

8. NOTICES OF MOTION

The following Notices of Motion have been submitted, by the Councillors indicated, in accordance with Standing Order 6:-

A. REDDITCH STUDENT COUNCIL

"At the present time, Redditch Student Council does not have any representation from Students attending Special Schools in the Town.

Redditch Borough Council seeks to address this and would offer the opportunity for young people from our Special Schools to be included as a matter of urgency.

Redditch Borough Council actively encourages inclusion and will task Officers to work with Redditch Student Council enabling students from all schools to be represented."

Proposed by Councillor J Brunner

Seconded by Councillor B Clayton.

B. EXTENSION OF CLOSED CIRCUIT TV PROVISION

"Redditch Borough Council has extended CCTV across the town.

However Crabbs Cross does not currently benefit from this provision.

We believe that, with the level of Anti Social Behaviour in Crabbs Cross, CCTV should be installed as a matter of urgency to combat this.

We call on the Leader of the Council to bring forward the schedule for the extension of the CCTV programme so that this can be dealt with as soon as possible."

Proposed by Cllr Jack Field

Seconded by Cllr David Smith
