Borough of Redditch Local Plan No. 4 – Proposed Main Modifications (Consultation Version)

This schedule sets out the Proposed Main Modifications to the submitted version of the Local Plan that, subject to the outcome of this consultation period, are considered to be necessary in order for it be 'sound' and able to be adopted by the District Council as a Development Plan Document. It is accompanied by a schedule of changes to the Policies Map that would arise from these Main Modifications.

The modifications below are expressed either in the conventional form of strikethrough for deletions and <u>underlined</u> for additions of text, or by specifying the modification in words in *italics*.

The page numbers below refer to the submission local plan, and do not take account of the deletion or addition of text. Further renumbering of pages will be required as a consequence of these modifications.

Ref	Page	Policy/ para	Main Modification
MM1	5	Para 4	In addition, Redditch has worked with other Local Authorities, which although are not directly adjacent to Redditch may have strategic matters that have implications for the preparation of the Local Plan. In particular, Redditch Borough Council and Birmingham City Council have jointly acknowledged there is strategic planning matter with regard to Birmingham being unable to accommodate all of its own housing needs. <u>As required by the Duty to Co- operate, due consideration will be given, including through a review of the BORLP4 to the housing needs of another Local Planning Authority in circumstances when it has been clearly established through collaborative working that those needs must be met through provision in Redditch. This issue will need to be dealt with during the preparation stage of the next Redditch Local Plan (i.e. the next plan period), or when a review of the development plan may be needed to consider these cross boundary matters. This will be dependent on the outcome of recently commissioned work to understand the issues, and further work on allocations for Birmingham's growth. With regard to Birmingham City Council, Tthe mechanism for resolving this potential strategic matter of with Birmingham's unmet housing needs this willould be through the Greater Birmingham and Solihull Local Enterprise Partnership (LEP) and Redditch's subsequent review of the BORLP4.</u>
MM2	10	Para 3	Redditch Borough has similar crime levels in comparison to the national average of England and Wales., but the number of offences per 1000 population is increasing in Redditch. It has increased from 20.3 offences per 1000 population in Redditch, compared to the England and Wales average of 24.9 in 2006 to 44 offences per 1000 population in Redditch, compared to the England and Wales average of 45 in 2009/10.95% of people feel safe walking around Redditch Town Centre and the street where they live during the day; at night, this falls to 61% for the Town Centre and 73% for the home street (CHYM Redditch). Recorded crime rates for Redditch have fallen

Ref	Page	Policy/ para	Main Modification
			substantially since 2005/06 (92.2 offences per 1000 population in 2005/06 to 57.7 offences per 1000 population in 2012/13), although they remain above the average for Worcestershire. Perceptions of anti-social behaviour in Redditch have also remained consistently above the average for Worcestershire and the latest data for 2013 shows that nearly twice as many Redditch residents feel unsafe when out after dark in their local area when compared with residents in the rest of the County.
MM3	12	Para 1	Redditch Borough has good transport links, with the M42 (Junction <u>s 2 and 3)</u> located under 5 miles away and the M5 around 6 miles from Redditch Town Centre.
MM4	12	New para after para 2	There are a range of issues that need to be tackled to achieve modal shift including perceptions of safety and security. Choose How You Move research indicates that a significant number of people feel unsafe walking to bus stops, waiting for buses and travelling on buses. Close to 4% of people cite "feeling unsafe walking" as being a main reason stopping them form walking more often. A similar percentage stated that "feeling unsafe cycling" was a main reason stopping them from doing so more often.
MM5	13	Para 1	A number of District Centres (Church Hill, Matchborough, Winyates and Woodrow) suffer from a poor image as their inappropriate design means that they are inward looking and prone to having crime and anti-social behaviour problems. Lessons have been learnt from Council and Partnership projects that can be implemented when re-development occurs. Work has commenced been completed on the re-development of Church Hill District Centre.
MM6	20	Objective 7	Reduce crime and anti-social behaviour and the fear of crime through high quality design <u>and infrastructure</u> , with regeneration achieved at Matchborough, Winyates and Woodrow District Centres.
MM7	23	Policy 2, 3 rd bullet	 Feckenham is a small, rural settlement predominantly set within the Green Belt, which offers limited local facilities but has important conservation and historic merit. In order to conserve and enhance these characteristics, development within or adjacent to the settlement boundary, as defined on the Policies Map, will provide for locally identified affordable housing and other <u>locally identified</u> development needs only, in accordance with the most up-to-date guidance in the National Planning Policy Framework and Parish Housing Needs Survey.
MM8	26	Policy 4, para 2	Around 3,000 dwellings can be accommodated within Redditch Borough. There is limited capacity within Stratford-on-Avon District in the vicinity of the former A435 ADR to contribute towards Redditch's housing target should comprehensive delivery of this site be achievable. A minimum of <u>Approximately</u> 3,400 <u>dwellings are</u> is to be accommodated in Bromsgrove District (see Appendix 1, Redditch Cross Boundary Development). Details of the sites expected to contribute to meeting the Borough's housing needs can be found in Appendix 2 and are shown on the Policies Map and Key Diagram.
MM9	26	Policy 4, para 3	The Council will encourage the provision of housing for elderly people.

Ref	Page	Policy/ para	Main Modification
		New 2 nd	
		sentence	
MM10	26	Policy 4,	In order to achieve a supply of flexible and inclusive housing in the Borough
_	_	para 4	that caters for life-long occupancy, all new affordable housing for rent will be
		[F	expected to comply with the Lifetime Homes Standard new technical
			standards, excluding the additional optional standards. The private sector
			development industry will be encouraged to implement these concept of
MM11	26	Policy 4,	lifetime homes <u>new technical standards</u> within their development schemes. Land identified which could contribute towards housing provision indicates
	20	Reasoned	that around 3,000 dwellings could be accommodated within the Borough
		Justification	
		para 1	(SHMA) indicates that this will not meet the Borough's housing needs up to
			2030. It has therefore been necessary to collaborate with Bromsgrove District
			Council and Stratford-on-Avon District Council to identify land in these
			Bromsgrove Districts, in the vicinity of Redditch, which is capable of
			accommodating Redditch's land supply shortfall.
MM12	27	Policy 5,	i. the reuse and regeneration of Previously Developed Land (PDL) will be
	21	criterion i	actively encouraged. Where the economic viability of a scheme on PDL is
		CILCULATION	questionable, and can be fully demonstrated by the applicant, the Borough
			Council may negotiate a more appropriate level of infrastructure provision, or
			deferred payment scheme with the applicant, in order to secure beneficial
			reuse of a site. Development proposals on contaminated land should
			demonstrate that the site is capable of appropriate remediation without
			compromising development viability or the delivery of sustainable
			development;
MM13	28	Policy 5	Development proposals on land likely to be affected by contamination should
WINT O	20	New para	demonstrate that the site is capable of appropriate remediation without
		at end of	compromising development viability or the delivery of sustainable
		(and within)	development.
		policy.	
MM14	28	Policy 5,	Proposals also need to ensure that new development does not contribute to,
		Reasoned	or is put at unacceptable risk from ground contaminants. The SHLAA and
		Justification	
		para 2	
MM15	29	Policy 5,	Proposals also need to ensure that new development does not contribute to,
		Reasoned	or is put at unacceptable risk from ground contaminants. Where sites are
		Justification	suspected of contamination, the Council will require the submission of an
		New para	appropriate risk assessment and, if necessary, a site investigation and
		after para	mitigation scheme.
		2.	
MM16	31	Policy 6,	Contributions towards affordable housing will not be sought from
		paras 2	developments of 10 units or less, and which have a maximum combined
		and 5	gross floorspace of no more than 1000sqm (gross internal area). On sites of
			11 + 10 or more dwellings (net), a 30% contribution towards the provision of
			affordable housing will be expected. On-site provision should be made and must incorporate a mix of dwelling types and sizes, which reflect the site's
			must incorporate a mix of uwelling types and sizes, which reliect the site's

Ref	Page	Policy/ para	Main Modification
			characteristics, the development as a whole, and meets the needs identified in the Borough Council's most up to date Strategic Housing Market Assessment or other up to date local housing need surveys, and in consultation with the Council's Housing Strategy Team.
			On all sites of 5-9 dwellings (net), a 30% financial contribution towards affordable housing provision will be sought on completion of the development.
MM17	32	Policy 7, Paras 1, 2 and 3	Provision will be made for new Gypsy, Traveller and Travelling Showpeople pitches, in line with an up-to-date assessment of permanent and transit accommodation needs in line with Government guidance. Requirements for Redditch Borough are currently contained in the Worcestershire Strategic Housing Market Assessment (2012) and the Gypsy, Traveller and Travelling Showpeople Accommodation Assessment (2008). These assessments identify a minimum of 14 'yards' to be provided to meet the needs of travelling showpeople and 18 pitches for temporary stopping places to meet Redditch's need.
			The Borough Council will allocate site(s) to meet identified need through a <u>n</u> Site Allocations DPD Plan. Proposals for new sites will be required to demonstrate that they:
			 are located within a reasonable distance of existing facilities and transport networks with satisfactory access and highway arrangements;
			ii. where appropriate, are located on Previously Developed Land;
			iii. are well screened and landscaped and will not cause unacceptable harm to the character and appearance of the surrounding area;
			iv. will not result in unacceptable disturbance or loss of amenity to any neighbouring development, specifically in relation to the transport movements associated with Travelling Showpeople yards; and
			 have, or are capable of having, a satisfactory water supply, sewerage and refuse disposal facilities.
			Traveller sites (temporary or permanent) in the Green Belt are considered
MM18	32-33	Policy 7, Reasoned Justification	inappropriate development. There are currently 31 Travelling Showpeople plots in the Borough. The Gypsy, Traveller and Travelling Showpeople Accommodation Assessment (GTAA) for The South Housing Market Area of the West Midlands Area
			(2008) was commissioned by the South Housing Market Area Partnership. The purpose of the assessment is to provide information on the accommodation needs of Gypsies and Travellers for sub-regional and District/Borough level planning policy to set the appropriate number, type and

Ref	Page	Policy/ para	Main Modification
			distribution of additional pitches to be provided. The GTAA is supplemented
			by the Strategic Housing Market Assessment (SHMA) for Worcestershire
			(2012). The Assessment recommends that an additional Showpeople site
			should be provided for which is a minimum of 14 'yards'. 'Yards' can be
			anything from 100ft x 100ft up to 150ft by 200ft (Gypsy and Traveller
			Accommodation Assessment for The South Housing Market Area, March
			2008). The Assessment also recommends that a temporary stopping place of
			not less than 18 pitches should be provided. <u>'Planning policy for traveller</u>
			sites' (CLG, March 2012August 2015) is the current national planning
			guidance regarding the provision of sites for Gypsies, Travellers and
			<u>Travelling Showpeople. This guidance requires Local Planning Authorities to</u> make an assessment of need for traveller sites for the purposes of planning.
			make an assessment of need for travener sites for the purposes of planning.
			A review of the Gypsy and Traveller Accommodation Assessment for
			Worcestershire is being completed in <u>2014</u> 2013 and will inform a future Site
			Allocations DPD. This will provide the Borough Council with an up to date
			assessment of the need for sites and identify whether sites should be
			provided in cooperation with neighbouring authorities.
			'Planning policy for traveller sites' (CLG, March 2012) is the current national
			planning guidance regarding the provision of sites for Gypsies, Travellers and
			Travelling Showpeople. Sites will be allocated in accordance with national
			planning guidance and based on need identified in an up to date Gypsy and
			Traveller Accommodation Assessment. Allocated sites will be identified in an
			Allocations Plan. The criterion contained within this policy will be applied to
			site allocations as well as proposals for sites through planning applications.
MM19	34	Policy 8,	There will be a presumption against inappropriate development in the Green
		para 2	Belt in line with the National Planning Policy Framework (NPPF) except in
			very special circumstances. Some forms of development are not
			inappropriate development in the Green Belt provided they preserve the
			openness of the Green Belt and do not conflict with the purposes of including
			land in the Green Belt. Applications for development in the Green Belt will be
			determined in line with national planning guidance on Green Belts and other
			relevant policies within the development plan.
MM20	36	Policy 10,	New dwellings in the Green Belt and Open Countryside outside the
		para 1	settlements of Astwood Bank and Feckenham will only be permitted where
			there is an essential need for a rural worker to live at or near their place of
			work. Applications for rural workers dwellings in the Green Belt will be
			determined in accordance with national planning policy on Green Belts.
MM21	40	Policy 12,	Local Green Spaces will be designated by the Council through the
		para 3	Allocations Plan, where appropriate, in accordance with the provisions of the
			National Planning Policy Framework (NPPF). Once designated, Local Green
			Space will be managed in line with planning policy for Green Belts.
MM22	40	Policy 12,	The NPPF makes provision for local communities to designate Local Green

Ref	Page	Policy/ para	Main Modification
		Reasoned	Space through local and neighbourhood plans. Local Green Space will only
		Justification	be designated where it does not conflict with the Objectives of the Local Plan
		para 5	and in accordance with the NPPF. Once designated, Local Green Space will
			be subject to the same planning policy safeguards as land designated as
			Green Belt. The Allocations Plan will designate specific sites for Local Green
			Space where there is a justification for that allocation.
MM23	45	Policy 15, para 1	To be sustainable, new developments must have regard for the need to be climate-resilient. For residential development this policy applies to planning applications of more than 10 units. In order to ensure appropriate consideration of adaptation and mitigation to climate change has been made, applications will be judged against the following criteria
MM24	45	Policy 15, criterion iii	iii. proposals must seek to be zero carbon in line with Government targets; meet the new national technical standards, excluding the additional optional standards;
MM25	45	Policy 15,	iv. all new residential development must meet the nationally required
		criterion iv	standard of the Code for Sustainable Homes (or any other national scheme
			which supersedes it);
MM26	45	Policy 15	This policy relates to all forms of renewable energy development other than
		Insert as	wind energy developments. Wind energy development will be considered
		new para	against national policy and guidance.
		after last	
		para but within	
		policy	
MM27	46	Policy 15, Reasoned Justification para 3	The Government's target is that buildings should meet zero-carbon standards by 2016. The Code for Sustainable Homes is intended to improve the overall sustainability of new homes and measures the sustainability of a home against design categories. BREEAM (BRE Environmental Assessment Method) is a widely used environmental assessment method for non-domestic buildings. It sets the standard for best practice in sustainable design and is used as a measure to describe a buildings environmental performance http://www.breeam.org/index.jsp). All <u>non-domestic</u>
			developersments will be encouraged to meet the highest level of Code for
			Sustainable Homes/BREEAM rating (or any other national scheme which
			supersedes them-it) as where it is economically viable but are not required to
	47.40	Delieu 10	meet standards above those set nationally.
MM28	47-48	, ,	The location of sites of national (Sites of Special Scientific Interest), regional
		Part B,	(Local Wildlife Sites) and local (Local Nature Reserves) wildlife importance
		para 1	are shown on the Policies Map. <u>Applications for development should aim to</u>
			conserve and enhance biodiversity by applying the principles of the NPPF.
			In determining applications affecting sites of wildlife importance, the Council
			will apply the hierarchy of designated sites and appropriate weight will be given to their importance and contribution to wider ecological networks.
			Due to the national importance of Sites of Special Scientific Interest (SSSI)

Ref	Page	Policy/ para	Main Modification
			proposals likely to have an adverse impact within or outside of a SSSI, either individually or in combination with other developments, will not normally be permitted. An exception will only be made when it can be demonstrated that the benefits of the development clearly outweigh the impact on the site or network of sites.
			New development or land use changes likely to have an adverse effect on such sites, directly or indirectly, will not be allowed unless there are no reasonable alternative means of meeting that development need and the reasons for development clearly outweigh the intrinsic nature conservation and/or geological value of the site or network of sites.
MM29	48-49	Policy 16, Reasoned Justification para 6	Within the Borough there are currently six sites of national wildlife importance designated as Sites of Special Scientific Interest (SSSI) which cover a range of different habitats. SSSIs are important for their wildlife, geological or physiological features and are legally protected under the Wildlife and Countryside Act 1981, as amended by the Countryside and Rights of Way (CROW) Act 2000 and the Natural Environment and Rural Communities (NERC) Act 2006. Regional sites of wildlife importance in the Borough include Local Wildlife Sites (LWS – formerly known as Special Wildlife Sites) which have been identified by the Worcestershire Local Sites Partnership as being of substantive nature conservation value. Local Nature Reserves (LNR) are declared by Local Authorities under Section 21 of the National Parks and Access to the Countryside Act 1949, and amended by Schedule 11 of the Natural Environment and Rural Communities Act 2006. Any additional wildlife sites identified during this Plan period will also be protected by this policy. The principles of the NPPF to be applied in determining planning applications affecting sites of wildlife importance can be found in paragraph 118 of the NPPF.
MM30	49	Policy 17, para 2	Any development sites that are located in areas that are subject to flood risk will need to demonstrate that there are no other reasonable locations for development in accordance with the 'Sequential Approach <u>Test</u> ' and 'Exception Test' (where appropriate) as set out in the Technical Guidance to the National Planning Policy Framework <u>National Planning Practice</u> <u>Guidance</u> and have regard to the Strategic Flood Risk Assessment (SFRA) for Redditch. <u>A sequential approach should also be taken in site design.</u> Development will be designed to be safe taking into account the lifetime of the development, and the need to <u>consider and</u> adapt to climate change.
MM31	49	Policy 17, para 3	In addition, any development in areas that are subject to flood risk will need to demonstrate that adequate flood protection has been incorporated on site and that the effects elsewhere have been fully assessed and mitigated against. Opportunities should be sought to demonstrate flood risk improvements, wherever possible to provide multiple benefits when managing flood risks, for example to provide amenity benefit or ecological improvements. It is expected that any on-site flood defences required will be

Ref	Page	Policy/ para	Main Modification
		•	provided and financed by the developer of the site.
MM32	50	Policy 17, Reasoned Justification para 1	If, once the Sequential Test has been applied, insufficient sites are identified the 'Exception Test' (as defined in the Technical Guidance to the National Planning Policy Framework) can be applied <u>where necessary</u> . This may, in certain circumstances, justify development taking place in Flood Zone 2 or Flood Zone 3.
MM33	50	Policy 17, Reasoned Justification para 2, 2 nd bullet	 consider the risk of flooding arising from the development in addition to the risk of flooding <u>from all sources</u> to the development;
MM34	50	Policy 17, Reasoned Justification para 2, 6 th bullet	 consider the vulnerability of those that could occupy and use the development, taking account of the Sequential and Exception Tests and the vulnerability classification as per the Technical Guidance to the NPPF, including arrangements for 'safe development' <u>having regard to the FRA</u> requirements within the Level 2 Strategic Flood Risk Assessment (SFRA) for Redditch (2012) including setting of appropriate Finished Floor Levels, with flood proofing techniques considered (where appropriate), and safe access;
MM35	50	Policy 17, Reasoned Justification para 2, new bullet at end	applicants should refer to Table 1 and 2 of the Government's Climate Change Allowances guidance and seek contact with the Environment Agency for any detailed river catchment climate change data.
MM36	53	Policy 18, Reasoned Justification para 4	Through the use of SuDS techniques and the requirement for new developments to be assessed against either the Code for Sustainable Homes the new national technical standards or BREEAM <i>(for non-domestic developments)</i> , water demand will be significantly lowered. The Level 2 SFRA contains more guidance on the appropriate application of SuDS.
MM37	55	Policy 19, Reasoned Justification para 8	The transport network must be maintained and managed in a way that preserves strategic routes, and supports business efficiency which is critical

Ref	Page	Policy/ para	Main Modification
			impact assessment-must be undertaken and, where necessary, planning conditions and planning obligations, including financial contributions to securing highways improvements may be sought, to ensure that the function of the network is maintained and appropriate financial contributions to improvements are made.
MM38	58	Policy 20, criterion i.	A Transport Assessment will be required where it is considered that development will have significant transport implications. <u>The assessment of</u> <u>traffic impact should be undertaken in line with the policies in the Plan and</u> <u>other relevant transport policy and guidance.</u>
MM39	58	Policy 20, criterion ii.	A Travel Plan will be required alongside <u>all certain</u> developments <u>which</u> generate significant amounts of movement
MM40	58	Policy 20, criterion v.	v. all proposals will be expected to be located <u>accessible to within 250m of</u> local services (in accordance with the retail hierarchy this should either be a parade of local shops or a District Centre) and a public transport link (i.e. bus stop or train station);
MM41	58	Policy 20, criterion vii.	The cumulative effects of development on transport infrastructure must be assessed and solutions sought in line with the policies in this Plan <u>and other</u> <u>relevant transport policy and guidance</u> , with particular regard to the cumulative effects of the delivery of the Strategic Sites
MM42	58	Policy 20 New criterion to be inserted at end of (and within) policy.	The Council will use mechanisms such as planning conditions and planning obligations, including financial contributions where necessary to secure the timely delivery of any necessary transport mitigation measures.
MM43	58	Policy 20 New criterion to be inserted at end of (and within) Policy.	Development of transport infrastructure provision will be co-ordinated in line with the up to date Infrastructure Delivery Plan, which will be subject to regular review.
MM44	59	Policy 20, Reasoned Justification para 2	A Travel Plan will be expected where proposals <u>generate significant amounts</u> of movement, including development which exceeds for development exceed the following thresholds
MM45	64	Policy 23, para 1	Provision is made for the identification of around 55 hectares of land which are available for employment uses for the period up to 2030. Around 27.5 hectares will be accommodated within Redditch Borough and around 5.5 hectares will be accommodated within Bromsgrove District at <u>the north</u> <u>western section of the existing</u> Ravensbank <u>business park</u> . Within this provision, an allowance has been made to accommodate waste management facilities, within Redditch Borough, as identified in the Waste Core Strategy

MM49 72 Policy 25, para 1 employment provision to meet Redditch related employment needs. Around 10 hectares will be accommodated in Bromsgrove District at the former Ravensbank ADR, adjacent to the south eastern boundary of the existing Ravensbank business park and a -minimum of 42-hectares further employment provision will be accommodated within Stratford-upon-Avon District at Gorcott (around 7 hectares) and Winyates Green Triangle (around 12 hectares). MM47 64 Policy 23, para 3 The Redditch Eastern Gateway aims to provide a significant enhancement to the employment land supply through the creation of a high-profile and accessible employment scheme to take advantage of the demand of the M40/M42 corridor The site should develop as a high quality business-park to support both existing businesses and to provide the opportunity to diversify the employment base of Redditch and the surrounding areas threugh attracting businesses that are not currently provided for within the existing eupply of sites. Comprehensive development of the three areas that comprise this initiative should: MM48 72 Policy 25, para 1 Sites within the urban area other than those within designated Primarily Employment Areas may be suitable for economic development, redevelopment proposals should: MM49 74 Policy 29, para 1 In order to support the expansion of electronic communications networks, (including telecommunications and high speed broadband) all developments should make provision for the service infrastructure required at the design stage of any proposal suitable for occupiers of all development. MM52	90	Policy 36, para 1	the definition of 'Local Centres' in the NPPF. Designated heritage assets including listed buildings, structures and their settings; conservation areas; and scheduled ancient monuments, will be given the highest level of protection and should be conserved and enhanced. Non-designated <u>heritage assets</u> , nationally important archaeological remains and locally listed heritage assets, and their settings will also need to be conserved and enhanced in a manner appropriate to their significance and contribution to the historic environment.
MM53	101	Policy 40, criterion iv	iv. include where appropriate, public art that is well designed, <u>takes into</u> <u>account the risk of crime, is</u> integrated within the overall design and layout of the development, located where it can be easily observed, improves public outdoor space and legibility and creates landmarks;
MM54	101	Policy 40, criterion vi	vi. encourage community safety and 'design out' vulnerability to crime by incorporating the principles, concepts and physical security standards of the 'Secured by Design' award scheme; providing infrastructure for policing and emergency services; and considering the incorporation of fire safety measures;
MM55	102	Policy 40, Reasoned Justification para 5	The 'Secured by Design' award scheme focuses on crime prevention at the design, layout and construction stages of homes and commercial premises and promotes the use of security standards (www.securedbydesign.com). Redditch Borough Council and North Worcestershire Community Safety Partnership will publicise and promote developments that achieve Secured by Design Standards. This scheme or any relevant scheme at the time should be adhered to in order to encourage community safety and 'design out' vulnerability to crime. New development can put additional pressure on the infrastructure of West Mercia Police and Hereford & Worcester Fire and Rescue Service. Proposals should make provision for this infrastructure as identified in the IDP to ensure that Redditch Borough is a safe and attractive place to live and work.
MM56	104	Policy 42, criterion iv	iv. they would not impede natural surveillance, be an obstruction security to surveillance cameras; and
MM57	113	Policy 46, Para 1	A Strategic Site at Brockhill East is appropriate for a high quality mixed use development comprising around 4,0001,025 dwellings, employment (8.45ha) and relevant community facilities and services including, a District Centre (including convenience retail store), a first school and a sustainable public transport network.
MM58	114	Policy 46, 'Infrastructu re' Insert new	xv. proposals should demonstrate that there is no adverse risk of pollution to controlled waters through the submission of an appropriate risk assessment and if necessary, a site investigation and mitigation scheme;

Ref	Page	Policy/ para	Main Modification
		criterion	
MM59	114	Policy 46, 'Infrastructu re' Insert new criterion	xxii drainage proposals for the site should include appropriate pollution prevention measures to avoid risks to controlled waters.
MM60	115	Policy 46, Reasoned Justification para 2	An appropriate location should be determined in Brockhill East for a District Centre which is needed in north Redditch, in the Brockhill area. This District Centre should satisfy any convenience needs of the <u>local</u> community. Where If proposals for convenience retail is to be provided in the Brockhill area exceed the level of retail provision normally associated with a District Centre location (see Policy 30), this will be subject to an impact assessment on surrounding District Centres to ensure there are no negative impacts.
MM61	116	Policy 46, Reasoned Justification Insert new para.	The site is underlain by the Mercia Mudstone Group, which is classified as a secondary aquifer. Development proposals must demonstrate that there is no adverse pollution risk to the aquifer through the submission of an appropriate risk assessment and if necessary, a site investigation and mitigation scheme.
MM62	120	Policy 47 Insert new criterion	ix proposals should demonstrate that there is no adverse risk of pollution to controlled waters through the submission of an appropriate risk assessment and if necessary, a site investigation and mitigation scheme;
MM63	120	Policy 47	and <u>xiv</u> incorporate any necessary infrastructure identified for the effective delivery of the site; and <u>xv</u> drainage proposals for the site should include appropriate pollution prevention measures to avoid risks to controlled waters.
MM64	120	Policy 47, first paragraph after final criterion	Land immediately south of the Alexandra Hospital is not included within the Strategic Site boundary and will be safeguarded for health related purposes, this should be considered when formulating proposals for the Strategic Site.
MM65	120	Policy 47, second paragraph after final criterion	This Strategic Site is expected to be delivered 6-10 within 5 years following Local Plan adoption. The Borough Council will issue further strategic planning guidance in order to guide and accelerate the sustainable delivery of this Strategic Site.
MM66	120	Policy 47, Reasoned Justification para 1	The NHS Trust has indicated that the land immediately south of the hospital (which is not within the Strategic Site boundary) must be safeguarded for future health related development associated with the hospital. This also aligns with Policy 44 Health Facilities which seeks to ensure this land is protected for health purposes.
MM67	122	Policy 47, Reasoned	The site is underlain by the Mercia Mudstone Group, which is classified as a secondary aquifer. Development proposals must demonstrate that there is no

Main Modification MM70

Appendix 2: Schedule of Housing Sites

Policy 4 Housing Provision explains how Redditch Borough Council will meet its housing needs of around 6400 dwellings between 1 April 2011 and 31 March 2030.

This appendix provides more detailed information on the component parts of the housing target. Additional monitoring information is available from the Development Plans Team. Monitoring information and the Strategic Housing Land Availability Assessment (SHLAA) are updated annually on 1 April.

i. Sites allocated for housing development in the Borough of Redditch in order to meet the Strategic Housing Target for the period 2011-2030

No.	Site Name	Capacity for completions on or after 1.4.2011	Completions 1.4.2011 - 31.3.2013	Brownfield/ Greenfield	Area (Ha)
