

Redditch Borough Council

18th June 2018

Agenda item no. 6 – Questions on Notice

1. From Councillor Joe Baker to the Leader:

As we are all aware the last administration under Councillor Hartnett championed equality and diversity and did a large number of events and policies that showed this Council to be forward thinking and a leading role model, we even won an award to show this. Could the Leader please advise the Council and our residents that he will continue with the good record this Council holds in regards to its equality and diversity policies and assure us that he champions these sectors in our community?
