Foreword

It gives me great pleasure to introduce the first Partnership Plan of the newly formed North Worcestershire Community Safety Partnership (CSP).

This North Worcestershire partnership will continue to build on the efforts and achievements of the previous district CSPs and we believe that by coming together on a more formal, statutory basis we have put ourselves in a stronger position to respond to any forthcoming challenges in the arena of community safety and crime reduction.

There has already been significant change to our way of working, for example the dissolution of Police Authorities and the election of Police and Crime Commissioners, the move away from central government control towards localism and significant changes within health services that have created a new CSP responsible authority in Clinical Commissioning Groups.

North Worcestershire CSP is believed to be the first in the country to have officially merged following the signing of a combination agreement by a PCC and this new arrangement means that organisations are better placed to work together to reduce crime, disorder and anti-social behaviour affecting local communities; avoiding duplication, sharing resources and expertise and promoting good practice across the whole of North Worcestershire.

Inevitably this plan has been developed at a time of substantial economic change. Budgets across the public sector continue to reduce dramatically and our partners will need to identify significant savings in the forthcoming years whilst continuing to provide and maintain high quality services that meet the needs of customers and users. Whilst this will no doubt present some challenges, our partnership can take great pride in a successful history of joint working and collaboration.

The foundations of North Worcestershire CSP are built on 3 district partnerships that have a proven track record of identifying and channelling external and mainstream funding toward community safety initiatives. Our partners will continue to work together to improve safety across the area, identifying the most serious crime and community safety problems that affect our communities and allocating resources effectively to solve those issues.

Within this economic context we should never forget the emotional costs of crime, anti-social behaviour, drug and alcohol misuse which are borne by victims, their families and local communities. For example, research suggests that the measurable cost of a single residential burglary offence to the householder and the Criminal Justice System is in the region of £3,500. However, we also know that the impact of that crime on the victim and their family can be a deeply traumatic and life altering experience and that is something that it is impossible to put a price on.

Our planned work for the next three years is based on five priorities, with proposed actions for each set out in greater detail later in this document:

- To maintain low crime levels and improve public confidence
- Reducing the impact of alcohol and drugs misuse on communities

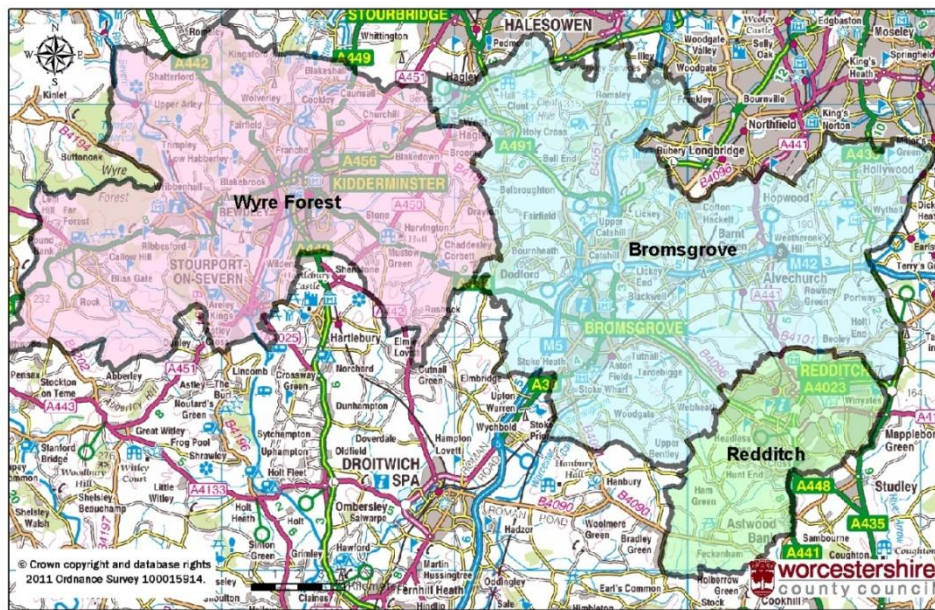

- Reducing Domestic Abuse and Safeguarding Vulnerable People
- Reducing re-offending
- Reducing Anti Social Behaviour

Community Safety Partnerships were introduced in recognition of the fact that the causes of crime, anti-social behaviour, drug and alcohol misuse and environmental disorder are varied and complex. We recognise that the solutions to these problems will require innovation, shared expertise and high levels of co-operation and teamwork. We also recognise that the rich diversity amongst our communities in North Worcestershire may require different approaches and solutions to be applied in different areas to meet the needs of those most at risk but ultimately the outcome achieved will be the same.

A North Worcestershire that is safe, secure and vibrant for all residents, businesses and visitors.

Sue Hanley
Chair, North Worcestershire Community Safety Partnership

About North Worcestershire

Map Of North Worcestershire Showing Individual Districts

Produced by Emma Clark on behalf of the R&I Unit, June 2012

(This information has been taken from a variety of data sources including the ONS, CACI, West Mercia Police, Department of Work & Pensions and the 2011 Census figures.)

North Worcestershire is located in the county of Worcestershire, in the West Midlands region. It comprises Bromsgrove, Redditch and Wyre Forest, with a mix of towns, villages and rural areas covering 178 square miles. The 2011 Census estimates North Worcestershire's population is approximately 275,826, with an estimated 115,997 households. By gender this can be broken down into 49% males and 51% females. The average age of someone living in North Worcestershire is 41.4 years, compared to an average age of 39.4 years in England and Wales.

In North Worcestershire 18% of the population is under 16, 63% are 16-64 and 19% are over 65 years of age. 92.1% of the population is classified as White British. The remaining 7.9% are from ethnic groups other than White British including White Other, Asian, African, Caribbean and Chinese.

Crime and Disorder

North Worcestershire is one of the safest parts of the country to live, work and visit. There has been a significant reduction in crime and anti-social behaviour over the years. However we recognise that there are perceptions that people may not feel reassured that this is necessarily the case. We know that there is always more that can be done to make people feel and be safer and to improve community wellbeing, particularly around supporting and protecting the most vulnerable people in our society.

North Worcestershire Community Safety Partnership

North Worcestershire CSP was formed in April 2013 and brings together and replaces the original CSPs in Bromsgrove, Redditch and Wyre Forest, which had been in place since 1998 as a result of the Crime and Disorder Act. The partnership covers the whole area within Bromsgrove, Redditch and Wyre Forest Councils' administrative boundaries.

The Crime and Disorder Act 1998, amended by the Police Reform Act 2002, makes it a statutory duty for certain organisations (known as responsible authorities) to work in partnership to develop strategies to reduce reoffending, tackle crime and disorder, anti social behaviour, alcohol and substance misuse and any other behaviour, which has a negative effect on the local environment.

The purpose of the North Worcestershire CSP is to provide a strategic and co-ordinated approach between agencies and communities across the area to address local community safety issues. Our vision is: 'Keeping North Worcestershire a safe place to live, work and visit.' This vision is underpinned by the following aims:

- To address the wider causes of crime and fear of crime
- To encourage community cohesion
- To reduce alcohol related harm
- To identify opportunities to reduce substance misuse
- To promote a community where domestic abuse and the fear of domestic abuse is not tolerated
- To promote a community where hate crime is unacceptable and those victims of hate crime are supported
- To provide effective, strategic leadership generating effective partnership working
- To deliver measurable outcomes

Statutory Requirements for CSPs

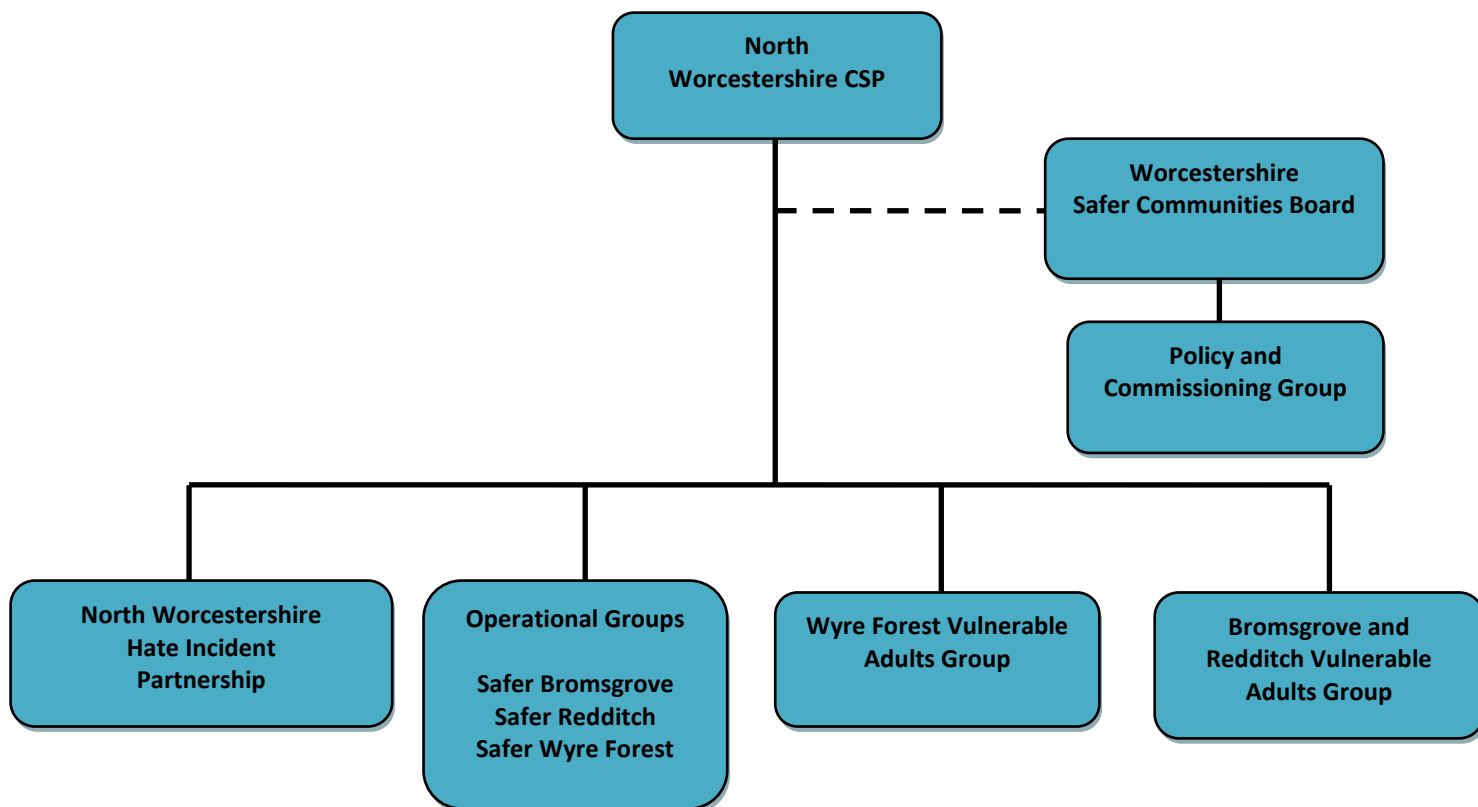

In recent years CSPs have been given much more freedom and flexibility regarding how they operate and manage performance. The statutory duties of CSPs are to:

- Undertake a Strategic Assessment and to produce a three year rolling Partnership Plan, revised annually.
- Hold one or more public meetings on an annual basis, to be attended by all responsible authorities at a senior level.
- Determine whether a Domestic Homicide Review should be conducted. The CSP Chair is responsible to the Home Office regarding this duty.

What is the Partnership Plan?

The plan is a three year document which is refreshed on an annual basis. The plan outlines the Partnership priorities, which are determined by a process called the Community Safety Strategic Assessment. In determining the priorities, the assessment considers a range of data and intelligence from different sources, such as police crime figures, anti social behaviour data and findings from public consultation.

Structure of the NWCSPP

Safer Communities Board

In Worcestershire, community safety is strategically co-ordinated through the Safer Communities Board (SCB). The SCB also oversees a number of strategic groups including Domestic Abuse and Sexual Abuse Forums and the Integrated Offender Management (IOM) Strategic Group. North Worcestershire CSP is represented in all levels of the SCB and provides performance monitoring and reports to the SCB Policy and Commissioning Group.

North Worcestershire CSP

North Worcestershire CSP is a strategic group which brings together the responsible authorities and other partners across the area. It is responsible for monitoring and evaluating the implementation of the Partnership Plan, submitting bids for external funding to support delivery of the Partnership Plan, linking the work of the CSP to other bodies wherever required and identifying support required to progress delivery of the Partnership Plan.

North Worcestershire Hate Incident Partnership

The North Worcestershire Hate Incident Partnership aims to tackle all forms of hate crime and targeted harassment across North Worcestershire. The Partnership was established in July 2012 following a merger of Bromsgrove Hate Incident Partnership, Redditch Anti Harassment Partnership and Wyre Forest Hate Incident Partnership. It includes representatives from a number of statutory, voluntary and community organisations including Redditch Borough Council, Bromsgrove District Council, Wyre Forest District Council, Local Registered Social Landlords, West

Mercia Police, West Mercia Probation Trust, Youth Offending Teams and Victim Support.

The Partnership meets regularly to monitor reports received through the Hate Incident Reporting Scheme, discuss harassment cases that have been referred by local agencies and identify appropriate support to victims and witnesses. The Partnership also provides a forum for organisations to share best practice.

District Operational Groups

Delivery on the ground is at the heart of the North Worcestershire CSP and local operational groups known as Safer Bromsgrove, Safer Redditch and Safer Wyre Forest ensure that local issues and concerns remain at the centre of the new Partnership's priorities, projects and campaigns. The groups are responsible for delivering local actions from the Partnership Plan.

They discuss community safety issues brought to their attention and use a problem solving approach to identify effective actions to address these and allocate resources accordingly. They also promote public reassurance and engage with the media on different aspects of local community safety actions.

Vulnerable Adults Groups

Two groups exist in North Worcestershire, one for Bromsgrove and Redditch and one for Wyre Forest. They are co-ordinated by the respective councils for the areas. Multi agency panels come together to look at repeat concerns about an individual's vulnerability and behavioural issues in their local area.

Strategic Assessment

The Strategic Assessment is an analysis of the levels and patterns of crime and disorder and substance misuse in the area and the priorities the CSP should adopt to address those matters. In determining the priorities the CSP has also taken into account the government's community safety priorities, those of the PCC and the countywide priorities as led by the Safer Communities Board.

	<i>West Mercia Police & Crime Plan Objectives</i>	<i>Worcestershire Community Safety Agreement Priorities</i>	<i>North Worcestershire Strategic Assessment</i>
Priorities	Reduce the volume of violent crime with an emphasis on addressing the harm caused by alcohol through partnership working	Drugs & Alcohol	Common themes identified across the areas are alcohol and the night time economy, young people and alcohol, drinking at home and domestic violence, drug related re-offending and violent crime and domestic abuse linked to drug and alcohol use.
	Reduce the harm caused by drugs with a focus on treatment and targeting those that cause the most harm		
	Work in partnership to protect the most vulnerable people in our society	Domestic Violence and Safeguarding Vulnerable People	Common themes across the areas are alcohol and drug users, young people prone to anti-social behaviour or alcohol/drug use, victims of domestic violence, vulnerable people subjected to targeted harassment, violence and domestic burglary and/or criminal damage.
	Reduce the volume of anti-social Behaviour incidents	Anti-social Behaviour	Common themes across the areas are youth and alcohol related anti-social behaviour, or harassment of vulnerable people. Negative perceptions of anti social behaviour. Operation StaySafe was a North Worcestershire operation to identify young people acting in an anti-social way or using alcohol or drugs. They were removed to a safe place where professionals can refer them and their guardians to the appropriate services
	Bring offenders to account and reducing re-offending	Reducing Re-offending	Linked to main offence types of; shoplifting, assaults, drug offences, and criminal damage. Differences amongst specific areas alter the focus in each district. Key priorities are to identify and understand the local problem in order to effectively target resources at combating the issue and align local needs with Integrated Offender Management aims at a county level
	To meet the needs of the Strategic Policing Requirement - Preventing Violent Extremism	Preventing Violent Extremism	Common theme across all local areas to raise awareness and promote training packages. Tackled according to County level guidance, little geographic variation

North Worcestershire Community Safety Partnership Priorities

Over recent years there has been a significant reduction in crime and disorder across North Worcestershire and in the majority of areas resident perceptions of crime, anti social behaviour and the safety of their local neighbourhood continues to improve. However, there are places in North Worcestershire where crime and the fear of crime are higher than in other locations. In order to build on the significant progress already made by the previous district partnerships, North Worcestershire CSP must continue to prioritise those issues of most concern to our local communities and target resources effectively. The issues that we plan to prioritise during 2013/16 are:

- To maintain low crime levels and improve public confidence
- Reducing the impact of alcohol and drugs misuse on communities
- Reducing Domestic Abuse and Safeguarding Vulnerable People
- Reducing re-offending
- Reducing Anti Social Behaviour

Priority: To maintain low crime levels and improve public confidence

- All crime and disorder whether serious crimes or low level incidents directly or indirectly impacts upon individuals and communities, affects health and wellbeing and can damage people's quality of life.
- Often the fear of crime affects people's well-being as much as their experience of actual crime as this often affected people's ability to play a full and active part in their communities and compromises the independence of vulnerable people.
- Reducing crime and anti-social behaviour requires a careful balance between reducing recorded incidents, encouraging reporting and addressing the negative perceptions of those who believe crime is worse than it really is.
- The Prevent Strategy continues to remain a priority within Worcestershire, the primary focus continues to be around training and awareness raising and ensuring that all partner agencies have access to training packages.

What was achieved in 2012/13?

- Progress continued to be made in reducing the levels of crime and disorder in North Worcestershire.
- Total recorded crime down by 19%, 3514 fewer offences for 2012/13. This continues the downward trend as seen in recent years.
- ASB incidents recorded by West Mercia Police reduced by 11.1%, 1548 fewer incidents for 2012/13.
- Successful delivery of a variety of district specific community safety projects and initiatives through established CSP operational group action plans.

- Effective Home Security Schemes, which support victims of crime and vulnerable people, continue in each district.

Objectives for 2013/14

- Deliver crime prevention initiatives to reduce crime.
- Co-ordinate community safety campaigns in response to key issues; to support crime reduction initiatives and reinforce positive messages about community safety in the area.
- Develop and implement a programme of community consultation and engagement to provide reassurance to communities and address fear of crime and community concerns.
- Prevent violent extremism by providing appropriate training and awareness raising packages to relevant audiences.

Measures 2013/14

- We will measure our success by monitoring and responding accordingly to:
 - Total Recorded Crime
 - Number of Dwelling Burglary offences
 - Number of Non dwelling burglary offences
 - Number of Theft from a motor vehicle offences
 - Number of Theft of a motor vehicle offences
 - Number of Robbery offences
 - Number of Shoplifting offences
 - Number of Prevent training packages delivered
 - Outcomes of the specific projects funded by the partnership
 - We will develop suitable measures regarding public confidence and reassurance

Priority: Reducing the impact of alcohol and drugs misuse on communities

- Drug and alcohol misuse can have negative social, economic, health and community safety impacts affecting users, their families and wider communities.
- Providing effective drug and alcohol treatment is important to support crime prevention and reoffending where substance misuse is an underlying problem.
- The night time economy (NTE), primarily consisting of pubs, night clubs and fast-food outlets is often a focus for alcohol related crime and disorder including violent offences, criminal damage and sexual assaults.
- Binge Drinking and 'Pre-Loading' (drinking at home or in a public place before going out) are drinking practices which can lead to a higher risk of crime or being victimised and also place an increased burden on public services such as policing, enforcement, transport and street cleansing.

What was achieved in 2012/13?

- Supported Street Pastors to be established in Bromsgrove and Wyre Forest.
- Supported and promoted targeted operations and key campaigns around responsible drinking throughout the year.
- Co-ordinated and implemented Redditch Town Centre improvements including improved CCTV, street lighting and landscaping.
- Support provided to local pub watch schemes and licensees associations.
- Welcomed CRI Pathways to Recovery services to North Worcestershire, providing services to reduce harm and promote recovery from substance misuse.

Objectives 2013/14

- Reduce the harmful effects of drugs and alcohol on the night time economy, on young people in public places, and on relationships.
- Continue to work with local Licensee Associations and Worcestershire Regulatory Services and to promote a safe, responsible Night Time Economy across North Worcestershire.
- Continue to work with and support CRI Pathways to Recovery and other local Drug and Alcohol Service providers to promote access to support for those seeking help for substance misuse.
- Promote and support educational campaigns to target proxy sales and other forms of inappropriate supply of alcohol to young people.

Measures 2013/14

- We will measure our success by monitoring and responding accordingly to:
 - The number of alcohol related recorded crimes
 - The number of alcohol related admissions for under 18s
 - The percentage of service users completing a Structured Alcohol Recovery Programme

- The percentage of service users completing a Structured Drug Recovery Programme
- The number of Night Time Economy related crimes occurring within town centre areas between 8pm and 5:59am
- The number of assault without injury offences
- The number of violence against the person with injury offences
- The outcomes of the specific projects funded by the partnership

Priority: Reducing Domestic Abuse and Safeguarding Vulnerable People

- Research shows that certain crimes such as those involving Domestic Abuse or Hate are often hidden crimes that are significantly under-reported for a variety of reasons. The Partnership is committed to ensuring that those people whose voices are not heard but are most in need should be a key focus of our attention.
- In the Government's national strategies to tackle Domestic Abuse and Sexual Violence, and Hate Crime, Community Safety Partnership's have a key role in supporting victims, preventing harm and bringing perpetrators to justice.
- Countywide Domestic Abuse strategies are developed and monitored through Worcestershire Forum against Domestic Abuse and the newly formed Worcestershire Sexual Violence Forum and CSP representation ensures local need and priorities are identified and resources targeted appropriately.
- North Worcestershire is leading the way in its approach to tackling Hate Crime, with its hugely successful Hate Incident Partnership. This dedicated forum has a key role in prevention work, increasing reporting and access to support and also improving operational responses to Hate Crime.

What was achieved in 2012/13?

- A number of successful awareness raising events across North Worcestershire as part of the 16 days of action domestic abuse campaign including a series of 'These Hands are not for Hurting Banners and a men's Heels walk in support of the national White Ribbon campaign.
- Co-ordinated seasonal publicity campaigns around domestic abuse, stalking and sexual violence.
- Successful merger to create North Worcestershire Hate Incident Partnership to support victims and witnesses of Hate Crime and targeted harassment.
- Development and implementation of a school Hate Crime education project providing awareness raising workshops to pupils at a variety of high schools.
- Developed and maintained support for Safeguarding Vulnerable Adults multi-agency groups across the area to monitor and manage complex cases with a high risk of harm to individuals and local communities.

Objectives 2013/14

- Identify individuals who may be vulnerable and assist them in accessing appropriate services.
- Protect vulnerable residents from becoming a victim of crime within their home (including burglary and domestic abuse).
- Reduce the harmful effects of hate crime through the work of the Hate Incident Partnership.
- Provide support to relevant multi agency forums set up to co-ordinate interventions and support for vulnerable and repeat victims, enforcement against offenders and actions in identified problem locations.

Measures 2013/14

- We will measure our success by monitoring and responding accordingly to:
 - The total number of Hate Crimes recorded
 - The number of Disability Hate Crimes recorded
 - The number of Race Hate Crimes recorded
 - The number of Religion Hate Crimes recorded
 - The number of Sexuality Hate Crime recorded
 - The number of Transgender Hate Crimes recorded
 - The number of Hate Crimes reported to the North Worcestershire Hate Incident Partnership
 - The number of crimes with Vulnerable Adult Marker
 - The number of new MARAC cases
 - The number of repeat MARAC cases
 - The percentage of total MARAC cases that were repeats
 - The total number of recorded crimes and incidents given a domestic abuse interest maker or action code
 - The number of recorded crimes defined as domestic abuse related
 - The number of incidents or calls to service defined as domestic abuse related
 - Attrition rates from IDVA service
 - The number of Domestic Violence Prevention Notices issued
 - The outcomes of the specific projects funded by the partnership

Priority: Reducing Re-offending

- A relatively small number of highly prolific offenders are responsible for a disproportionate amount of crime. These criminals cause immense damage to the lives of law-abiding citizens who live near them.
- The National Audit Office has estimated that the social and economic costs of reoffending by those released from short sentences alone are between £7-10 billion a year.
- Reducing Re-offending and Integrated Offender Management is delivered via countywide arrangements. However, the North Worcestershire Community Safety Partnership retains a statutory duty to ensure delivery and as such is part of the strategic group and governance arrangements for Integrated Offender Management.

What was achieved in 2012/13?

- Supported delivery of Worcestershire IOM Conference to raise awareness of IOM practices and support development of a countywide strategy.
- Supported countywide work into developing a needs assessment framework for IOM and embedding the work of the ODOC (One Day One Conversation - prolific and other priority offenders/integrated offender management operational teams).
- Supported IOM co-location in Redditch and Wyre Forest of police, probation and Pathways to Recovery.
- Maintained and developed strong links with Neighbourhood Watch Scheme including distribution and promotion of forensic property marking kits and other crime prevention tools.
- Co-ordinated multi-agency campaigns in response to emerging burglary “hot-spots” and seasonal risk factors. e.g., open windows during the summer period and pre-Christmas alerts to reduce prolific acquisitive crime.

Objectives 2013/14

- Identify and reduce the re-offending of those that cause the most harm in communities through Integrated Offender Management (IOM) processes.
- Maintain and develop “target hardening” services for vulnerable households and continue support for vehicle security messages across the area to reduce opportunities for prolific acquisitive crime.
- Ensure offenders are seen to contribute to the work of the CSPs through targeted community payback.

Measures 2013/14

- We will measure our success by monitoring and responding accordingly to:
 - The number of arrests IOM cohort (statutory)
 - The number of arrests IOM cohort (non-statutory)
 - The number of charges IOM cohort (statutory)
 - The number of charges IOM cohort (non statutory)
 - The number of community payback hours completed

Priority: Reducing Anti Social Behaviour

- Anti-social behaviour is identified in all consultations as an aspect of crime and disorder that causes great concern to local residents and it also places a significant burden on public resources.
- ASB can include behaviour such as excessive noise, graffiti, abandoned cars and threatening behaviour which can leave people feeling intimidated, angry or frightened. North Worcestershire CSP works with all its partners to reduce levels of ASB so that its residents can maintain a good quality of life.
- Although there have been significant reductions in ASB reported to the police, it is suggested that there is a certain amount that remains unreported.
- Results from November 2012 Viewpoint Survey show Perceptions of ASB as a problem at 18.9%. This is a slight deterioration compared to results from November 2011 at 16.9%. Consideration needs to be given to reducing any gap between perceptions and actual issues and targeting those areas where under-reporting may exist.

What was achieved in 2012/13?

- Through Operation StaySafe, identified and promoted referral and intervention processes to reduce the number of young people who are repeatedly involved in antisocial behaviour.
- Supported and promoted a variety of projects, initiatives and events to reduce youth related ASB, such as restorative resolutions, substance misuse referrals, diversionary and preventative workshops in schools and youth clubs.
- Co-ordinated and promoted enforcement and education activity through multi agency forums to target locations where alcohol related anti social behaviour is a problem.
- Provided support via multi agency forums for countywide processes to re-structure delivery of Positive Activities, Early Help and Stronger Families services across Worcestershire.

Objectives 2013/14

- Reduce the harm caused to individuals and communities by anti-social behaviour.
- Tackle youth related anti-social behaviour by supporting the provision of targeted and non-targeted positive activities.
- Protect repeat victims of anti-social behaviour.
- Recognise the positive contributions young people make to their local communities.

Measures 2013/14

- We will measure our success by monitoring and responding accordingly to:
 - The total number of ASB incidents recorded
 - The number of ASB environmental incidents recorded
 - The number of ASB nuisance incidents recorded
 - The number of ASB personal incidents recorded

- The number of Youth ASB incidents recorded
- The number of Alcohol ASB incidents recorded
- The percentage of residents who perceive ASB to be a problem in their area
- The outcomes of the specific projects funded by the partnership

Action Plans 2013/14

Priority: To maintain low crime levels and improve public confidence			
Objectives:			
<ul style="list-style-type: none"> ▪ Deliver crime prevention initiatives to reduce crime. ▪ Co-ordinate community safety campaigns in response to key issues; to support crime reduction initiatives and reinforce positive messages about community safety in the area. ▪ Develop and implement a programme of community consultation and engagement to provide reassurance to communities and address fear of crime and community concerns. ▪ Prevent violent extremism by providing appropriate training and awareness raising packages to relevant audiences. 			
Action	Responsibility	Target Date	Resources
Develop and implement a range of partnership actions to improve confidence and change negative perceptions	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Continue to develop and keep updated the NWCSF website	Community Safety Teams	March 2014	PCC Grant Partner contributions Officer time
Promote activities to advise the public on crime prevention by delivering campaigns in response to trends	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Support the implementation of the recommendations from the Counter Terrorism Local Profiles	Worcestershire Prevent Group	March 2014	Officer time

Priority: Reducing the impact of alcohol and drugs misuse on communities

Objectives:

- Reduce the harmful effects of drugs and alcohol on the night time economy, on young people in public places, and on relationships.
- Continue to work with local Licensee Associations and Worcestershire Regulatory Services and to promote a safe, responsible Night Time Economy across North Worcestershire.
- Continue to work with and support CRI Pathways to Recovery and other local Drug and Alcohol Service providers to promote access to support for those seeking help for substance misuse.
- Promote and support educational campaigns to target proxy sales and other forms of inappropriate supply of alcohol to young people.

Action	Responsibility	Target Date	Resources
Continue to support Street Pastors in local areas	Operational Groups	March 2014	Officer time
Develop and implement a range of partnership activities to address alcohol related crime and disorder linking in with countywide strategies	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Promote activities to advise the public on crime prevention by delivering campaigns in response to trends	NWCSP Board Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Work in partnership and continue to engage with organisations that can have a positive impact on the night time economy	NWCSP Board Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Work in partnership and support organisations that work to reduce the harm caused by substance misuse, including Novel Psychoactive Substances	NWCSP Board Operational Groups	March 2014	PCC Grant Partner contributions Officer time

Priority: Reducing Domestic Abuse and Safeguarding Vulnerable People

Objectives:

- Identify individuals who may be vulnerable and assist them in accessing appropriate services.
- Protect vulnerable residents from becoming a victim of crime within their home (including burglary and domestic abuse).
- Reduce the harmful effects of hate crime through the work of the Hate Incident Partnership.
- Provide support to relevant multi agency forums set up to co-ordinate interventions and support for vulnerable and repeat victims, enforcement against offenders and actions in identified problem locations.

Action	Responsibility	Target Date	Resources
Continue to play an active role in the Worcestershire Domestic Abuse and Sexual Violence Forums and implement relevant actions at a local level	NWCSP Board Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Develop and implement a range of partnership activities to address alcohol related crime and disorder linking in with countywide strategies	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Continue to support and develop the Vulnerable Adults Groups	NWCSP Board Wyre Forest District Council Redditch Borough Council	March 2014	Officer time
Continue to support and promote the Hate Incident Partnership	NWHIP	March 2014	PCC Grant Partner contributions Officer time
Continue to operate Home Security Scheme and Sanctuary Projects and look at where potential efficiencies and savings can be made across North Worcestershire	Operational Groups	March 2014	PCC Grant Partner contributions Officer time

Priority: Reducing Anti Social Behaviour

Objectives:

- Reduce the harm caused to individuals and communities by anti-social behaviour.
- Tackle youth related anti-social behaviour by supporting the provision of targeted and non-targeted positive activities.
- Protect repeat victims of anti-social behaviour.
- Recognise the positive contributions young people make to their local communities.

Action	Responsibility	Target Date	Resources
Develop and implement a range of Partnership Activities to address ASB	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Develop and implement a range of activities regarding perceptions of ASB	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Identify and tackle ASB hotspots in order to conduct targeted initiatives	Operational Groups	March 2014	PCC Grant Partner contributions Officer time
Support the development of Early Help and Stronger Families Programmes	NWCSP	March 2014	Officer time
Continue to work with youth provision organisations including both statutory and voluntary sectors	Operational Groups	March 2014	Officer time PCC Grant

Priority: Reducing Re-offending

Objectives:

- Identify and reduce the re-offending of those that cause the most harm in communities through Integrated Offender Management (IOM) processes.
- Maintain and develop “target hardening” services for vulnerable households and continue support for vehicle security messages across the area to reduce opportunities for prolific acquisitive crime.
- Ensure offenders are seen to contribute to the work of the CSPs through targeted community payback.

Action	Responsibility	Target Date	Resources
Continue to develop and promote local crime prevention projects and initiatives	Operational Groups	March 2014	Officer time PCC Grant
To consider developing mechanisms to enable the community to access community payback	NWCSP	March 2014	Officer time
Support the delivery of IOM and associated activities through participation in the IOM Strategic Group	NWCSP	March 2014	Officer time

Partnership Changes and Challenges

Police and Crime Commissioner

In late 2012 the West Mercia Police Authority was decommissioned and replaced by a new Police and Crime Commissioner (PCC), who was elected in November 2012. The PCC is directly accountable to voters every four years and is scrutinised by a panel made up of other elected and independent members (Police Crime Panel). The PCC has statutory duties for holding the Chief Constable to account for the delivery of efficient and effective service through the setting of a five year Police and Crime Plan, and oversees value for money and performance. The PCC is not a responsible authority within the partnership but there is a reciprocal duty for the CSP and PCC to co-operate. The partnership will work closely with the PCC, his office and other partners across the West Mercia region to achieve this duty.

We have seen a significant change in the way funding is allocated, as funding that was previously allocated to CSPs has been transferred to the PCC. This year we have been successful in our bids to the PCC for the same levels of funding that we received in 2012/13. For future year's funding the bidding process will be more challenging as the funding will not be ring-fenced and is likely to be available to more than just CSPs to bid for, as was the case this year. In 2013/14 it is important that we evaluate everything that we do and continue to demonstrate our effectiveness and value for money.

Significant changes for Partners

There have been a number of significant changes within each of our partner organisations due to amendments in legislation, budget reductions and changes in resources. In 2012 a West Mercia Youth Offending Service was launched, it is managed on a day-to-day basis by West Mercia Probation Trust.

Significant changes are also on the horizon for probation services across England and Wales, with the government having published the consultation paper 'Transforming Rehabilitation' which describes proposals for reforming the delivery of offender services in the community.

West Mercia Police has formed a strategic alliance with Warwickshire Police, which looks to ensure that police services are delivered in an efficient and effective way; these arrangements are continuing to be developed and implemented.

Changes to Public Health

On 1 April 2013, Clinical Commissioning Groups became responsible authorities, replacing the former Primary Care Trust. There are two CCGs in North Worcestershire, Redditch and Bromsgrove CCG and Wyre Forest CCG

The Worcestershire Health and Wellbeing Board (HWBB) became a statutory body from 1 April. The Board's strategy and Public Health Outcomes Framework has clear links to the community safety and criminal justice agenda, which through our representation on the Safer Communities Board we will work to support their achievement.

Under the Health and Social Care Act 2012, from 1 April 2013, Public Health functions became the responsibility of the top tier Local Authority and transferred to Worcestershire County Council. A new Health and Wellbeing Team, located

within the newly created Adult Services and Health directorate, has been set up at Worcestershire County Council which will deliver community safety functions including the continued co-ordination of the Safer Communities Board.

This year we have also seen changes within the drugs and alcohol arena with Worcestershire’s Drug and Alcohol Action Team being disbanded and the functions being absorbed within the Adult Services and Health directorate.

Monitoring progress

Measures of success help us monitor and track progress against targets and stated outcomes for each area. The action plans in this document describe the work planned to achieve outcomes. While the action plans presented only provide brief descriptions of the work planned, they are backed up by processes which monitor outputs, targets, milestones and timescales, and who is responsible for individual actions. Progress on key performance indicators related to the work in the Plan is reported to the NWCSF and the Safer Communities Board through the Policy and Commissioning Group.

The partnership will receive regular scrutiny from the Overview and Scrutiny Committees established within each of the district and borough councils. The purpose of the committees is to review, scrutinise and make reports or recommendations to the responsible authorities of the CSP. These committees enable councils to hold the responsible authorities to account for local action and local public spending. They are a requirement for councils under the Local Government and Public Involvement in Health Act 2007.

Resources

The North Worcestershire CSP has been awarded a grant from the PCC to deliver its plan. The funding will be used as outlined below and is for a one year period:

Initiative	Amount
North Worcestershire Hate Incident Partnership	£3,000
Community Engagement, Consultation and Communications	£5,000
North Worcestershire Home Security Projects	£6,000
North Worcestershire CSP Analyst	£30,000
Safer Bromsgrove Tasking Group	£25,994
Safer Redditch Tasking Group	£39,810
Safer Wyre Forest Tasking Group	£40,653
Total	£150,457

Section 17 Responsibilities

Community Safety Partnerships were established under the Crime and Disorder Act 1998 and Section 17 of this act is aimed at making the vital work of reducing crime a focus across the wide range of local services that authorities provide, putting community safety at the heart of local decision-making.

Section 17 states that:

“Without prejudice to any other obligations imposed upon it, it shall be the duty of each authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all it reasonably can to prevent crime and disorder in its area.”

This recognises that each of the responsible authorities provides a wide and varied range of services and functions within the community. As the level and impact of crime can be influenced by the decisions and actions taken in the day-to-day activities of these local bodies, the act places a duty on these authorities to do all they can to reasonably prevent crime, disorder and anti-social behaviour in their area.

With changes to grant provision, reducing resources and competing priorities, Section 17 can provide a welcome opportunity for key partners to review core functions and service provision and ensure that community safety is embedded as a core aim in every service delivered. Innovative and creative use of mainstream budgets to meet multiple aims that include crime and disorder reduction and prevention can directly benefit organisations, the Partnership and local communities by reducing duplicated effort and cost, whilst improving public services to create safer neighbourhoods.

Community Engagement

The partnership will continually seek to improve its engagement with the community. The partnership will publicise its work and raise awareness about the role of the partnership. We are committed to actively engaging our communities and responding to concerns, working together to resolve issues.

Communications Strategy

Channels of Communication

- It is suggested that the current communications channels (internal and external) available across North Worcestershire are mapped by the Community Safety Managers or equivalent across Bromsgrove, Redditch and Wyre Forest.
- The North Worcestershire CSP will agree the most appropriate communications channels to transmit key messages to its audiences.
- Possible channels include:
 - Publications e.g. newspapers, internal newsletters
 - Annual reports, business plans, research and evaluation reports
 - Media including TV and radio
 - Websites
 - Events
 - Word of mouth, public meetings, presentations, focus groups
 - Marketing materials e.g. leaflets, posters and brochures

Roles and Responsibilities

- In the interest of consistency and professionalism all communications will be co-ordinated through the Community Safety Managers, or equivalent, in conjunction with the Chairperson of the North Worcestershire CSP and/or the Chairperson of the Operational Groups, where appropriate.
- Community Safety Managers, or equivalent, will ensure that relevant partner agencies are given the opportunity to comment on all communications before general release. Partners will be asked to ensure they comment within a timely manner to ensure the release meets press deadlines.
- Partners will agree to share information and knowledge that may be of mutual benefit.
- Partners will agree to keep each other fully informed of any issues which may affect each other, for example press interest in a particular story.
- Partners will agree to notify each other of any campaigns, publications etc. which may be of mutual interest.

Press Releases

North Worcestershire

- All North Worcestershire CSP press releases must include a short quote from the Chairperson and, where appropriate and beneficial, additional quotes should be included from key partners. The NWCSF logo should be used in conjunction with the lead agency's logo or branding.
- All press releases must be signed off by the Chairperson or the Vice Chairperson in advance of circulation for release.

- A draft copy of the press release should be sent to the Community Safety Managers, or equivalent, who will liaise with the North Worcestershire CSP Chairperson for endorsement.
- The Community Safety Managers, or equivalent, will then advise the partner(s) issuing the press release of any comments or additions that the Chairperson may wish to be considered for inclusion.
- Following any required revision, the partner(s) can then forward the press release to the local media, ensuring the Chairperson is advised of any photo-call opportunity.
- Press releases must be issued on North Worcestershire CSP headed paper.
- A copy of the issued press release must be given to the Community Safety Managers, or equivalent, for file and adult purposes.

District wide

- The Operational Groups may issue press releases where a project has solely been delivered in their respective district. Where this is the case a press release must include a quote from the North Worcestershire CSP Chairperson and the Operational Group Chairperson. Both parties must have signed off the press release before its circulation. The 'Safer Bromsgrove/Redditch/Wyre Forest' logos should be used in conjunction with the NWCSF logo/branding.
- All press releases must be signed off by the Chairperson or the Vice Chairperson in advance of circulation for release.
- A draft copy of the press release should be sent to the Community Safety Managers or equivalent who will liaise with the North Worcestershire CSP Chairperson and Operational Group Chairperson for endorsement.
- The Community Safety Managers or equivalent will then advise the partner(s) issuing the press release of any comments or additions that the Chairperson may wish to be considered for inclusion.
- Following any required revision, the partner(s) can then forward the press release to the local media, ensuring the Chairperson(s) are advised of any photo-call opportunity.
- Press releases must be issued on North Worcestershire CSP headed paper.
- A copy of the issued press release must be given to the Community Safety Managers or equivalent for file and adult purposes

Resources

- The North Worcestershire CSP will agree the allocation of pooled resources for joint CSP communications activity. It is anticipated that North Worcestershire CSP projects will be identified at the beginning of the financial year, which will support forward planning of communications related activity.

Branding and Marketing

- The North Worcestershire CSP has developed a logo to be used for all branding related activities.
- Operational Groups will use the North Worcestershire CSP logo in conjunction with the Safer Bromsgrove/Redditch/Wyre Forest logo, as appropriate.

Monitoring and Evaluation

- A review of the communications strategy will be undertaken on an annual basis.
- All communications activities will be collated and reported on a quarterly basis to the North Worcestershire CSP.
- A process to evaluate the effectiveness of communication activities will be developed.
