### 1 Policy Statement

Redditch Borough Council will ensure all users of Council email facilities are aware of the acceptable use of such facilities.

### 2 Purpose

The objective of this Policy is to direct all users of Council email facilities by:

- Providing guidance on expected working practice.
- Highlighting issues affecting the use of email.
- Informing users about the acceptable use of ICT facilities in relation to emails.
- Describing the standards that users must maintain.
- Stating the actions that may be taken to monitor the effectiveness of this policy.
- Warning users about the consequences of inappropriate use of the email service.

The Policy establishes a framework within which users of Council email facilities can apply self-regulation to their use of email as a communication and recording tool.

### 3 Scope

This policy covers all email systems and facilities that are provided by Redditch Borough Council for the purpose of conducting and supporting official business activity through the Councils network infrastructure and all stand alone and portable computer devices.

This policy is intended for all Redditch Borough Council Councillors, Committees, Departments, Partners, Employees of the Council, contractual third parties and agents of the Council who have been designated as authorised users of email facilities.

The use of email facilities will be permitted only by staff that have been specifically designated as authorised users for that purpose, received appropriate training and have confirmed in writing that they accept and agree to abide by the terms of this policy.

The policy also applies where appropriate to the internal Microsoft exchange e-mail facility which may be accessed by staff who are not authorised Internet and e-mail users.

The use of email facilities by staff that have not been authorised for that purpose will be regarded as a disciplinary offence.

### 4 Definition

All email prepared and sent from Redditch Borough Council email addresses or mailboxes, and any non-work email sent using Redditch Borough Council ICT facilities is subject to this policy.

### 5 Risks

Redditch Borough Council recognises that there are risks associated with users accessing and handling information in order to conduct official Council business.

This policy aims to mitigate the following risks:

- The non-reporting of information security incidents, inadequate destruction of data, the loss of direct control of user access to information systems and facilities etc.

Non-compliance with this policy could have a significant effect on the efficient operation of the Council and may result in financial loss and an inability to provide necessary services to our customers.

## 6 Applying the Policy

### 6.1 Email as Records

All emails that are used to conduct or support official Redditch Borough Council business must be sent using a “@Bromsgroveandredditch.gov.uk” address. All emails sent via the Government Connect Secure Extranet (GCSx) must be of the format “@RedditchBc.gcsx.gov.uk”.

Non-work email accounts **must not** be used to conduct or support official Redditch Borough Council business. Councillors and users must ensure that any emails containing sensitive information must be sent from an official council email. Any emails containing PROTECT or RESTRICTED information must be sent from a GCSx email (please also refer to section 6.7). All emails that represent aspects of Council business or Council administrative arrangements are the property of the Council and not of any individual employee.

Emails held on Council equipment are considered to be part of the corporate record and email also provides a record of staff activities.

The legal status of an email message is similar to any other form of written communication. Consequently, any e-mail message sent from a facility provided to conduct or support official Redditch Borough Council business should be considered to be an official communication from the Council. In order to ensure that Redditch Borough Council is protected adequately from misuse of e-mail, the following controls will be exercised:

- i. It is a condition of acceptance of this policy that users comply with the instructions given during the email training sessions.
- ii. All official external e-mail must carry the following disclaimer:

“\*\*\*\*\*

*This email and any files transmitted with it are intended solely for the use of the individual to whom it is addressed. If you have received this email in error any use, dissemination, forwarding or copying of this e-mail is prohibited. If you have received this email in error please notify the ICT Helpdesk via an e-mail to helpdesk@Bromsgroveandredditch.gov.uk including a copy of this message. Please then delete this email and destroy any copies of it.*

*Statements and opinions expressed are those of the author and do not necessarily represent those of the Authority. The content of this email is not*

*legally binding unless confirmed by us in a signed letter. Redditch Borough Council has taken every reasonable precaution to minimise the risk of software viruses being contained in attachments to this e-mail. You should, however, carry out your own virus checks before opening the attachment(s). Redditch Borough Council will not be liable for direct, special, indirect or consequential damages arising from alteration of the contents of this message by a third party or as a result of any virus being passed on.*

*All Redditch Borough Council emails may be subject to recording and/or monitoring in accordance with relevant legislation.*

*Any Freedom of Information requests should be sent directly to  
foi@redditchbc.gov.uk*

\*\*\*\*\* ”

Whilst respecting the privacy of authorised users, Redditch Borough Council maintains its legal right, in accordance with the Regulation of Investigatory Powers Act 2000, to monitor and audit the use of email by authorised users to ensure adherence to this Policy. Any such interception or monitoring will be carried out in accordance with the provisions of that Act. Users should be aware that deletion of e-mail from individual accounts does not necessarily result in permanent deletion from the Council's ICT systems.

It should also be noted that email and attachments may need to be disclosed under the Data Protection Act 1998 or the Freedom of Information Act 2000. Further information regarding this can be obtained from Data Protection Officer.

## **6.2 Email as a Form of Communication**

Email is designed to be an open and transparent method of communicating. However, it cannot be guaranteed that the message will be received or read, nor that the content will be understood in the way that the sender of the email intended. It is therefore the responsibility of the person sending an email to decide whether email is the most appropriate method for conveying time critical or PROTECT or RESTRICTED information or of communicating in the particular circumstances.

All emails sent to conduct or support official Redditch Borough Council business must comply with corporate communications standards. Redditch Borough Council's Communications Policy must be applied to email communications.

Councillors must ensure that any emails containing sensitive information must be sent from an official council email. Any emails containing PROTECT or RESTRICTED information must be sent from a GCSx email.

Email must not be considered to be any less formal than memo's or letters that are sent out from a particular service or the authority. When sending external email, care should be taken not to contain any material which would reflect poorly on the Council's reputation or its relationship with customers, clients or business partners.

Under no circumstances should users communicate material (either internally or externally), which is, for example, defamatory, obscene, or does not comply with the Council's Equal Opportunities Policy, or which could reasonably be anticipated to be considered inappropriate. Any user who is unclear about the appropriateness of any material, should consult their line manager prior to commencing any associated activity or process.

IT facilities provided by the Council for email should not be used:

- For the transmission of unsolicited commercial or advertising material, chain letters, or other junk-mail of any kind, to other organisations.
- For the unauthorised transmission to a third party of PROTECT or RESTRICTED material concerning the activities of the Council.
- For the transmission of material such that this infringes the copyright of another person, including intellectual property rights.
- For activities that unreasonably waste staff effort or use networked resources, or activities that unreasonably serve to deny the service to other users.
- For activities that corrupt or destroy other users' data.
- For activities that disrupt the work of other users.
- For the creation or transmission of any offensive, obscene or indecent images, data, or other material, or any data capable of being resolved into obscene or indecent images or material.
- For the creation or transmission of material which is designed or likely to cause annoyance, inconvenience or needless anxiety.
- For the creation or transmission of material that is abusive or threatening to others, or serves to harass or bully others.
- For the creation or transmission of material that either discriminates or encourages discrimination on racial or ethnic grounds, or on grounds of gender, sexual orientation, marital status, disability, political or religious beliefs.
- For the creation or transmission of defamatory material.
- For the creation or transmission of material that includes false claims of a deceptive nature.
- For so-called 'flaming' - i.e. the use of impolite terms or language, including offensive or condescending terms.
- For activities that violate the privacy of other users.
- For unfairly criticising individuals, including copy distribution to other individuals.
- For the creation or transmission of anonymous messages - i.e. without clear identification of the sender.
- For the creation or transmission of material which brings the Council into disrepute.

### 6.3 Junk Mail

There may be instances where a user will receive unsolicited mass junk email or spam. It is advised that users delete such messages without reading them. Do not reply to the email. Even to attempt to remove the email address from the distribution list can confirm the existence of an address following a speculative e-mail.

Before giving your e-mail address to a third party, for instance a website, consider carefully the possible consequences of that address being passed (possibly sold on) to an unknown third party, and whether the benefits outweigh the potential problems.

Chain letter e-mails (those that request you forward the message to one or more additional recipients who are unknown to the original sender) **must not** be forwarded using Redditch Borough Council systems or facilities.

### 6.4 Mail Box Size

Email messages can be used to carry other files or messages either embedded in the message or attached to the message. If it is necessary to provide a file to another person, then a reference to where the file exists should be sent rather than a copy of the file. This is to avoid excessive use of the system and avoids filling to capacity another person's mailbox. If a copy of a file must be sent then it should not exceed 30MB in size – files in excess of this will be stopped and only released following individual approval.

### 6.5 Monitoring of Email Usage

All users should be aware that email usage is monitored and recorded centrally. The monitoring of email (outgoing and incoming) traffic will be undertaken so that Redditch Borough Council:

- Can plan and manage its resources effectively.
- Ensures that users act only in accordance with policies and procedures.
- Ensures that standards are maintained.
- Can prevent and detect any crime.
- Can investigate any unauthorised use.

Monitoring of content will only be undertaken by staff specifically authorised for that purpose in accordance with Communications and Operation Management Policy. These arrangements will be applied to all users and may include checking the contents of email messages for the purpose of:

- Establishing the existence of facts relevant to the business, client, supplier and related matters.
- Ascertaining or demonstrating standards which ought to be achieved by those using the facilities.
- Preventing or detecting crime.
- Investigating or detecting unauthorised use of email facilities.
- Ensuring effective operation of email facilities.
- Determining if communications are relevant to the business.

Where a manager suspects that the email facilities are being abused by a user, they should contact their line manager or the ICT Transformation Manager. Designated staff in ICT can investigate and provide evidence and audit trails of access to systems. ICT will also comply with any legitimate requests from authorised bodies under the Regulation of Investigatory Powers legislation for this information.

Access to another employee's email is strictly forbidden unless the employee has given their consent, or their email needs to be accessed by request of their line manager for specific work purposes whilst they are absent. If this is the case a written request to the Head of Service is required. This must be absolutely necessary and has to be carried out with regard to the rights and freedoms of the employee. Authorised staff must only open emails which are relevant.

### 6.6 Security

Emails sent between Bromsgroveandredditch.gov.uk address are held with the same network and are deemed to be secure. However, emails that are sent outside this closed network travel over the public communications network and are liable to interception or loss. There is a risk that copies of the email are left within the public communications system. Therefore, PROTECT and RESTRICTED material must not be sent via email outside a closed network, unless via the GCSx email.

Where GCSx email is available to connect the sender and receiver of the email message, this **must be used** for all external email use and must be used for communicating PROTECT and RESTRICTED material.

**All Council employees that require access to GCSx email must read, understand and sign the GCSx Acceptable Usage Policy and Personal Commitment Statement.**

### 6.7 Confidentiality

All staff are under a general requirement to maintain the confidentiality of information. There are also particular responsibilities under Data Protection legislation to maintain the confidentiality of personal data. If any member of staff is unsure of whether they should pass on information, they should consult their line manager.

Staff must make every effort to ensure that the confidentiality of email is appropriately maintained. Staff should be aware that a message is not deleted from the system until all recipients of the message and of any forwarded or attached copies have deleted their copies. Moreover, confidentiality cannot be assured when messages are sent over outside networks, such as the Internet, because of the insecure nature of most such networks and the number of people to whom the messages can be freely circulated without the knowledge of RedditchBc.

Care should be taken when addressing all emails, but particularly where they include PROTECT or RESTRICTED information, to prevent accidental transmission to unintended recipients. Particular care should be taken if the email client software auto-completes an email address as the user begins typing a name.

Automatic forwarding of email (for example when the intended recipient is on leave) must be considered carefully to prevent PROTECT or RESTRICTED material being forwarded inappropriately. Rules can be implemented to include or exclude certain mail based on the sender or subject. If you require assistance with this, please contact ICT in the first instance.

The automatic forwarding of a GCSx email to a lower classification email address (i.e. a standard .gov.uk email) contradicts national guidelines and is therefore not acceptable.

### 6.8 Negligent Virus Transmission

Computer viruses are easily transmitted via email and internet downloads. Full use must therefore be made of Redditch Borough Council's anti-virus software. If any user has concerns about possible virus transmission, they must report the concern to ICT.

In particular, users:

- Must not transmit by email any file attachments which they know to be infected with a virus.
- Must not download data or programs of any nature from unknown sources.
- Must ensure that an effective anti-virus system is operating on any computer which they use to access Council facilities.
- Must not forward virus warnings other than to the ICT helpdesk.
- Must report any suspected files to the ICT helpdesk.

In addition, the Council will ensure that email is virus checked at the network boundary and at the host, and where appropriate will use two functionally independent virus checkers.

If a computer virus is transmitted to another organisation, the Council could be held liable if there has been negligence in allowing the virus to be transmitted. Users must therefore comply with the Software Policy.

### 7 Policy Compliance

If any user is found to have breached this policy, they may be subject to Redditch Borough Council's disciplinary procedure. If a criminal offence is considered to have been committed further action may be taken to assist in the prosecution of the offender(s).

If you do not understand the implications of this policy or how it may apply to you, seek advice from your line manager.

### 8 Policy Governance

The following table identifies who within Redditch Borough Council is Accountable, Responsible, Informed or Consulted with regards to this policy. The following definitions apply:

- **Responsible** – the person(s) responsible for developing and implementing the policy.
- **Accountable** – the person who has ultimate accountability and authority for the policy.
- **Consulted** – the person(s) or groups to be consulted prior to final policy implementation or amendment.
- **Informed** – the person(s) or groups to be informed after policy implementation or amendment.

<b>Responsible</b>	ICT Transformation Manager
<b>Accountable</b>	Head of Business Transformation
<b>Consulted</b>	Corporate Management Team
<b>Informed</b>	All Council Employees, All Temporary Staff, All Contractors etc

### 9 Review and Revision

This policy will be reviewed as it is deemed appropriate, but no less frequently than every 12 months.

Policy review will be undertaken by the ICT Transformation Manager.
