(Report of the Head of Strategy and Partnerships)

1. Summary of Proposals

This report provides a view on aspects of the Council's overall performance. It shows which performance indicators, when compared to the same quarter last year, are exceeding their target, are not on target and where performance has remained static.

This report provides Members with an opportunity to review the Council's performance for quarter 2 of the 2009/10 financial year and to comment upon it.

2. Recommendation

The Committee is asked to RESOLVE that

the update on key performance indicators for the period July 2009 – September 2009 be noted and commented upon.

3. Financial, Legal, Policy and Risk Implications

Financial

- 3.1 Poor performance may have an impact on the financial position of the authority.

Legal

- 3.2 Under the Local Government and Public Involvement in Health Act 2007, a set of 198 new National Indicators was introduced to replace the previous Best Value Performance Indicators. These cover all public authorities and are not all applicable to Redditch Borough Council.

Policy

- 3.3 The Council's Corporate Plan makes a clear commitment to improve the way in which priority actions are planned and to improve the way in which performance is managed, including setting Service Standards.

Risk

- 3.4 Without adequate performance management the Council cannot review its performance at a corporate or service level adequately.

Sustainability / Environmental

- 3.5 There are a total of 4 performance indicators that relate to air quality and climate change within the list of new National Indicators (NI 185, NI 186, NI 188 and NI 194). These are all reported annually.

Report

4. Background

- 4.1 The National Indicator (NI) set was introduced with effect from the 1 April 2008 and became the only indicators that public authorities will be required to report on to central Government. Figures collected for 2008/09 formed the baseline for future reporting. 28 national indicators are included in the Local Area Agreement for Worcestershire.
- 4.2 A number of former Best Value Performance Indicators (BVPI's) have been retained and are now included in the list of local performance indicators.
- 4.3 The Council uses an electronic data collection (EDC) spread sheet to show our current and historic performance against selected national indicators and local performance indicators.
- 4.4 Quarterly reporting is intended to drive improvement based on organisational need and local priorities.

5. Key Issues

Basis of Quarterly Reporting

- 5.1 In moving the agenda forward, the Council looked to address the following:
- (a) Retaining a tighter focus at a corporate level – with a clearly defined number of indicators reported and monitored.
 - (b) Developing capacity for Directorates to strengthen performance management by focusing on service plan commitments.
