

Planning and Regeneration

Scale of Proposed Charges 2015

BUILDING CONTROL - APRIL 2015 - VAT AT 20%

<p>Explanatory notes:</p> <p>1 Before you build, extend or convert a building to which the building regulations apply, you or your agent must submit a Building regulations application. The charge you have to pay depends on the type of work, the number of separate properties, or the total floor area. You can use the following tables with the current charges regulations to work out the charges. If you have any difficulties, please do not hesitate to call us.</p> <p>2 The charges are as follows. Category A: New domestic homes, flats or conversions etc Category B: Extending or altering existing homes Category C: Any other project including commercial or industrial projects etc.</p> <p>Individually determined fees are available for most projects. We would be happy to discuss these with you if you require.</p> <p>In certain cases, we may agree that you can pay charges in instalments. Please contact us for further discussions.</p> <p>3 Exemptions and reductions in charges. a) If your plans have been approved or rejected, you won't have to pay again if you resubmit plans for the same work which has not started, provided you resubmit with 3 years of the original application date.</p>	<p>b) You don't have to pay charges if the work will provide access to a building or is an extension to store medical equipment or provide medical treatment facilities for a disabled person. In order to claim exemption, an application must be supported by appropriate evidence as to the nature of the disabled persons disability. In these regulations, a 'disabled person' is a person who is described under section 29(1) of the National Assistance Act 1948 (as extended by section 8(2) Mental Health Act 1959).</p> <p>4 You have to pay VAT for all local authority Building Regulation charges, except for the regularisation charge. VAT is included in the attached fees.</p> <p>5. Regularisation applications are available for cases where unauthorised building work was undertaken without an application. Such work can only be regularised where the work was undertaken after October 1985 and not within the last 6 months. The Authority is not obliged to accept Regularisation applications. Regularisation application fees are individually determined. Please contact us to discuss regularisation application fees.</p> <p>6. Reversion applications. Where the control of a building project passes from a third party to the Council a reversion application will be required. Reversion application fees are individually determined.</p>

For Office or shop fit outs, installation of a mezzanine floor and all other work where the estimated cost exceeds £50,000, please contact the Building Control Office on 01527 881402 for a competitive quote

These charges have been set on the following basis:

- That the building work does not consist of, or include innovative or high risk construction techniques and / or duration of the building work from commencement to completion does not exceed 12 months
- That the design and building work is undertaken by a person or company that is competent to carry out the relevant design and building work. If they are not, the building control service may impose supplementary charges.

Building Control – Supplementary Charges

If you are selling a property that has been extended or altered, you need to provide evidence to prospective purchasers that any relevant building work has been inspected and approved by a Building Control Body. That evidence is in the form of a Building Regulations Completion / Final Certificate and / or an Approval or Initial Notice (called the 'authorised documents' in the Home Information Pack Regulations).

Legal entitlement to a Completion Certificate is subject to conditions. In cases where the Council is not told that building work is completed, or the building is occupied without addressing outstanding Building Regulation matters, a certificate is not issued. Despite the best efforts of the Council's Building Control Surveyors, many home owners who undertake building works fail to obtain a Completion Certificate and their application is archived. A fee is payable to re-open archived building regulations applications for the purposes of issuing a completion certificate.

Other charges are payable where we are asked to withdraw a Building Regulations application and refund fees, or asked to re-direct inspection fee invoices. Fees are payable in cleared funds before the release of any authorised documents or other actions listed below.

DESCRIPTION	Agreed charge 1st April 2014	Proposed charge from 2015
<u>ARCHIVED APPLICATIONS</u>		
Process request to re-open archived building control file, resolve case and issue completion certificate	£40 administration fee	£49 administration fee

Charges note

Under the Building (Local Authority Charges) Regulations 2010 local authority building control is not permitted to make a profit or loss. The service is to ensure full cost recovery and no more. Any surplus or loss made against expenditure budgets is to be offset against the following years fees and charges setting. This draft set of fees and charges reflects the surplus income projected to have arisen by the end of 13/14 across the shared service. In addition, the level of competition from the private sector needs to continually defended against therefore it is proposed to curtail both the extent of fee categories published and to make extensive use of the fact that legislation now allows local authorities to offer site specific quotations for building regulations applications. In addition expenditure of the service has reduced since the creation of a shared service resulting in a reduction in the hourly rate charged by the service.
