the Council will consider, among other things:
- the size of the premises
 - the catchment area of the premises, and
 - whether the person making the representation has business interests in the catchment area that might be affected
- 14.5 If an existing gambling business makes a representation that it is going to be affected by another gambling business starting up in the area, the Licensing Authority would not consider this, in the absence of other evidence, as a relevant representation as it does not relate to the licensing objectives and instead relates to demand or competition.
- 14.6 The Licensing Authority may consider a representation to be either frivolous or vexatious, and reject it. This will generally be a matter of fact given the circumstances of each individual case but, before coming to a decision the Licensing Authority will normally consider:
- who is making the representation and whether there is a history of making representations that are not relevant,
 - whether it raises an issue relevant to the licensing objectives, or
 - whether it raises issues specifically to do with the premises which are the subject of the application.
- 15.0 Licence conditions**
- 15.1 The mandatory and default conditions prescribed under the Gambling Act 2005 are designed to be, and usually are, sufficient to ensure operation that is consistent with the licensing objectives
- 15.2 However in exceptional circumstances when considering-particular cases the Licensing Authority may find it necessary to impose conditions beyond appropriate mandatory and default conditions. Any such conditions will be relevant to the need to make the building suitable for use as a gambling facility; directly related to the premises and the type of licence applied for; fairly and reasonably related to the scale and type of premises and reasonable in all other respects. The Licensing Authority will not have recourse to a pool of standard conditions.

- 15.3 The Licensing Authority will also ensure that where category C or above machines that are on offer in premises to which children are admitted are located in an area of the premises which is separated by a physical barrier to prevent access other than through a designated entrance; the designated area is supervised and observed by staff or the licence holder.
- 15.4 Examples of conditions which are likely to be attached in certain circumstances include those relating to opening hours, segregation of gambling from non-gambling areas frequented by children, SIA licensed door supervisors, appropriate signage for adult only areas, age limits, or keeping children and young persons away from gaming machines. The Licensing Authority will also expect the applicant to offer their own suggestions as to ways in which the licensing objectives can be promoted effectively.
- 15.5 The Licensing Authority will not seek to control those matters specified in the Act with conditions:
- which make it impossible to comply with an operating licence condition imposed by the Gambling Commission;
 - relating to gaming machine categories or method of operation;
 - which specify that membership of a club or other body is required; or
 - in relation to stakes, fees, winnings or prizes.
- 15.6 Duplication with other statutory or regulatory regimes will be avoided as far as possible. The need for conditions will be assessed on the specific merits of each application.
- 16.0 Gaming Machines**
- 16.1 Gaming machines include all types of gambling activity which can take place on a machine, including betting on 'virtual' events.
- 16.2 The Act itself prescribes the number and category of gaming machines that are permitted in each type of gambling premises.
- 16.3 Subject to the provisions of the Act, gaming machines can be made available in a wide variety of premises, including:
- casinos;
 - bingo premises;
 - betting premises, (including tracks);
 - adult gaming centres;
 - family entertainment centres;
 - clubs;
 - pubs and other alcohol licensed premises;
 - travelling fairs.
- 16.4 A machine is not a gaming machine if the winning of a prize is determined purely by the player's skill. However, any element of 'chance' imparted by the action of the machine would bring it within the definition of a gaming machine.
- 16.5 The Licensing Authority will encourage permit and premises licence holders to adopt applicable codes of practice which may be introduced by the amusement industry or Gambling Commission, from time to time.

17 Gambling in Alcohol Licensed Premises

- 17.1 There are exemptions in the Act that provide for a limited amount of gambling activity to take place within premises that are subject to a relevant valid alcohol licence.
- 17.2 These exemptions only apply where a premises is subject to a licence that authorises the sale of alcohol for consumption on the premises and that has a bar at which alcohol is served without a requirement that alcohol is served only with food.
- 17.3 In all cases the licensing authority considers that gambling must remain ancillary to the main purpose of the premises.

Automatic entitlement to two gaming machines

- 17.4 Section 282 of the Act provides an automatic entitlement to alcohol licence holders to make available two gaming machines (of category C or D) for use in alcohol-licensed premises. To take advantage of this entitlement, the person who holds the on-premises alcohol licence must give notice to the Licensing Authority of their intention to make gaming machines available for use, and must pay the prescribed fee.
- 17.5 This is not an authorisation procedure. The Licensing Authority has no discretion to consider the notification or to turn it down. The only matter to determine is whether the person applying for the automatic gaming machine entitlement is the holder of the alcohol licence and whether the prescribed fee has been paid. There is no statutory requirement for pubs and other alcohol-licensed premises to display a notice of their automatic entitlement to gaming machines.
- 17.6 The Licensing Authority expects licence holders making machines available in accordance with their automatic entitlement to comply with the Gambling Commission's code of practice for gaming machines in clubs and premises with an alcohol licence.
- 17.7 The Licensing Authority can remove the automatic authorisation in respect of any particular premises by making an order under section 284 of the Act. The Licensing Authority can do so if:
- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives
 - gaming has taken place on the premises that breaches a condition of s.282, for example the gaming machines have been made available in a way that does not comply with requirements on the location and operation of gaming machines
 - the premises are mainly used for gaming
 - an offence under the Act has been committed on the premises.
- 17.8 Before making an order, the Licensing Authority will give the licensee at least 21 days' notice of the intention to make the order and will consider any representations that they may make. The Licensing Authority will hold a hearing if the licensee so requests and will comply with any other procedural requirements set out in regulations. If there is no appeal, the order will take effect 21 days after notice of the intention was given. The Licensing Authority must give the licensee a copy of the order and written reasons for making it. The licensee may appeal to the Magistrates' Court.

Licensed Premises Gaming Machine Permits

- 17.9 Where the holder of a relevant alcohol licence wishes to make more than two gaming machines available, they may apply for a licensed premises gaming machine permit. Such a permit can authorise the provision of any number of category C or D gaming machines within the relevant licensed premises.
- 17.10 The Licensing Authority expects licence holders making machines available in accordance with a licensed premises gaming machine permit to comply with the Gambling Commission's code of practice for gaming machines in clubs and premises with an alcohol licence.
- 17.11 Applications must be made by a person or organisation that holds the on-premises alcohol licence for the premises for which the application is made and must include information on the premises to which it relates and the number and category of gaming machines sought.
- 17.12 The Licensing Authority may also require an applicant to submit a plan of the premises showing where the gaming machines are to be located and showing the position of the bar.
- 17.13 In determining an application, the Licensing Authority must have regard to the licensing objectives and to the Gambling Commission's Guidance to Licensing Authorities. The Licensing Authority may also take account of any other matters that are considered relevant to the application.
- 17.14 In particular the Licensing Authority will have regard to the size and nature of the premises, the number of gaming machines requested and the ability of the licence holder to comply with the relevant code of practice.
- 17.15 The application does not require notification to the Commission or police before determination, however, the Licensing Authority is able to specify this as a requirement should they see fit.
- 17.16 The Licensing Authority may grant or refuse an application. In granting the application, it may vary the number and category of gaming machines authorised by the permit. If granted, the Licensing Authority will issue the permit as soon as possible after that. Where they refuse the application they will notify the applicant as soon as possible, setting out the reasons for refusal. The Licensing Authority will not refuse an application, or grant it for a different number or category of machines, unless they have notified the applicant of their intention to do so and given the applicant an opportunity to make representations, orally, in writing, or both.
- 17.17 The Licensing Authority is able to cancel a permit. It may only do so in specified circumstances which include if the premises are used wholly or mainly by children or young persons or if an offence under the Act has been committed. Before it cancels a permit the Licensing Authority will notify the holder, giving 21 days notice of intention to cancel, consider any representations made by the holder, hold a hearing if requested, and comply with any other prescribed requirements relating to the procedure to be followed. Where the Licensing Authority cancels the permit, the cancellation does not take effect until the period for appealing against that decision has elapsed or, where an appeal is made, until the appeal is determined.

- 17.18 The Licensing Authority can also cancel a permit if the holder fails to pay the annual fee, unless failure is the result of an administrative error. The court may order forfeiture of the permit if the holder is convicted of a relevant offence.
- 17.19 The applicant may appeal to the Magistrates' Court against the Licensing Authority's decision not to issue a permit. The holder can also appeal against a decision to cancel a permit.

Exempt Gaming

- 17.20 Exempt gaming is generally permissible in any relevant alcohol licensed premises. Such gaming must be equal chance gaming and must be ancillary to the purposes of the premises. This provision is automatically available to all such premises, but is subject to statutory stakes and prize limits determined by the Secretary of State.
- 17.21 Equal chance gaming is gaming that does not involve staking against a bank and the chances of winning are equally favourable to all participants. It includes games such as backgammon, mah-jong, rummy, kalooki, dominoes, cribbage, bingo and poker.
- 17.22 The Secretary of State has set both daily and weekly prize limits for exempt gaming in alcohol licensed premises and details of these can be found on the Gambling Commission's website.
- 17.23 The Licensing Authority expects exempt gaming in alcohol licensed premises to comply with the Gambling Commission's code of practice on equal chance gaming in clubs and premises with an alcohol licence.
- 17.24 The Licensing Authority can remove the automatic authorisation for exempt gaming in respect of any particular premises by making an order under s.284 of the Act, if:
- provision of the gaming is not reasonably consistent with the pursuit of the licensing objectives
 - gaming has taken place on the premises that breaches a condition of s.279, for example the gaming does not abide by the prescribed limits for stakes and prizes, a participation fee is charged for the gaming or an amount is deducted or levied from sums staked or won
 - the premises are mainly used for gaming
 - an offence under the Act has been committed on the premises.
- 17.25 Before making an order, the Licensing Authority will give the licensee at least 21 days' notice of the intention to make the order and consider any representations that they may make. The Licensing Authority will hold a hearing if the licensee so requests and will comply with any other procedural requirements set out in regulations. If there is no appeal, the order will take effect 21 days after notice of the intention was given. The Licensing Authority must give the licensee a copy of the order and written reasons for making it. The licensee may appeal to the Magistrates' Court.

18 Gambling in ClubsDefining Clubs

18.1 The Act creates a separate regime for gaming in clubs from that in other relevant alcohol licensed premises. It defines two types of club for the purposes of gaming:

- members' clubs (including miners' welfare institutes)
- commercial clubs.

This is an important distinction in respect of the gaming that may take place.

18.2 A members' club is a club that is not established as a commercial enterprise and is conducted for the benefit of its members. Examples include working mens' clubs, miners' welfare institutes, branches of the Royal British Legion and clubs with political affiliations.

18.3 Miners' welfare institutes are associations established for recreational or social purposes. They are managed by representatives of miners or use premises regulated by a charitable trust which has received funds from one of a number of mining organisations.

18.4 A commercial club is a club established for commercial gain, whether or not they are actually making a commercial gain. Examples include commercial snooker clubs, clubs established as private companies and clubs established for personal profit.

18.5 The Licensing Authority expects exempt gaming in clubs to comply with the Gambling Commission's code of practice on equal chance gaming in clubs and premises with an alcohol licence.

Exempt Gaming

18.6 Exempt gaming is generally permissible in any club. Such gaming must be equal chance gaming and be ancillary to the purposes of the club. This provision is automatically available to all such premises, but is subject to statutory stakes and prize limits determined by the Secretary of State.

18.7 Equal chance gaming is gaming that does not involve staking against a bank and the chances of winning are equally favourable to all participants. It includes games such as backgammon, mah-jong, rummy, kalooki, dominoes, cribbage, bingo and poker.

18.8 The Secretary of State has set both daily and weekly prize limits for exempt gaming. Different higher stakes and prizes are allowed for exempt gaming in clubs than are allowed in alcohol-licensed premises and details of these can be found on the Gambling Commission's website.

18.9 Clubs may levy a charge for participation in equal chance gaming under the exempt gaming rules. The amount they may charge is as prescribed in regulations and the relevant details can be found on the Gambling Commission's website. However in order to qualify as exempt gaming, clubs may not charge a rake on games (a commission or fee deducted from the prize fund), or levy or deduct an amount from stakes or winnings.

18.10 The Licensing Authority expects exempt gaming in clubs to comply with the Gambling Commission's code of practice on equal chance gaming in clubs and premises with an alcohol licence.

Club Gaming Permits

- 18.11 The Licensing Authority may grant members' clubs and miners' welfare institutes (but not commercial clubs) club gaming permits which authorise the establishments to provide gaming machines, equal chance gaming (without having to abide by the stake and prize limits which would apply to exempt gaming in the absence of a permit) and games of chance as prescribed in regulations namely pontoon and chemin de fer. This is in addition to the exempt gaming authorisation detailed above.
- 18.12 Club gaming permits allow the provision of no more than three gaming machines. These may be from categories B3A, B4, C or D but only one B3A machine can be sited as part of this entitlement.
- 18.13 Where a club has gaming machines the licensing authority expects the club to comply with the Gambling Commission's code of practice for gaming machines in clubs and premises with an alcohol licence.

Club Machine Permits

- 18.14 If a members' club or a miners' welfare institute does not wish to have the full range of facilities permitted by a club gaming permit, they may apply to the Licensing Authority for a club machine permit under s.273 of the Act. This type of permit authorises the holder to have up to three gaming machines of categories B3A, B4, C and D.
- 18.15 Commercial clubs are also able to apply for a club machine permit, although such a permit does not allow the siting of category B3A gaming machines by commercial clubs.
- 18.16 Where a club has gaming machines the Licensing Authority expects the club to comply with the Gambling Commission's code of practice for gaming machines in clubs and premises with an alcohol licence.

Applications for Club Gaming Permits and Club Machine Permits

- 18.17 Applications for permits must be accompanied by the prescribed documents and fees and must be copied to the Gambling Commission and the Chief Officer of Police within the prescribed period. The Commission and the Police may object to the permit being granted and if such objections are received, the Licensing Authority will hold a hearing.
- 18.18 The Licensing Authority may grant or refuse a permit, but it may not attach any conditions to a permit.

18.19 The Licensing Authority can only refuse an application on the grounds that:

- a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied
- b) the applicant's premises are used wholly or mainly by children and/or young persons
- c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities
- d) a permit held by the applicant has been cancelled in the previous ten years
- e) an objection has been lodged by the Commission or the police.

18.20 If the Licensing Authority is satisfied that (a) or (b) is the case, it must refuse the application. The Licensing Authority will have regard to relevant guidance issued by the Commission and (subject to that guidance), the licensing objectives.

18.21 In cases where an objection has been lodged by the Commission or the police, the Licensing Authority is obliged to determine whether the objection is valid.

18.22 There is a fast-track procedure for clubs in England and Wales which hold a club premises certificate under s.72 of the Licensing Act 2003. Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which the Licensing Authority can refuse a permit are reduced.

18.23 This is because the club or institute will already have been through a licensing process in relation to its club premises certificate under the 2003 Act, and it is therefore unnecessary to impose the full requirements of Schedule 12.

18.24 Commercial clubs cannot hold club premises certificates under the Licensing Act 2003 and so cannot use the fast-track procedure.

Determining Applications for Club Gaming Permits

18.25 When determining applications for Club Gaming Permits the Licensing Authority will take steps to satisfy itself that the club meets the requirements of the Act and to enable this to happen, clubs may be asked to supply additional information and documents in support of their application.

18.26 The Licensing Authority is particularly aware of the potential for club gaming permits to be misused for illegal poker clubs.

18.27 In determining whether a club is a genuine members' club, the Licensing Authority will take into account the matters set out in relevant part of the Gambling Commission's Guidance to Licensing Authorities.

18.28 A visit to the premises before granting of the permit may also be undertaken to assist the Licensing Authority to understand how the club will operate.

Maintenance of Permits

18.29 Club Gaming Permits and Club Machine Permits will have effect for ten years, unless it ceases to have effect because it is surrendered or lapses or is renewed. However, a permit granted under the fast-track procedure does not expire, unless it ceases to have effect because it is surrendered, cancelled or forfeited or it lapses.

18.30 A permit will lapse if the holder of the permit stops being a club or miners' welfare institute, or if it no longer qualifies under the fast-track system for a permit. In addition, a permit will cease to have effect upon being surrendered to the authority. A notice to surrender must be accompanied by the permit or a statement explaining why it cannot be produced. The Licensing Authority must inform the Police and the Commission when a permit has been surrendered or lapsed.

Cancellation and forfeiture of permits

18.31 The Licensing Authority may cancel the permit if:

- the premises are used wholly by children and/or young persons
- an offence or breach of a permit condition has been committed in the course of gaming activities by the permit holder.

18.32 Reference here to 'a permit condition' means a condition in the Act or in regulations that the permit is operating under.

18.33 Before cancelling a permit, the Licensing Authority will give the permit holder at least 21 days' notice of the intention to cancel and consider any representations that they may make. The Licensing Authority will hold a hearing if the permit holder so requests and will comply with any other procedural requirements set out in regulations. If there is no appeal, the cancellation will take effect 21 days after notice of the intention to cancel was given. The Licensing Authority will notify the permit holder, the Commission and the police that the permit has been cancelled and the reasons for the cancellation.

Renewal of permits

18.34 In accordance with paragraph 24 of Schedule 12 of the Act, an application for renewal of a permit must be made during the period beginning three months before the licence expires and ending six weeks before it expires. The procedure for renewal is the same as for an application.

18.35 The duration of the permit will not be curtailed while a renewal application is pending, including an appeal against a decision not to renew.

18.36 If, at the time a permit is renewed, the applicant holds a club premises certificate, the fast-track procedure will apply as it does when application is first made for the permit.

19 Unlicensed Family Entertainment Centre Permits

Introduction

19.1 Unlicensed family entertainment centres (uFEC) are able to offer only category D machines in reliance on a gaming machine permit. Any number of category D machines can be made available with such a permit, although there may be other considerations, such as fire regulations and health and safety, to take into account. Permits cannot be issued in respect of vessels or vehicles.

19.2 uFECs are premises which are 'wholly or mainly' used for making gaming machines available. The permit cannot therefore be granted for an entire shopping centre, airport or bowling alley, for example.

Applications for Unlicensed Family Entertainment Centre Permits

- 19.3 The application for a permit can only be made by a person who occupies or plans to occupy the premises to be used as an uFEC and, if the applicant is an individual, he or she must be aged 18 or over. Applications for a permit cannot be made if a premises licence under the Gambling Act 2005 is in effect for the same premises. The application must be made to the licensing authority in whose area the premises are wholly or partly situated.
- 19.4 The application must be submitted on Licensing Authority's standard form and be accompanied by the prescribed application fee. The Licensing Authority also requires the application to be accompanied by a plan of the premises that will be used as an uFEC, which shows the location of any gaming machines that will be provided if the permit were to be granted.
- 19.5 The Licensing Authority requires applicants for uFEC permits to provide a Basic Disclosure certificate issued by the Disclosure and Barring Service (DBS) within a period of one month before the application is made. Where the applicant is a company, a Basic Disclosure certificate must be supplied in respect of each director of the company.

Consideration of Applications

- 19.6 The Licensing Authority can grant or refuse an application for a permit, but cannot add conditions. An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an uFEC, and if the chief officer of police has been consulted on the application.
- 19.7 When considering an application, the Licensing Authority will consider the suitability of the applicant. Given that family entertainment centres are likely to appeal particularly to children and young persons, the licensing authority will give particular weight to matters relating to the protection of children from being harmed or exploited by gambling.
- 19.8 In considering the application, the Licensing Authority shall have regard to the Gambling Commission's Guidance to Licensing Authorities and will also have regard to the licensing objectives.
- 19.9 The Licensing Authority may also consider asking applicants to demonstrate:
- that they have suitable policies and procedures in place for the safeguarding of children and young persons.
 - a full understanding of the maximum stakes and prizes of the gambling that is permissible in uFECs
 - that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act)
 - that employees at the premises are suitably vetted
 - that employees are trained to have a full understanding of the maximum stakes and prizes.
- 19.10 The Licensing Authority may not refuse an application unless it has notified the applicant of the intention to refuse and the reasons for it, and given them an opportunity to make representations orally or in writing or both.

- 19.11 The permit will have effect for ten years, unless it ceases to have effect because it is surrendered or lapses or is renewed. There is no annual fee for an uFEC gaming machine permit.
- 19.12 The permit may lapse for a number of reasons, namely:
- if the holder ceases to occupy the premises
 - if the Licensing Authority notifies the holder that the premises are not being used as an uFEC
 - if an individual permit holder dies, becomes incapable by reason of mental or physical incapacity, becomes bankrupt, or sequestration of his estate is ordered
 - if the company holding the permit ceases to exist, or goes into liquidation.

Renewal of a Permit

- 19.13 An application for renewal of an uFEC gaming machine permit must be made during the period beginning six months before the permit expires and ending two months before it expires. The procedure for renewal is the same as for an application. Licensing Authority may only refuse to renew a permit on the grounds that:
- an authorised local authority officer has been refused access to the premises without reasonable excuse
 - renewal would not be reasonably consistent with the licensing objectives. In this respect, the licensing authority will have the benefit of having consulted the chief officer of police and will be aware of any concerns that have arisen about the use of the premises during the life of the permit.
- 19.14 The duration of the permit will not be curtailed while a renewal application is pending, including an appeal against a decision not to renew.

20. Prize Gaming Permits

- 20.1 Gaming is prize gaming if the nature and size of the prize is not determined by the number of people playing or the amount paid for or raised by the gaming. Normally the prizes are determined by the operator before play commences.
- 20.2 A prize gaming permit is a permit issued by the Licensing Authority to authorise the provision of facilities for gaming with prizes on specified premises.

Applications for Prize Gaming Permits

- 20.3 An application for a permit can only be made by a person who occupies or plans to occupy the relevant premises and if the applicant is an individual, he must be aged 18 or over. An application for a permit cannot be made if a premises licence or club gaming permit is in effect for the same premises under the Gambling Act 2005. The application must be made to the Licensing Authority in whose area the premises are wholly or partly situated.
- 20.4 The application must be submitted on Licensing Authority's standard form and be accompanied by the prescribed application fee. The Licensing Authority also requires the application to be accompanied by a plan of the premises that will be used for gaming with prizes.

- 20.5 The Licensing Authority requires applicants for prize gaming permits to provide a Basic Disclosure certificate issued by the Disclosure and Barring Service (DBS) within a period of one month before the application is made.

Consideration of Applications

- 20.6 In considering an application, the licensing authority shall have regard to the Gambling Commission's Guidance to Licensing Authorities and will also have regard to the licensing objectives.
- 20.7 The Licensing Authority can grant or refuse an application for a permit, but cannot add conditions.
- 20.8 The Licensing Authority will grant a prize gaming permit only if they have consulted the chief officer of police about the application. The Licensing Authority will take account of any objections that the police may wish to make which are relevant to the licensing objectives.
- 20.9 Relevant considerations would include the suitability of the applicant in terms of any convictions that they may have that would make them unsuitable to operate prize gaming; and the suitability of the premises in relation to their location and any issues concerning disorder.
- 20.10 A permit cannot be issued in respect of a vessel or a vehicle.
- 20.11 The Licensing Authority will ask the applicant to set out the types of gaming that they are intending to offer and expects that the applicant should be able to demonstrate that:
- they understand the limits to stakes and prizes that are set out in regulations
 - the gaming offered is within the law.
- 20.12 The Licensing Authority will not refuse an application unless they have notified the applicant of the intention to refuse and the reasons for it, and given them an opportunity to make representations orally or in writing or both.
- 20.13 If granted, the permit will have effect for ten years, unless it ceases to have effect, lapses or is renewed. There is no annual fee for prize gaming permits.
- 20.14 The permit may lapse for a number of reasons:
- if the holder ceases to occupy the premises
 - if an individual permit holder dies, becomes incapable by reason of mental or physical incapacity, becomes bankrupt, or sequestration of his estate is ordered
 - if a company holding the permit goes into liquidation
 - if the holder (for example a partnership) otherwise ceases to exist.

Renewal of a Prize Gaming Permit

- 20.15 An application for renewal of a permit must be made during the period beginning six months before the permit expires and ending two months before it expires. The procedure for renewal is the same as for an application.
- 20.16 A permit will not cease to have effect while a renewal application is pending, including an appeal against a decision not to renew.

21.0 Temporary Use Notices

- 21.1 These allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. The Licensing Authority would object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises. Premises that might be suitable for a temporary use notice would include hotels, conference centres and sporting venues. A temporary use notice may only be granted to a person or company holding a relevant operating licence.
- 21.2 Temporary use notices may only be used to permit the provision of facilities for equal chance gaming, where the gaming is intended to produce a single overall winner. Equal chance gaming is gaming which does not involve playing or staking against a bank and gives equally favourable chances to all participants. Examples of equal chance gaming include games such as backgammon, mah-jong, rummy, kalooki, dominoes, cribbage, bingo and poker.

22.0 Occasional Use Notices

- 22.1 Occasional use notices relate to particular activities at tracks. The Licensing Authority's only role is to ensure that the statutory limit of 8 days in a calendar year is not exceeded. Whilst tracks are normally thought of as permanent racecourses, this can also include land which has a number of uses for example agricultural land upon which a point-to-point meeting takes place. Land used temporarily as a track can qualify, provided races or sporting events take place or will take place there. The track need not be a permanent fixture.
- 22.2 The Licensing Authority will share information with the Gambling Commission in relation to any Occasional Use Notices received. The Licensing Authority may also work in partnership with the Gambling Commission to carry out test purchase operations involving licensed operators that are providing facilities for betting in reliance on an Occasional Use Notice.

23. Lotteries

Introduction

- 23.1 A lottery is any arrangement that satisfies all of the criteria contained within the statutory description of either a simple lottery or a complex lottery, under s.14 of the Act.
- 23.2 An arrangement is a simple lottery if:
- persons are required to pay to participate
 - one or more prizes are allocated to one or more members of a class
 - the prizes are allocated by a process which relies wholly on chance.

23.3 An arrangement is a complex lottery if:

- persons are required to pay to participate
- one or more prizes are allocated to one or more members of a class
- the prizes are allocated by a series of processes
- the first of those processes relies wholly on chance.

23.4 The Gambling Act 2005 provides that promoting or facilitating a lottery is illegal, unless it falls into one of two categories of permitted lottery, namely:

- licensed lotteries – these are large society lotteries and lotteries run for the benefit of local authorities that are regulated by the Commission and require operating licences
- exempt lotteries – there are four types of exempt lottery that are expressly permitted under Schedule 11 of the Act, including the small society lottery.

23.5 The Licensing Authority is responsible for the registration of societies for the purpose of carrying on “small society lotteries.” Information on other forms of exempt lotteries is available from the Gambling Commission website.

23.6 The Licensing Authority defines ‘society’ as the society, or any separate branch of such a society, on whose behalf a lottery is to be promoted, and needs to understand the purposes for which a society has been established in ensuring that it is a non-commercial organisation.

23.7 Section 19 of the Act defines a society as such if it is established and conducted:

- for charitable purposes, as defined in section 2 of the Charities Act 2006
- for the purpose of enabling participation in, or of supporting, sport, athletics or a cultural activity
- for any other non-commercial purpose other than that of private gain.

23.8 It is inherent in this definition that the society must have been established for one of the permitted purposes as set out in section 19 of the Act, and that the proceeds of any lottery must be devoted to those purposes. It is not permissible to establish a society whose sole purpose is to facilitate lotteries.

Registration Applications

23.9 The Licensing Authority with which a small society lottery is required to register must be in the area where their principal office is located. If the Licensing Authority believes that a society’s principal office is situated in another area, it will inform the society and the other Licensing Authority as soon as possible.

23.10 Applications for small society lottery registrations must be in the form prescribed by the Secretary of State and be accompanied by both the required registration fee and all necessary documents required by the Licensing Authority to assess the application.

23.11 If there is any doubt as to the status of a society that makes application for registration to carry on small society lotteries, the Licensing Authority may require the society to provide documentary evidence in support of their application. The types of evidence that may be required include, but are not restricted to:

- A list of the members of the society
- The society's constitution or a similar document setting out the aims and objectives of the society and its governance arrangements
- A written declaration from the applicant stating that they represent a *bona fide* non-commercial society.

23.12 The Licensing Authority shall refuse an application for registration if in the period of five years ending with the date of the application—

- an operating licence held by the applicant for registration has been revoked under section 119(1) of the Act, or
- an application for an operating licence made by the applicant for registration has been refused.

23.13 The Licensing Authority may refuse an application for registration if they think that—

- the applicant is not a non-commercial society,
- a person who will or may be connected with the promotion of the lottery has been convicted of a relevant offence, or
- information provided in or with the application for registration is false or misleading.

23.14 The Licensing Authority may only refuse an application for registration after the society has had the opportunity to make representations at a formal hearing. If the Licensing Authority is minded to refuse registration, it will inform the society of the reasons why it is minded to do so and provide it with an outline of the evidence on which it has reached that preliminary conclusion, in order to enable representations to be made.

23.15 Any representations received will be considered at a formal hearing and the following principles will be applied when reaching a decision:

- Whether allowing the registration of the society would be consistent with the Act
- Whether allowing the registration of the society would be consistent with the promotion of the licensing objectives
- Whether allowing the registration of the society would be consistent with any relevant code of practise issued by the Gambling Commission

Promotion of small society lotteries once registered

23.16 Participation in a lottery is a form of gambling, and as such the Licensing Authority requires societies that it registers to conduct their lotteries in a socially responsible manner and in accordance with the Act.

23.17 The Act requires that lottery tickets may only be sold by persons that are aged 16 or over to persons that are aged 16 or over.

23.18 As the minimum age for participation in a lottery is 16, the Licensing Authority expects those societies that it registers to have effective procedures to minimise the risk of lottery tickets being sold to children, including procedures for:

- checking the age of apparently underage purchasers of lottery tickets
- taking action where there are unlawful attempts to purchase tickets.

- 23.19 Lotteries may involve the issuing of physical or virtual tickets to participants (a virtual ticket being non-physical, for example in the form of an email or text message). All tickets must state:
- the name of the promoting society
 - the price of the ticket, which must be the same for all tickets
 - the name and address of the member of the society who is designated as having responsibility at the society for promoting small lotteries or, if there is one, the external lottery manager (ELM)
 - the date of the draw, or information which enables the date to be determined.
- 23.20 The requirement to provide this information can be satisfied by providing an opportunity for the participant to retain the message electronically or print it.
- 23.21 The Licensing Authority expects all registered small society lottery operators to maintain written records of any unsold and returned tickets for a period of one year from the date of the lottery draw.
- 23.22 With regards to where small society lottery tickets may be sold, the Licensing Authority applies the following criteria to all small society lottery operators:
- 23.23 Lottery tickets must not be sold to a person in any street. For these purposes 'street' includes any bridge, road, lane, footway, subway, square, court, alley or passage (including passages through enclosed premises such as shopping malls) whether a thoroughfare or not. Tickets may, however, be sold in a street from a static structure such as a kiosk or display stand. Tickets may also be sold door to door. Licensees must ensure that they have any necessary local authority permissions, such as a street trading licence.
- 23.24 This approach is consistent with the operating licence conditions imposed upon operators of large society lotteries and local authority lotteries.
- Financial Returns
- 23.25 As the purpose of permitted lotteries is to raise money for non-commercial causes, the Act requires that a minimum proportion of the money raised by the lottery is channelled to the goals of the society that promoted the lottery. If a small society lottery does not comply with these limits it will be in breach of the Act's provisions, and consequently be liable to prosecution.
- 23.26 The limits are as follows:
- at least 20% of the lottery proceeds must be applied to the purposes of the society
 - no single prize may be worth more than £25,000
 - rollovers between lotteries are only permitted where every lottery affected is also a small society lottery promoted by the same society, and the maximum single prize is £25,000
 - every ticket in the lottery must cost the same and the society must take payment for the ticket fee before entry into the draw is allowed
- 23.27 The Act sets out the information that the promoting society of a small society lottery must send as returns to the licensing authority with which it is registered, following each lottery held. This information allows the Licensing Authority to assess whether financial limits are being adhered to and to ensure that any money raised is applied for the proper purpose.

23.28 The following information must be submitted:

- the arrangements for the lottery – specifically the date on which tickets were available for sale or supply, the dates of any draw and the value of prizes, including any donated prizes and any rollover
- the total proceeds of the lottery
- the amounts deducted by the promoters of the lottery in providing prizes, including prizes in accordance with any rollovers
- the amounts deducted by the promoters of the lottery in respect of costs incurred in organising the lottery
- the amount applied to the purpose for which the promoting society is conducted (this must be at least 20% of the proceeds)
- whether any expenses incurred in connection with the lottery were not paid for by deduction from the proceeds, and, if so, the amount of expenses and the sources from which they were paid.

23.29 The Act also requires that returns must:

- be sent to the Licensing Authority no later than three months after the date of the lottery draw, or in the case of 'instant lotteries' (scratch cards) within three months of the last date on which tickets were on sale
- be signed (electronic signatures are acceptable if the return is sent electronically) by two members of the society, who must be aged 18 or older, are appointed for the purpose in writing by the society or, if it has one, its governing body, and be accompanied by a copy of their letter or letters of appointment.

23.30 The Licensing Authority allows for returns to be sent to them both electronically and manually. The form of returns required can be downloaded from the Licensing Authority's website.

23.31 Where societies run more than one lottery in a calendar year, the Licensing Authority will monitor the cumulative totals of returns to ensure that societies do not breach the annual monetary limit of £250,000 on ticket sales.

23.32 The Licensing Authority will notify the Commission if returns reveal that a society's lotteries have exceeded the values permissible, and such notifications will be copied to the society in question.

Revocation of a registration

23.33 The Licensing Authority may determine to revoke the registration of a society if it thinks that they would have had to, or would be entitled to, refuse an application for registration if it were being made at that time.

23.34 Revocations cannot take place unless the society has been given an opportunity to make representations at a hearing. In preparation for this, the Licensing Authority will inform the society of the reasons why it is minded to revoke the registration and provide them with the evidence on which it has reached that preliminary conclusion.

23.35 Any representations received will be considered at a formal hearing and the following principles will be applied when reaching a decision:

- Whether allowing the registration of the society to continue would be consistent with the Act
- Whether allowing the registration of the society to continue would be consistent with the promotion of the licensing objectives
- Whether allowing the registration of the society to continue would be consistent with any relevant code of practise issued by the Gambling Commission.

24.0 Exchange of Information

24.1 To ensure the licensing objectives are met, the Licensing Authority will establish a close working relationship with the police, the Gambling Commission and, where appropriate, other responsible authorities.

24.2 Subject to the provisions of relevant data protection legislation, the Licensing Authority will share any information it receives through the application process with the Gambling Commission and any relevant responsible authority. In doing so, the Licensing Authority will have regard to the Act itself, any guidance issued by the Commission and to any Regulations issued by the Secretary of State. People can access personal information that the Licensing Authority holds about them by contacting our Information Management Officer.

24.3 The Licensing Authority is committed to being open about what it does and how the Licensing Authority comes to decisions, in accordance with the spirit of the Freedom of Information Act 2000 (FOIA). An important feature of the FOIA is the requirement for each public authority to produce a publication scheme setting out what information it will publish as a matter of course, how and when it will be published, and whether this information will be free of charge or on payment. Copies of our FOI publication scheme are available on request from our Information Management Officer or via the Council's website www.redditchbc.gov.uk.

24.4 FOIA also provides the public with a general right of access to information held by public authorities, and subject to exemptions, to be supplied with a copy of that information. Individual requests should be made in writing to the Information Management Officer or via the Council's website.

24.5 Unless restricted by the Gambling Act, details about applications, licences and representations will be made available in our public register. Representations that the Licensing Authority accepts will be copied in their entirety to applicants, to provide an opportunity for mediation and to ensure that the rights of the applicant are not compromised.

25.0 Enforcement Protocols

- 25.1 The main enforcement and compliance role for the Licensing Authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operator and personal licences and will also take the lead role on the investigation and where appropriate, the prosecution of illegal gambling. Any concerns about manufacture, supply or repair of gaming machines will not be dealt with by the Licensing Authority but will be notified to the Gambling Commission.
- 25.2 The Licensing Authority will work with the Commission, the Police and other enforcing authorities, having regard to any specific guidance produced by the Gambling Commission, relevant codes of practice, the licensing objectives and this statement of principles, to provide for the targeting of agreed problem or high-risk premises. A lighter touch will be applied to those premises which are shown to be well managed and maintained.
- 25.3 The overall aim is to permit the use of premises for gambling. With that in mind it is intended that action will generally be taken against 'problem' premises through the licence review process.
- 25.4 We will also have regard to the Regulators' Code whilst carrying out our regulatory functions.
- 25.5 The Licensing Authority will endeavour to be proportionate; accountable; consistent; transparent and targeted, as well as avoiding duplication with other regulatory regimes so far as possible.
- 25.6 In order to ensure compliance with the law, the Licensing Authority will prepare a risk based inspection programme and will carry out regular 'routine' day time programmed inspections, based on risk assessment in the categories High, Medium and Low and will also carry out 'non routine' evening programmed inspections. Where a one off event takes place under a temporary use notice or occasional use notice, the Licensing Authority may also carry out inspections to ensure the licensing objectives are being promoted.
- 25.7 High-risk premises are those premises that have a history of complaints and require greater attention with low risk premises needing only a lighter touch so that resources are effectively concentrated on problem premises.

26.0 Reviews

- 26.1 A review of a premises licence can be requested by interested parties or responsible authorities, however, the Licensing Authority will decide if the review is to be carried out on the basis of the following:
- In accordance with any relevant Code of Practice and/or guidance issued by the Gambling Commission
 - Consistent with the licensing objectives
 - In accordance with our statement of principles.
- 26.2 The Licensing Authority will also consider whether or not the request for a review is frivolous, vexatious, or repetitious or whether the Licensing Authority would wish to alter/revoke or suspend the licence.

- 26.3 The Licensing Authority can also initiate a review of a premises licence on the basis of any reason which the Licensing Authority think is appropriate, including if a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.
- 26.4 Once a valid application for a review has been received by the Licensing Authority, representations can be made by responsible authorities and interested parties during the statutory consultation period. The purpose of the review will be to determine whether the Licensing Authority should take any action in relation to the licence. The options available are:
- add, remove or amend a licence condition;
 - remove or amend a default condition, such as opening hours;
 - suspend the premises licence for a period not exceeding 3 months;
 - revoke the licence.

DRAFT

REDDITCH BOROUGH COUNCIL EQUAL OPPORTUNITIES STATEMENT

This statement is intended to operate within the Council's commitment to equalities and diversity including:

- Equal treatment regardless of race, gender, age, disability, sexual orientation, religion or belief, with reasonable adjustments where necessary in line with the Disability Discrimination Act.
- Working to eliminate **unlawful** discrimination.
- **Promoting equal opportunities**
- Promoting community cohesion, **including good relations between people from different racial groups**.
- Providing reasonable access to interpretation or support on request.
- Responding to the needs of all, and working to engage all sections of the community.

This statement will be assessed as part of a rolling programme of reviews to ensure that it does not have a detrimental or disproportionate effect on any group. Any concerns that the policy is operating in a way that could be construed as discriminatory should be passed to the responsible Manager and will be dealt with as part of the official Complaints Procedure, in line with the Council's Equality Schemes.

LICENSING COMMITTEE7th October 2024**MANDATORY SAFEGUARDING AWARENESS TRAINING FOR LICENSED HACKNEY CARRIAGE AND PRIVATE HIRE DRIVERS**

Relevant Portfolio Holder	Councillor Stringfellow
Portfolio Holder Consulted	No
Relevant Head of Service	Simon Wilkes – Head of Worcestershire Regulatory Services
Wards Affected	All Wards
Ward Councillor Consulted	N/A
Non-Key Decision	

1. SUMMARY OF PROPOSALS

- 1.1 This report highlights a recent review of the Council's current training requirements for those that are licensed to drive hackney carriage and / or private hire vehicles.
- 1.2 Members are asked to direct officers to undertake a consultation with relevant stakeholders and the public on whether to introduce a requirement that all such licence holders have to undertake mandatory safeguarding awareness training when renewing their licences in the future.

2. RECOMMENDATIONS**2.1 Members are asked to RESOLVE;**

To direct officers to undertake a consultation with relevant stakeholders and the public on whether to introduce a requirement that takes effect from 1 July 2025, that all those who hold a licence issued by the Council authorising them to drive hackney carriage and / or private hire vehicles have to undertake mandatory safeguarding awareness training before renewing their licences.

3. KEY ISSUES**Financial Implications**

- 3.1 The costs involved in carrying out the consultation would be met from existing budgets held by Worcestershire Regulatory Services.

LICENSING COMMITTEE7th October 2024

- 3.2 The costs of the safeguarding awareness training itself will need to be met by the licence holder. Officers are working closely with the training provider to keep costs to a minimum and to ensure that the amount charged is only as much as is required to achieve cost recovery. It is anticipated that the cost of the training per licence holder will be in the region of £20.

Legal Implications

- 3.3 The Statutory Taxi and Private Hire Standards have been published by the Department for Transport under the powers set out in section 177 of the Policing and Crime Act 2017.
- 3.4 Consultation on the proposals referred to in this report to amend Council's policy will be undertaken. It is proposed that the consultation will take place with licence holders, relevant stakeholders, and the general public over a 12-week period.
- 3.5 Appropriate consultation on any proposals to amend the Council's policies minimises the risk of legal challenge if the proposals are subsequently implemented.
- 3.6 The Department for Transport "Taxi and Private Hire Vehicle Licensing: Best Practice guidance" further states:

"It is good practice for local authorities to consult about any significant proposed changes in licensing rules. Such consultation should include not only the taxi and PHV trades but also groups likely to be the trades' customers. Examples are groups representing disabled people, or Chambers of Commerce, organisations with a wider transport interest (eg the Campaign for Better Transport and other transport providers), women's' groups or local traders"

Service / Operational Implications

- 3.7 In 2021 a review of all the Council's hackney carriage and private hire licensing policies was undertaken in response to the publication by the Department for Transport of guidance under section 177 of the Policing and Crime Act 2017 entitled "Statutory Taxi & Private Hire Standards." This work resulted in the production of a new draft hackney carriage and private hire licensing policy, which the Council implemented in September 2022.

LICENSING COMMITTEE7th October 2024

- 3.8 This legislation was primarily prompted by the Jay and Casey reports on child sexual abuse and exploitation (CSAE) in Rotherham. Both reports highlighted examples of taxi/private hire vehicle drivers being directly linked to children that were abused, including instances when children were picked up from schools, children's homes or from family homes and abused or sexually exploited.
- 3.9 As part of the changes implemented in September 2022 the Council introduced a 'Competency Certificate' which all 'new' drivers are required to undertake. This certificate comprises of training on safeguarding, disability, equality, and many other aspects of training deemed necessary in order to apply for a new licence.
- 3.10 Anyone licensed prior to this date and who continues to apply to renew their licence are only asked to undertake safeguarding training on a voluntary basis. This has in effect created an uneven playing field.
- 3.11 Addressing the issues of child sexual exploitation and protection of the vulnerable remains a priority and a matter of great importance for the community and the Council. In respect of child sexual exploitation (CSE), for example, appropriately trained licensed drivers can assist in identification of incidents and persons of concern.
- 3.12 Safeguarding is the process of protecting children and adults at risk from harm, preventing impairment to their health and development, which includes keeping them safe from neglect, and physical, emotional, and sexual abuse. However, currently the Council now has licensed drivers with different levels of knowledge in these areas of importance.
- 3.13 The Council has the responsibility of licensing both the hackney carriage and private hire drivers to protect the public. The procedures that exist, and the process for obtaining a licence, are therefore in place to ensure each applicant is 'fit and proper' to hold a licence.
- 3.14 The safeguarding of children, young people and adults at risk is vital and the Council want to strengthen safeguarding practice and raise awareness and standards within taxi licensing. License holders are the critical 'eyes and ears' of the community and often encounter people who may be vulnerable.
- 3.15 In 2018 Licensing officers worked with partners across Worcestershire and offered a programme of child exploitation training (CSE) for all taxi drivers free of charge but on a voluntary basis. The take up of this training across the County was around 75%.

LICENSING COMMITTEE7th October 2024

- 3.16 Research by officers has found that many neighbouring authorities and local authorities across the country used the implementation of the statutory standards as an opportunity to implement mandatory safeguarding training for their licence holders.
- 3.17 The Council did not do this at the time as intelligence data (including that from key partner agencies) did not indicate the presence of a live or emerging issue. Although this remains the case, the council recognises the role and responsibility that taxi and private hire drivers have in the economy and community, and it is important that the council proactively does all that it can to ensure drivers are aware of their safeguarding responsibilities.
- 3.18 As part of the consultation process for the introduction of a competency certificate in 2021, the feedback responses from stakeholders were favourable for new driver training to be implemented and officers would hope this would still remain the case today.
- 3.19 Feedback from drivers that have undertaken the competency certificate have been overall positive and pass rates have remained high with the number of people having to re-set the training being limited. Most drivers have taken away knowledge and guidance that they otherwise would not have known without undertaking the training.
- 3.20 Officers believe that the safeguarding module of the current training program for new driver should be rolled out to all drivers including existing licensed drivers that have not undertaken the competency certificate.
- 3.21 The proposal that officers believe would cause the least disruption to drivers and be the most efficient way to implement is set out in a draft revised extract from the Council's current Hackney Carriage and Private Hire Licensing Policy, which can be seen at **Appendix 1**.
- 3.22 Paragraph 2.9.7 has been inserted into the existing policy document under the 'specified requirements for existing licence holder renewals' and reads:
- "With effect from 1st July 2025, each time a licence holder renews their licence they must undertake safeguarding training delivered by the Council's approved training provider prior to submitting their renewal application."*
- 3.23 Consultation responses would come back to this Committee after the consultation exercise has taken place so that the responses can be considered by Members before any final decision is made in respect of the proposal.

LICENSING COMMITTEE7th October 2024

- 3.24 In light of these timescales' officers are proposing the commencement date of the 1st July 2025 allowing relevant drivers enough lead in time to book and undertake training before that date.

4. RISK MANAGEMENT

- 4.1 There is a possible reputational risk to the Council, as the new hackney carriage and private hire licensing policy, introduced in September 2022, only introduced the Competency Certificate to new drivers. Although it was not intended to cause any issues the Council may want to mitigate any risk by ensuring all drivers are in some way exposed to safeguarding training to protect the travelling public.
- 4.2 When introducing new, or amending existing Council policy, it is recommended that public consultation is undertaken on that policy, to minimise any risk of legal challenge.

5. APPENDICES

Appendix 1 – Draft Revised Extract from Hackney Carriage and Private Hire Licensing Policy

2.9.0 Application Requirements – Applicants Renewing a Licence

- 2.9.1 An applicant seeking to renew a licence to drive hackney carriage and/or private hire vehicles must:
- Continue to benefit from the right to work in the United Kingdom (UK)
 - Be deemed by the Council to remain a “fit and proper person” to hold a licence
- 2.9.2 Before a licence to drive hackney carriage and/or private hire vehicles can be renewed, the applicant must have submitted all of the following:
- Completed application form
 - A valid DVLA licence check code
 - Application fee
 - A recent passport sized photograph of themselves
- 2.9.3 In addition, any person who has lived outside of the UK for a period of three or more continuous months since their last licence was issued, must provide criminal records information or a “Certificate of Good Character” from each country outside the UK in which they have lived.
- 2.9.4 In addition any person renewing their licence for the first time after they reach the age of 45, 50, 55 or 60, must provide a copy of the Council’s prescribed medical fitness certificate, which has been completed by one of the medical practitioners that the Council has approved for this purpose.
- 2.9.5 Once a licence holder reaches 65 years of age they will be required to provide a copy of the Council’s prescribed medical fitness certificate, which has been completed by one of the medical practitioners that the Council has approved for this purpose on an annual basis.
- 2.9.6 Those applying to renew a licence to drive hackney carriage and/or private hire vehicles must demonstrate that they have either obtained the Worcestershire Taxi and Private Hire Competency Certificate or undertaken approved refresher training in disability awareness in the preceding 3 years.
- 2.9.7 With effect from 1st April 2025 each time a licence holder renews their licence they must undertake safeguarding training delivered by the Council’s approved training provider prior to submitting their renewal application.**
- 2.9.8 If an application to renew a licence to drive hackney carriage and/or private hire vehicles is received more than 14 days after the previous licence has expired, the applicant will be treated as if they were applying for a licence to drive hackney carriage and/or private hire vehicles for the first occasion.
- 2.9.9 Licences to drive hackney carriage and / or private hire vehicles will normally be issued for a period of 3 years and will then expire. Licences of a shorter duration may be issued when the licensing authority thinks it is appropriate in the specific circumstances of the case, or where required (e.g. when the licence holder’s leave to remain in the UK is time-limited).

Licensing Committee

Monday, 15th July, 2024

MINUTES

Present:

Councillor David Munro (Chair), Councillor Sachin Mathur (Vice-Chair) and Councillors Juliet Barker Smith, Brandon Clayton, Matthew Dormer, Sharon Harvey, Gary Slim, Jen Snape, Monica Stringfellow and Paul Wren

Officers:

Vanessa Brown and Dave Etheridge

Democratic Services Officers:

Gavin Day

1. APOLOGIES

Apologies for absence were received from Councillor Sid Khan.

2. DECLARATIONS OF INTEREST

There were no declarations of interest.

Councillors Harvey and Slim wished it noted that they were Ward Members for the Central Ward which Agenda item 4 (Minute No4) Fell under. However, they did not consider themselves prejudiced and would continue to sit for the item.

3. PUBLIC SPEAKING

There was no public speaking.

4. UNICORN HILL TAXI RANK

The Principal Licensing Officer, Worcestershire Regulatory Services (WRS), presented the report to Members. The purpose of the report was for Members to resolve whether to direct Officers to undertake the required legal process in respect of the hackney carriage stand orders along Unicorn Hill.

Officers detailed that at the November Licencing Committee, Members instructed Officers to undertake the required public consultation process. Officers clarified that as the plans had been out for consultation Members were invited to either accept or reject

Chair

Licensing Committee

Monday, 15th July, 2024

the proposal, as amendments to the plan relating to the rank could not be made.

Officers detailed the changes which were proposed for the Unicorn Hill Taxi Rank in that:

- The Current 85m 24-hour taxi rank would be reduced to 36m (Approx 7 parking spaces) which would be at the bottom end of unicorn hill, the location was requested by the Taxi trade following consultation.
- There would be a further 36m section which would be designated as short stay parking between 8am to 6pm. This would revert to a taxi rank between 6pm and 8am. The total size of the taxi rank for this period of time would be 72m.
- There would then be a 13m disabled parking area for blue badge holders.
- There would be a 13m dedicated for delivery loading/offloading after the existing taxi rank area.

Following anecdotal observations, data was sought and provided by CCTV operations in the area over a 28day period, the information was detailed on page 35 of the public reports pack. The CCTV evidence showed that the maximum occupancy throughout the daytime was 6 vehicles, which increased to 8 during the evening.

Officers drew Members attention to objections raised by The Redditch Taxi Association (RTA) and a number of individuals, found on pages 17 to 33 of the Public Reports pack.

Officers highlighted that many of the complaints were in relation to enforcement matters, it was hoped that the reassigning of unicorn hill would reduce some of those concerns.

The following was clarified by Officers during questions from Members:

- That the law did not permit the ANPR Cameras to be used to enforce parking on Unicorn Hill.
- That there were 521 taxi vehicle licence holders (both Private and Hackney carriage) licenced by Redditch Borough Council. All had been invited to comment.
- Members were free to call a review at any point and making a decision had no impact on that.
- There was no similar data exercise undertaken during the summer months, to identify if there was a difference during time of year. The CCTV evidence was requested to corroborate the anecdotal observations.

Licensing Committee

Monday, 15th July, 2024

- There would be appropriate signage in place to indicate the dual nature of the short stay parking area. The change would also be highlighted to the RTA and relevant licence holders.
- Officers detailed that Hackney Carriage vehicles also had the Bus station and Queens Street ranks. Both were also underused, although the Bus station appeared to be the busier location.
- Customer trends had gradually changed over the last 15 years with more customers using app-based taxi providers to collect from their location rather than walking to the closest taxi rank.
- That considering the consultation process, Members would not be able to amend the plans as that would require the process to be undertaken again, therefore Members would only be able to accept or refuse the proposal.

Members then debated the report.

Members noted that main issue identified was that of enforcement of the illegal parking which would need to be investigated, however it was accepted that this was beyond the Licencing Committee's remit.

Members had differing concerns with various aspects of the proposal including the space allocated as a 24hour taxi rank, the inclusion of the Delivery loading/unloading area and the Blue badge area, however, Members were reminded that due to the consultation process the decision for Members was to accept or refuse only.

Although Members did not agree on the specifics in places, there was broad agreement that the taxi Rank needed to be reviewed and that some short stay parking would be welcomed by local businesses.

On being put to a vote it was:

RESOLVED that

the Licensing Committee instructed Officers to undertake the required legal processes to make, alter or revoke any Hackney Carriage Stand Orders in respect of Unicorn Hill.

5. GAMBLING ACT 2005 - STATEMENT OF PRINCIPLES REVIEW

The Principal Licensing Officer, Worcestershire Regulatory Services (WRS), presented the report to Members. The purpose of the report was for Members to approve the DRAFT statement of Principles, to go out for consultation.

Officers detailed that under the 2005 Gambling Act, the Council was required to publish a statement of principle which needed to be reviewed and updated every 3 years.

A new policy needed to be published before January 2025, therefore, Officers were asking Members to approve the DRAFT statement of principles for the purpose of going out for consultation.

The changes which were needed were detailed at paragraph 3.16 on Page 42 of the Public Documents pack.

Officers clarified that a review could be undertaken within the 3-year period and that due to a number of possible upcoming changes at a government level, the policy may need to come back to members before January 2028.

The following was clarified after questions from Members.

- The list of consultees could be found at paragraph 3.20 on page 42 of the Public Reports pack.
- That following the Licencing Committees approval, the matter would need to go to Full Council for determination.
- That it was not possible to delay the consultation pending the outcome of the governmental review as it was mandated under the 2005 Gambling act that an authority must have a policy in place and must review every 3 years.
- That although there was not a timescale, it was not expected that the policy would need to be reviewed within 12 months.

On being put to a vote it was

RESOLVED that

the draft revised Statement of Principles detailed on pages 45 to 79 of the Public Reports pack be approved for the purpose of consultation with relevant parties.

6. DRAFT PAVEMENT LICENSING POLICY

The Principal Licensing Officer, Worcestershire Regulatory Services (WRS), presented the report to Members. The purpose of the report was for Members to approve the DRAFT policy on Pavement Licencing, to go out for consultation.

Officers detailed that although the 1980 Highways act permitted pavement licencing, it was the responsibility of the County council to grant.

Licensing Committee

Monday, 15th July, 2024

During the COVID-19 pandemic a temporary policy was put in place to allow businesses to put tables and chairs on the pavement to allow them to continue trading whilst maintaining social distancing guidance. This policy transferred the responsibility of granting licences to District Councils.

The temporary policy was highly successful and was extended beyond its original intended finish date, it was then decided to adopt the regime on a permanent basis.

When referring to the policy found on pages 87 to 110 of the Public Reports pack, Officers drew attention to the increase in consultation and decision-making time permitted from 7 days to 14 days and that there were also some new enforcement powers permitted under the policy.

Officers detailed that as it was a new policy, a longer consultation was proposed of 8 to 10 weeks which would give any interested party time to respond.

The following was clarified after questions from Members.

- That decisions would be made by WRS, who were delegated to act by Redditch Borough Council.
- Due to the short consultation and decision period of 14 days each it was not practical for decisions to be made by Members and would therefore be made by Officers.
- The list of consultees who would be contacted about individual applications was found at paragraph 4.3 on page 94 of the Public Reports pack, this included any relevant ward Members.

Members found no issues with the draft policy and were broadly in support of going out to consultation. Therefore, on being put to a vote it was

RESOLVED that

the draft Pavement Licencing Policy detailed on pages 87 to 110 of the Public Reports pack be approved for the purpose of consultation with relevant parties.

7. WORK PROGRAMME

The work programme was reviewed by Members with no changes or additions and was noted by the Committee.

Licensing Committee

Monday, 15th July, 2024

8. MINUTES

The Public and Private minutes of the Licensing Committee of 4th March 2024 were presented to Members.

RESOLVED that

The minutes of the Licensing Committee held on the 4th March 2024 were approved as a true and accurate record and signed by the Chair.

9. EXCLUSION OF THE PUBLIC AND PRESS

RESOLVED that

Under S100 A (4) of the Local Government Act 1972, as amended by the Local Government (Access to Information) (Variation) Order 2006, the public were excluded on the grounds of the disclosure of exempt information as defined in paragraphs 1, 2, 3 and 7 of Part 1 of Schedule 12 of the said act, as amended.

10. OFFICER UPDATE(S) - ENFORCEMENT AND APPEAL MATTERS

Restricted.

The Meeting commenced at 7.00 pm
and closed at 8.30 pm

By virtue of paragraph(s) 1, 2, 3, 7 of Part 1 of Schedule 12A
of the Local Government Act 1972.

Document is Restricted
