

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

THE INTERNAL AUDIT PROGRESS REPORT OF THE HEAD OF INTERNAL AUDIT SHARED SERVICE; WORCESTERSHIRE INTERNAL AUDIT SHARED SERVICE.

Relevant Portfolio Holder	Councillor David Thain
Portfolio Holder Consulted	Yes
Relevant Head of Service	Chris Forrester, Financial and Customer Services
Ward(s) Affected	All Wards
Ward Councillor(s) Consulted	No
Key Decision / Non-Key Decision	Non–Key Decision

1. SUMMARY OF PROPOSALS

1.1 To present:

- the monitoring report of internal audit work for 2020/21 and residual 2019/20.

2. RECOMMENDATIONS

2.1 **The Committee is asked to RESOLVE that the report be noted.**

3. KEY ISSUES

Financial Implications

3.1 There are no direct financial implications arising out of this report.

Legal Implications

3.2 The Council is required under Regulation 6 of the Accounts and Audit Regulations 2018 to “maintain in accordance with proper practices an adequate and effective system of internal audit of its accounting records and of its system of internal control”.

Service / Operational Implications

3.3 The involvement of Member’s in progress monitoring is considered to be an important facet of good corporate governance, contributing to the internal control assurance given in the Council’s Annual Governance Statement.

This section of the report provides commentary on Internal Audit’s performance for the period 01st April 2020 to 30th June 2020 against the performance indicators

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

agreed for the service and further information on other aspects of the service delivery.

Summary Dashboard 2020/21:

Total reviews planned for 2020/21:	16 (minimum)
Reviews finalised to date for 2020/21:	0
Assurance of 'moderate' or below:	0
Reviews awaiting final sign off:	1
Reviews ongoing:	5
Reviews to be completed:	19
Number of 'High' Priority recommendations reported:	0
Satisfied 'High' priority recommendations to date:	0
Productivity:	50% (against targeted 74%)
Overall plan delivery to date:	9% (against target >90%)

2019/20 AUDIT REPORTS ISSUED/COMPLETED SINCE THE LAST PROGRESS REPORT (30th January 2020):

In summary they are:

- Planning Process Incl. s106 and Planning Application Process
- Debtors
- Safeguarding
- Creditors
- Payroll
- Contract Management Client Side – Rubicon
- Main Ledger
- NNDR
- Council Tax
- Worcestershire Regulatory Services

Reports awaiting management sign off:

- St David's House (Finalised but requires CMT sign off)
- Asbestos Regulation Compliance
- Benefits
- Business Continuity
- ICT

Summary Dashboard 2019/20:

Reports finalised	11 (incl. St David's House)
'High' priority recommendations reported	3
'Medium' priority recommendations reported	15
'Low' priority recommendation reported	5
'Moderate' or above assurances	10
'Limited' or below assurances	0
'Critical Friend'	1

Full reports for finalised audits are contained at Appendix 3.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Health and Safety and Housing, Repairs and Maintenance- Stocks and Stores findings have been previously reported to Committee. The 'follow up' position reported at Appendix 4 is not included in the above figures.

All 'limited' assurance reviews go before CMT for full consideration.

2020/21 AUDITS ONGOING AS AT 30th JUNE 2020

Reviews progressing through clearance or draft report awaiting management sign off stage include:

- Orb

Reviews progressing through testing stage included:

- Health and safety
- Use of Agency and Consultants
- Leisure Contract Management

The summary outcome of all of the above reviews will be reported to Committee in due course when they have been completed and management have confirmed an action plan.

A rolling testing programme on key core financial areas will take place during quarters 1 to 3 inclusive. The rolling testing programme results are being amalgamated at the end of quarter 3 and formal audit reports will be issued with any findings during quarter 4.

The 2020/21 plan will reflect the delayed start and certain lesser risk reviews will need to be rolled to next years plan. Priority will be given to potentially higher risk areas e.g. limited assurance audits. As we return to the new normal the impact of restrictions of the COVID-19 lockdown on the plan will be closely managed as the year progresses. The plan for 2020/21 will therefore remain very flexible but the core financial areas of the business will be considered and reported on and there is sufficient coverage for the Head of Internal Audit to provide an overall opinion. Committee will be regularly informed of developments throughout the year and any variations to the plan will be overseen by the Executive Director and s151 Officer.

Critical review audits are designed to add value to an evolving Service area. Depending on the transformation that a Service is experiencing at the time of a scheduled review a decision is made in regard to the audit approach. Where there is significant change taking place due to transformation, restructuring, significant legislative updates or a comparison required a critical review approach will be used. In order to assist the service area to move forwards a number of challenge areas will be identified using audit review techniques. The percentage of critical reviews will be confirmed as part of the overall outturn figure for the audit programme. The outturn from the reviews will be reported in summary format as part of the regular reporting as indicated at 3.3 above.

Follow up reviews are an integral part of the audit process. There is a rolling programme of review that is undertaken to ensure that there is progress with the

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

implementation of the agreed action plans. The outcome of the follow up reviews will be reported in full from July 2020 onwards so the general direction of travel and the risk exposure can be considered by Committee. An escalation process continues to be developed involving CMT and SMT to ensure more effective use of resource in regard to follow up and reduce the number of revisits necessary to confirm the recommendations have been satisfied.

3.4 AUDIT DAYS

Appendix 1 shows the progress made towards delivering the 2020/21 Internal Audit Plan and achieving the targets set for the year. As at 30th June 2020 a total of 38 days had been delivered against an overall target of 400 days for 2020/21.

Appendix 2 shows the performance indicators for the service. Performance and management indicators were first considered by the Committee on the 30th January 2020 for 2020/21.

Appendix 3 provides copies of the reports that have been completed and final reports issued.

Appendix 4 provides the Committee with 'Follow Up' reports that have been undertaken to monitor audit recommendation implementation progress by management.

3.5 OTHER KEY AUDIT WORK

Much internal audit work is carried out "behind the scenes" but is not always the subject of a formal report. Productive audit time is accurately recorded against the service or function as appropriate. Examples include:

- Governance for example assisting with the Annual Government Statement
- Risk management
- Transformation review providing support as a 'critical appraisal'
- Dissemination of information regarding potential fraud cases likely to affect the Council
- Drawing managers' attention to specific audit or risk issues
- Audit advice and commentary
- Internal audit recommendations: follow up review to analyse progress
- Day to day audit support and advice for example control implications, etc.
- Networking with audit colleagues in other Councils on professional points of practice
- National Fraud Initiative.
- Investigations

National Fraud Initiative

- 3.6 There has been on going work undertaken in regard to the National Fraud Initiative. This year is the 2 yearly cycle of data extraction and uploading to enable matches to be reported. Worcestershire Internal Audit Shared Service (WIASS) has a coordinating role in regard to this investigative exercise for Redditch Borough Council. An upload of Council Tax single person discount and Election data took

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

place in January 2020 and was overseen by WIASS. A further substantial upload of data is due to take place in December 2020.

Monitoring

- 3.7 To ensure the delivery of the 2020/21 plan and any revision required there will be close and continual monitoring of the plan delivery, forecasted requirements of resource – v – actual delivery, and where necessary, additional resource will be secured to assist with the overall Service demands. The Head of Internal Audit Shared Service remains confident his team will be able to provide the required coverage for the year over the authority's core financial systems, as well as over other systems which have been deemed to be 'high' and 'medium' risk. Due to changing circumstances and the impact of the COVID-19 pandemic a variation in the plan will be required. This will be agreed on a risk priority basis with the s151 Officer as the year progresses. With any adjustment to the plan there will remain comprehensive audit coverage for 2020/21.

3.8 **Quality Assurance Improvement Plan**

- 3.9 WIASS delivers the audit programme in conformance with the International Standards for the Professional Practice of Internal Auditing (ISPPA) as published by the Institute of Internal Auditors. Further improvement will be identified through the self assessment process which will be carried out by the end of August 2020 and will be reported to Committee.

Customer / Equalities and Diversity Implications

- 3.10 There are no implications arising out of this report.
- 3.11 The Worcestershire Internal Audit Shared Service (WIASS) is committed to providing an audit function which conforms to the Public Sector Internal Audit Standards.
- 3.12 We recognise there are other review functions providing other sources of assurance (both internally and externally) over aspects of the Council's operations. Where possible we will seek to place reliance on such work thus reducing the internal audit coverage as required.
- 3.13 WIASS confirms it acts independently in its role and provision of internal audit.

4. RISK MANAGEMENT

- 4.1 The main risks associated with the details included in this report are:
- Failure to complete the planned programme of audit work within the financial year; and,
 - The continuous provision of an internal audit service is not maintained.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

5. APPENDICES

Appendix 1 ~ Internal Audit Plan delivery 2020/21
Appendix 2 ~ Performance indicators 2020/21
Appendix 3 ~ Finalised audit reports including definitions.
Appendix 4 ~ 'Follow-up' reports

6. BACKGROUND PAPERS

Individual internal audit reports are held by Internal Audit.

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

APPENDIX 1

Delivery against Internal Audit Plan for 2020/21
1st April 2020 to 30th June 2020

Audit Area	2020/21 PLAN DAYS	Forecasted days to the 30th September 2020	Actual Days used to 30th June 2020
Core Financial Systems (see note 1)	90	7	4
Corporate Audits	78	27	14
Other Systems Audits(see note 2)	178	67	15
SUB TOTAL	346	101	33
Audit Management Meetings	20	10	3
Corporate Meetings / Reading	9	5	2
Annual Plans, Reports and Audit Committee Support	25	12	0
Other chargeable			
SUB TOTAL	54	27	5
TOTAL (see note 4)	400	128	38

Note 1

Core Financial Systems are audited predominantly in quarters 3 and 4 in order to maximise the assurance provided for Annual Governance Statement and Statement of Accounts but not interfere with year end. A rolling programme continues for Debtors and Creditors to maximise coverage and sample size. The results will be reported during Q4.

Note 2

A number of the budgets in this section are 'on demand' (e.g. consultancy, investigations) so the requirements can fluctuate throughout the quarters. If there is little demand for certain budgets this is reflected in the overall usage, however, it does not necessarily reduce the coverage of the overall plan.

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Appendix 2

PERFORMANCE INDICATORS 2020/21

The success or otherwise of the Internal Audit Shared Service will be measured against some of the following key performance indicators for 2020/21. Other key performance indicators link to overall governance requirements of Redditch Borough Council e.g. KPI 4. The position will be reported on a cumulative basis throughout the year.

	KPI	Trend/Target requirement/Direction of Travel	2020/21 Position (as at 30 th June 2020)		Frequency of Reporting
Operational					
1	No. of audits achieved during the year	Per target	Target = 16 (Minimum) Delivered = Nil to date		When Audit Committee convene
2	Percentage of Plan delivered	>90% of agreed annual plan	9%		When Audit Committee convene
3	Service productivity	Positive direction year on year (Annual target 74%)	50%		When Audit Committee convene
Monitoring & Governance					
4	No. of 'high' priority recommendations	Downward (minimal)	Nil to date (2019/20 = 12)		When Audit Committee convene
5	No. of moderate or below assurances	Downward (minimal)	Nil to date (2019/20 = 11)		When Audit Committee convene
6	'Follow Up' results	Management action plan implementation date exceeded (Nil)	Nil to date		When Audit Committee convene
Customer Satisfaction					
7	No. of customers who assess the service as 'excellent'	Upward (increasing)	Nil to date (previous year total)		When Audit Committee convene

WAISS conforms to the Public Sector Internal Audit Standards (as amended).

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

APPENDIX 3

2019/20 Residual Audit Reports.

Appendices A & B are indicated below and are applied to all reports. To save duplication these have been produced once, listed below and removed from the reports.

Definition of Audit Opinion Levels of Assurance

Priority	Definition
High	Control weakness that has or is likely to have a significant impact upon the achievement of key system, function or process objectives. Immediate implementation of the agreed recommendation is essential in order to provide satisfactory control of the serious risk(s) the system is exposed to.
Medium	Control weakness that has or is likely to have a medium impact upon the achievement of key system, function or process objectives. Implementation of the agreed recommendation within 3 to 6 months is important in order to provide satisfactory control of the risk(s) the system is exposed to.
Low	Control weakness that has a low impact upon the achievement of key system, function or process objectives. Implementation of the agreed recommendation is desirable as it will improve overall control within the system.

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Opinion	Definition
Full Assurance	<p>The system of internal control meets the organisation's objectives; all of the expected system controls tested are in place and are operating effectively.</p> <p>No specific follow up review will be undertaken; follow up will be undertaken as part of the next planned review of the system.</p>
Significant Assurance	<p>There is a generally sound system of internal control in place designed to meet the organisation's objectives. However isolated weaknesses in the design of controls or inconsistent application of controls in a small number of areas put the achievement of a limited number of system objectives at risk.</p> <p>Follow up of medium priority recommendations only will be undertaken after 6 months; follow up of low priority recommendations will be undertaken as part of the next planned review of the system.</p>
Moderate Assurance	<p>The system of control is generally sound however some of the expected controls are not in place and / or are not operating effectively therefore increasing the risk that the system will not meet it's objectives. Assurance can only be given over the effectiveness of controls within some areas of the system.</p> <p>Follow up of high and medium priority recommendations only will be undertaken after 6 months; follow up of low priority recommendations will be undertaken as part of the next planned review of the system.</p>
Limited Assurance	<p>Weaknesses in the design and / or inconsistent application of controls put the achievement of the organisation's objectives at risk in many of the areas reviewed. Assurance is limited to the few areas of the system where controls are in place and are operating effectively.</p> <p>Follow up of high and medium priority recommendations only will be undertaken after 6 months; follow up of low priority recommendations will be undertaken as part of the next planned review of the system.</p>
No Assurance	<p>No assurance can be given on the system of internal control as significant weaknesses in the design and / or operation of key controls could result or have resulted in failure to achieve the organisation's objectives in the area reviewed.</p> <p>Follow up of high and medium priority recommendations only will be undertaken after 6 months; follow up of low priority recommendations will be undertaken as part of the next planned review of the system.</p>

4. Detailed Findings and Recommendations	65
Independence and Ethics:.....	66
APPENDIX A	Error! Bookmark not defined.
APPENDIX B	Error! Bookmark not defined.

1. Introduction

- 1.1. The audit of the Planning Application Including Section 106 agreements was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council for 2019/20 as approved at the Audit, Governance and Standards Committee on 29th July 2019. The audit was a risk based systems audit of the Planning Application Including Section 106 agreements as operated by Redditch Borough Council.
- 1.2. This area of the review incorporates all of the strategic purposes of for Redditch Borough Council.
- 1.3. There are no corporate or service risk entries relevant to this review.
- 1.4. This review was undertaken during the months of September, October and November 2019.

2. Audit Scope and objective

- 2.1. This review has been undertaken to provide assurance that: -

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- Planning applications are processed in line with the planning policy and in a timely manner.
- Monies in relation to S106 Planning Obligations are collected by the Council and used in line with the agreement within the specified timelines.
- There is a clear customer journey on the process of a planning applications being put through the system. (Appendix C)

2.2. The scope covered:

- Planning Application processes
- Section 106 – (Collection of monies, compliance)
- Uniform System – (Monitoring of applications, reporting)

2.3. This reviewed covered the period from 1st April 2019 to the 24th September 2019.

2.4. This review did not cover: -

- Decision made on Planning Applications
- The details of the S106 Agreement

3. Audit Opinion and Executive Summary

3.1. From the audit work carried out we have given an opinion of:

Significant Assurance over the control environment in relation to Planning Applications: and
Moderate Assurance over the control environment in relation to S106 Planning Agreements.

The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the “Definition of Audit Opinion Levels of Assurance” table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3.2. We have given an opinion of **Significant Assurance** for Planning Applications and **Moderate Assurance** for Section 106 agreements because there is a sound system of control in place, but some of the expected controls are not in place and are not operating effectively therefore assurance can only be given over the effectiveness of controls within some areas of the system.

3.3. The review found the following areas of the system were working well:

- Planning Application Processes.
- That the national planning policy framework is being adhered to correctly.
- Monitoring of planning applications
The Uniform system has a sound control for monitoring applications.

3.4. The review found the following areas of the system where controls could be strengthened:

	Priority (see Appendix B)	Section Recommendation number	4
Section 106 agreements monitoring	Medium	1	
Decision Notices for Planning Applications	Low	2	

4. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

New matters arising					
1	M	<p>Section 106 agreements Monitoring</p> <p>A review of section 106 monitoring arrangements found that:</p> <p>1.) Monitoring is reliant on different officers in separate service areas maintaining the current monitoring spreadsheet.</p> <p>2.) Expenditure is not easily identified against an individual Section 106 agreement and therefore not able to be fully reconciled with the current financial system. Although a yearly overall reconciliation is undertaken between the S106 monitoring spreadsheet and the Finance System.</p> <p>Compliance</p> <p>Testing of a random sample of 10 Section 106 agreements found: -</p> <p>1.) Five agreements where non-monetary Section 106 agreements were not incorporated into the monitoring spreadsheet and monitoring controls could not be identified elsewhere.</p>	<p>There is a risk that there is no controls in place over the monitoring of the spreadsheet meaning that money that is owed to the council may not be getting collected or paid out on time.</p> <p>There is also a risk that there are non-monetary agreements in place but no controls over the monitoring of obligations required by the council which may affect the council's reputation.</p>	<p>To conduct a full review of the monitoring that takes place currently in relation to Section 106 agreements monetary and non-monetary and determine if the current monitoring process used is fit for purpose and fits the needs of the council. This review needs to consider if additional monitoring is required in relation to the capture of expenditure against each individual S106 agreement. . Especially as this is the ideal opportunity with the implementation of a new finance system.</p> <p>To review who has the overall responsibility of the Section 106 agreements in the authority and is responsible for actively monitoring the S106 agreements or if this is a requirement where current resources need to be reviewed with the potential of using some S106 monies for</p>	<p>Responsible Manager: Strategic Planning And Conservation Manager</p> <p>Implementation date: June 2020</p> <p>Agreed Strategic Planning And Conservation Manager will lead on this</p> <p>Agreed. Strategic Planning And Conservation Manager will lead on this</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

		2.) Three agreements where monetary Section 106 agreements had no monitoring in place over the individual spend on the cost codes through E-Fin.		the administration of S106 agreements A full reconciliation between the S106 monitoring database and the financial system should be undertaken on at least a quarterly basis.	Agreed. Finance - Business Support Technician will lead on this
2	L	Decision Notices for Planning Applications Testing of 26 planning applications found that:- 1.) Two applications where the decision could not be located on the public access, even though the decision was found on the uniform system.	If the authority does not put the decision notice on the public access then there is risk of the planning application not being transparent in accordance to the planning framework.	Review procedures to ensure that all decision notices are included on the public planning portal.	Responsible Manager: Area Planning Manager Implementation date: Already implemented

5. Independence and Ethics:

- WIASS confirms that in relation to this review there were no significant facts or matters that impacted on our independence as Internal Auditors that we are required to report.
- WIASS conforms with the Institute of Internal Auditors Public Sector Internal Audit Standards 2013 as amended and confirms that we are independent and are able to express an objective opinion in relation to this review.
- WIASS confirm that policies and procedures have been implemented in order to meet the IIA Ethical Standards.
- Prior to and at the time of the audit no non-audit or audit related services have been undertaken for the Council within this area of review.

Andy Bromage
Head of Internal Audit Shared Services

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Worcestershire Internal Audit Shared Service

Final Internal Audit Report

Sundry Debtors 2019/20

10th March 2020

Distribution:

To: Financial Support Manager

CC: Executive Director Finance and Resources (S151 officer)

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

1. Introduction

- 1.1. A light touch review of Sundry Debtors was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council, as approved at the Audit, Governance and Standards Committee on 29th July 2019.
- 1.2. This review does not relate directly to the Councils Strategic Purposes but does underpin them as the system is used for the raising of invoices for the collection of Sundry Income.
- 1.3. There were no risks on the corporate or Service risk register relevant to this review.
- 1.4. The testing in relation to this review was undertaken during the months of April 2019 to December 2019. It was reviewed during January 2020.

2. Reasoning for Light Touch Review

- 2.1. There has been no recent or planned change in the system used or the key responsible officer for this area.
- 2.2. The last three years audits have been given the following assurance:

Year	Assurance (Please see Appendix A)
2018/19	Full
2017/18	Significant
2016/17	Significant

3. Audit Scope

- 3.1. Testing of 90 Debtors invoices randomly selected across the period was undertaken to ensure that:
 - Invoices were raised for items that are reasonable for the council to charge for

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- Invoice clearly states the name and contact details in case of query
 - Invoices clearly stated the Debtors name and reference, goods/services supplied, charge and VAT amounts
 - The charges applied are in accordance with the Council's scale of fees and charges
- 3.2. The five highest gross value aged debtors were selected in bias and tested to ensure that the debts had been chased in line with the Council's Debt Management Policy. It was found that debts were being chased where appropriate (a number of these debts are in line with Housing Benefits and as such can be sensitive) however the chasing was not always systematic.
- 3.3. Debtor Write Off was tested to ensure appropriate authorisation had been given. Papers for April, May and June were provided with authorisation. However, the authorised papers for July to December had been misplaced. A total of £34,259.80 debt has been written off in the period.

4. Audit Opinion and Executive Summary

- 4.1. If any major control/risk issues had been highlighted during the testing this would have been reported at the time. The missing authorised papers for debtor write off were reported verbally to CMT on the 14th January 2020.
- 4.2. From the audit work carried out we have given an opinion of **significant assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.
- 4.3. We have given an opinion of **significant assurance** in this area because there is a reasonably sound system of internal control in place but our testing in relation to the controls at 3.3 above found that records of authorisation of Debtor Write Offs have been misplaced.

5. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the "Definition of Priority of Recommendations" table in Appendix B.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Ref.	Priority	Finding	Risk	Recommendation	Management Response and Action Plan
1	M	<p>Debtor Write Off</p> <p>The electronic sheets of debts to be written off are printed and manually authorised. Manual authorisation sheets for July-Dec 2019 have been misplaced.</p>	Potential for financial loss.	<p>If the current process of debt write off is to continue then the manual authorisation sheets are to be scanned and held electronically.</p> <p>Going forward, any new system to consider system authorisation of write offs.</p>	<p>All records of write offs are now scanned and held electronically so evidence of write off authorisation will be fully available</p> <p>Responsible Manager: David Riley</p> <p>Implementation date: Implemented</p>

6. Independence and Ethics:

- WIASS confirms that in relation to this review there were no significant facts or matters that impacted on our independence as Internal Auditors that we are required to report.
- WIASS conforms to the Institute of Internal Auditors Public Sector Internal Audit Standards as amended and confirms that we are independent and are able to express an objective opinion in relation to this review.
- WIASS confirm that policies and procedures have been implemented in order to meet the IIA Ethical Standards.
- Prior to and at the time of the audit no non-audit or audit related services have been undertaken for the Council within this area of review.

APPENDIX A	Error! Bookmark not defined.
APPENDIX B	Error! Bookmark not defined.

1. Introduction

- 1.1. The audit of the safeguarding of children was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council and Bromsgrove District Council for 2019/20 as approved at the Audit, Governance and Standards Committee and the Audit, Standards and Governance Committee on 29th July 2019 and 18th July 2019 respectively. The audit was a risk based systems audit of the safeguarding of children as operated by Redditch Borough Council and Bromsgrove District Council.
- 1.2. The strategic purpose that this Underpins is Keep my Place Safe and Looking Good
- 1.3 There are no risks recorded on the corporate register in relation to this review.

The following entries on the service risk register are relevant to this review:

- COM 3 – Safeguarding – Inadequate child and adult protection systems/process

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- 1.4 Statutory guidance included within the Working Together to Safeguard Children (2013) document requires local Safeguarding Children's Boards to gather data to assess whether partners are fulfilling their statutory obligations under section 11 of the Children Act 2004. The Worcestershire Safeguarding Children's Board, (now known as the Worcestershire Safeguarding Children's Partnership), requires that such a self-assessment should be made every two years. The section 11 'audit' for Redditch Borough Council and Bromsgrove District Council was last completed and submitted to the Worcestershire Safeguarding Children Board by the Head of Community Services on behalf of both Councils in February 2018.
- 1.5 This review was undertaken during the months of September and October 2019.

2. Audit Scope and objective

- 2.1. This review has been undertaken to provide assurance that;
- The evidence stated in support of the last Section 11 audit response return is relevant, reliable and up to date.
 - Critically review the procedures relating to the recruitment of staff and volunteers for those related to DBS (Disclosure and Barring Service) please place in full requirements including the renewal process and the decision making as to when DBS are appropriate and at what level. (**See Section 5 below**)
- 2.2. The scope covered:
- The most recent Section 11 assessment undertaken.
 - Policy and procedures for DBS checks and renewals in relation to safeguarding.
- 2.3. This reviewed covered the last completed Section 11 assessment and DBS check procedures in place at the time of the audit and incorporated a critical friend review of the procedures relating to the recruitment of staff and volunteers for those related to DBS requirements including the renewal process and the decision making as to when DBS are appropriate and at what level.
- 2.4 This review did not provide sufficient evidence to give absolute assurance that the Council is meeting its Legislative and Regulatory duties and responsibilities in relation to safeguarding.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3. Audit Opinion and Executive Summary

- 3.1. From the audit work carried out we have given an opinion of **moderate assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.
- 3.2. We have given an opinion of **moderate assurance** in this area because there is a sound system of control in place but that some of the expected controls are not in place and / or are not operating effectively therefore assurance can only be given over the effectiveness of controls within some areas of the system.
- 3.3. The review found the following areas of the system were working well:
- The Council has formally documented its Safeguarding Policy and procedures and these are made accessible to office based staff and Members via the Orb. The Safeguarding Policy includes named designated Safeguarding Advisers to act as safeguarding leads.
 - Experienced Safeguarding Leads.
 - Knowledge, pro-activeness and involvement of the Community Safety Team in educating children and advising where they can seek help in relation to maltreatment and abuse.
 - The safeguarding awareness, knowledge and procedures within the Family Support Service.
- 3.4 The audit has identified through the last Section 11 Return, areas for improvement which include the need to retain evidence which should be retained in an easy accessible file. This will assist with future completion of the Section 11 Audit Response and will allow it to be presented within a timely manner if requested by Worcestershire County Council or as part of a serious case review.

Due to the number of employees, members, volunteers and agency workers within Bromsgrove District Council and Redditch Borough Council, it would be advisable to review the number of safeguarding leads to ensure there is sufficient availability, knowledge and presence within both authorities. The Safeguard Lead has responded to this advising that it is felt that there are sufficient safeguarding leads for BDC and RBC. The primary role of the safeguard lead within RBC and BDC is to discuss, provide advice/guidance and support referrals as appropriate to children's services. All leads are shared managers so whilst their primary offices are in RBC they do work from Parkside and are accessible at all times by phone. The 3 Leads operate a rota for cover so one Lead is always on duty plus the Deputy Chief Executive is the strategic lead.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Due to the consequences to a child of child neglect the authority must not become complacent and must ensure they have robust processes in place including training records to deliver, co-ordinate, monitor and record safeguarding training to staff. A good awareness of safeguarding concerns within all service areas of Bromsgrove and Redditch is important in order to identify trends and implement or change policy when required.

3.5 The review found the following areas of the system where controls could be strengthened:

	Priority (see Appendix B)	Section Recommendation number	4
Safeguarding Training & Monitoring of the Training	High	1	
Commissioned Services	Medium	2	
Safeguarding Policy April 2019	Medium	3	
Whistleblowing	Medium	4	
Literature	Low	5	
Knowledge Sharing	Low	6	

3.6 There were some areas of the system that audit have challenged Management on:

Challenge	Section 5 Challenge number
DBS Checks	1

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

4 Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

Ref.	Priority	Finding	Risk	Recommendation	Management Response and Action Plan
New Matters Arising – From the review of the evidence supporting the Section 11 Audit - Return Completed February 2018					
1	H	<p>Training and Monitoring</p> <p>The manual safeguarding training records held and referred to within the section 11 was incomplete. Therefore there was no up to date record that evidenced staff that do not receive the net consent training including operational staff, agency staff and volunteers, had been trained. The training record shows that staff have been reminded that their safeguarding training is outstanding. However there is no evidence that this has been addressed and no feedback from Managers are received.</p> <p>The results from the net consent training identified that 43% of staff incorrectly answered the question ‘Which one of the following is not one of our safeguard leads’. A further report showed that the read time for this training took 50.23% of staff less than 1 minute.</p>	<p>Lack of Co-ordination and recording of training could result in staff not completing training and lead to incorrect procedures being followed. Resulting in vulnerable children not been given the correct and necessary help, which has the potential to lead to reputational damage for the authorities.</p>	<p>To ensure there is a clear Corporate Safeguarding training plan in place for each year.</p> <p>A review of the safeguarding training record and establish a protocol to ensure that where mandatory training is required its completion is monitored and timely reminders are issued and followed up for non-completion. Procedures for the provision of regular fresher training should be established.</p> <p>Send out a communication to staff reminding them of who the safe guard leads within Redditch Borough Council.</p> <p>If feasible, request that the consent the staff agree to which confirms they have</p>	<p>Responsible Manager</p> <p>Head of Community and Housing Services</p> <p>Action</p> <p>To review and improve the training record to ensure it is up to date with the ability to set up reminders including escalation to Managers</p> <p>Implementation Date</p> <p>31st October 2020</p> <p>Action</p> <p>To identify replacement training resources for staff who are in regular contact with children.</p> <p>Implementation Date</p> <p>31st May 2020</p> <p>Action</p> <p>If possible to make changes to Net consent as recommended.</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

	<p>The training provided by Worcestershire Safeguarding Children's Board which provided more in depth training for those staff with more regular contact with children was withdrawn in March 2019 and no suitable alternative training has been identified.</p> <p>No evidence of specific training in relation to Safer Recruitment.</p> <p>There is no evidence of a corporate induction policy or Guidelines for Managers for Redditch on the Orb. However, a new Corporate Induction handbook is in the process of being developed for both authorities.</p>		<p>understood the safeguarding training is moved to the end of the training so that the presentation has to be read and test completed before they can agree their understanding.</p> <p>Source and implement suitable training for those staff dealing with vulnerable children on a regular basis.</p> <p>Review the purpose and process of the Safeguard log as it is not capturing referrals across all services including housing and no output is being recorded.</p> <p>Review what Safer Recruitment training is in place and if this training is being rolled out and effective.</p> <p>Liaise with Human Resources as to when the induction handbook is likely to be finalised and published.</p>	<p>Implementation Date</p> <p>31st May 2020</p> <p>Action</p> <p>Re-run the results of the net consent safeguarding testing to determine if staff are still getting the question relating to who the safeguarding leads are wrong and if so, appropriate action to be taken.</p> <p>Implementation Date</p> <p>30th September 2020</p> <p>Action</p> <p>To review the safeguarding log and determine an appropriate process for recording referrals from all services including the housing service.</p> <p>Implementation Date</p> <p>31st July 2020</p> <p>Management Response / Action</p> <p>New Induction booklet on track to be launched Spring 2020. New starters have access to the system currently and will continue to trigger the launch of the safeguarding awareness training via Netconsent.</p> <p>Responsible Manager</p> <p>Human Resources and Development Manager</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

The challenges identified during the review have been set out in the table below along with the related risks and management action plan.

Ref.	Current Position	Challenge	Risk	Management Response and Action Plan
1	<p>DBS Checks</p> <p>There is awareness by management within Bromsgrove District Council and Redditch Borough Council that DBS checks are required for staff that regularly come into contact with vulnerable families and children and the DBS check is carried out during the recruitment process.</p> <p>The application form also asks if the candidate has any unspent convictions.</p> <p>No records have been provided which detail which posts require DBS checks and records with volunteer's certificates and information.</p> <p>Each post will have documentation to support the job vacancy and any additional requirements such as DBS checks.</p> <p>There is no process in place for renewing DBS checks. However, managers will ask staff in periodic meetings if there have been any changes in their DBS Status.</p> <p>Managers can refer to HR for any guidance and support if a potential safeguarding issue arises and it is likely that an action plan will be put in place for the employee if there is cause for concern.</p>	<p>Renewal of DBS Checks</p> <p>It is the responsibility of the employer/volunteering organisation (bearing in mind their legal and other regulatory obligations) to determine if a DBS check is needed, what level of check and workforce(s) may be applicable, and how frequently checks are updated on their staff and volunteers.</p> <p>If an employer / organisation require their employees to have their Disclosure Certificates renewed after a set number of years that is their decision.</p> <p>The authorities need to consider the risk for not carrying out DBC checks during the recruitment process for roles that have contact with Vulnerable Adults, Families and children and ensure any reasons clearly documented for any decisions to not carry out the DBS check.</p> <p>The risk should also be considered whether a further check after a set number of years is required bearing in mind that DBS Disclosure Certificate carries no fixed period of validity and is only valid on the date of issue.</p> <p>The authority should ensure that there are robust procedures in place to mitigate any</p>	<p>Current Staff may have undisclosed convictions which may put vulnerable people at risk of harm, leading to reputational damage.</p> <p>Potential for reputational damage if the authority cannot evidence the justification to what is stated on the Section 11</p>	<p>Responsible Manager</p> <p>Human Resources and Development Manager</p> <p>Management Response / Action</p> <p>Service Managers to work with HR to determine level of risk relating to post requiring DBS check and appropriateness of renewal</p> <p>HR Adviser to work with service areas to support</p> <p>30th September 2020</p>

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

	<p>There is a cost associated with DBS checks.</p> <p>Recruitment and Selection Procedures</p> <p>The date on the Recruitment and Selection policy for RBC is November 2012 and there is no evidence that this has been reviewed or updated and refers to CBS check which was superseded by DBS checks. The HR policies do not make reference for staff to refer to the safeguarding policy recruitment section which contains the Safer Recruiting Policy and Procedures and no evidence that staff who are involved in the recruitment process have received training. Therefore there is lack of evidence that safer recruitment has been embedded via HR policy and Procedures.</p>	<p>risk should there be a change to the employee's circumstance that would have an impact on their job role and potentially put an adult or child at risk of harm and reputational damage to the authorities.</p> <p>Retain evidence that the Safer Recruiting Process is embedded within the recruitment process for both authorities.</p>		
--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

Overall Conclusion (Critical Friend)

This shared service is delivered by Redditch Borough Council and is a statutory requirement.

Managers are responsible for identifying if DBS checks are required for the vacant post and this is discussed and agreed with HR.

The Authorities need to ensure that their recruitment policies are reviewed and updated regularly to include the policy for DBS checks and ensure that the policy makes reference to the Safeguarding Policy which refers to Safer Recruiting Procedures. A decision needs to be made by the authority as to whether to carry out any renewals of DBS checks and any policy decisions should be documented and retained for future reference on a shared drive.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

There is still a potential risk for the authorities even if a DBS is carried out. Therefore there needs to be robust procedures in place to manage any change in employee circumstance that could impact on their job role or that could be a risk to others or themselves.

6. Independence and Ethics:

- WIASS confirms that in relation to this review there were no significant facts or matters that impacted on our independence as Internal Auditors that we are required to report.
- WIASS conforms with the Institute of Internal Auditors Public Sector Internal Audit Standards as amended and confirms that we are independent and are able to express an objective opinion in relation to this review.
- WIASS confirm that policies and procedures have been implemented in order to meet the IIA Ethical Standards.
- Prior to and at the time of the audit no non-audit or audit related services have been undertaken for the Council within this area of review.

Final Internal Audit Report

Creditors 2019/20

26th February 2020

Distribution:

To: Financial Services Manager
Senior Payments Officer

CC: Executive Director Finance and Resources (S151 officer)
Senior Accounting Technician

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

1. Introduction

- 1.1 The audit of the Creditors system was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council and Bromsgrove District Council for 2019/20 as approved by the Audit and Governance Committee on 29th July 2019 and the Audit, Standards and Governance Committee on 30th July 2019.
- 1.2 This review does not relate directly to the Councils Strategic Purposes but does underpin them as the system is used for the purchasing of goods/services.
- 1.3 There were no risks on the corporate or service risk registers relevant to this review.
- 1.4 Performance Indicators for this area are:
- The average percentage of Standard suppliers' payments (30 days).
 - As at November 2019 Redditch Borough Council was 83.5%
- 1.5 The testing in relation to this review was undertaken during the months of April 2019 to December 2019 and was reviewed in January 2020.

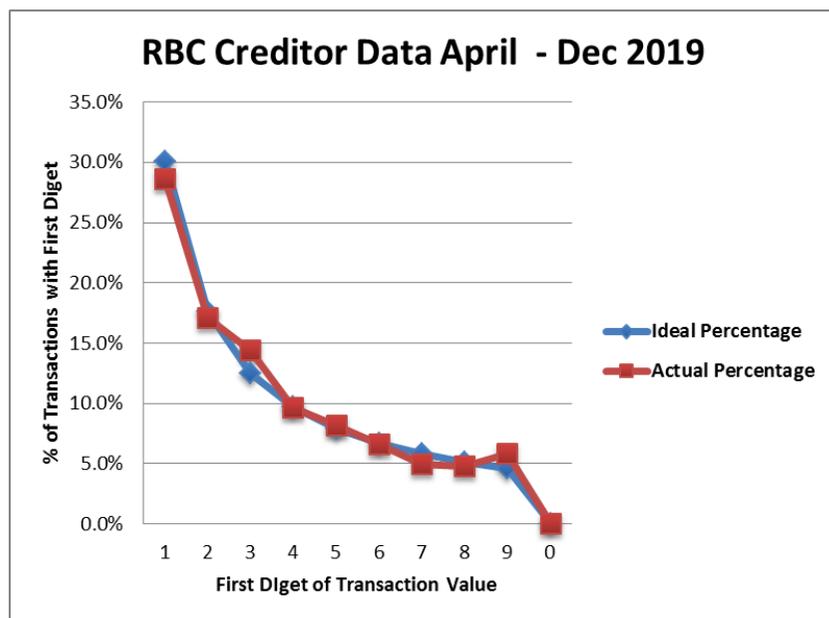

2. Reasoning for the Light Touch Review

- 2.1 There has been no recent or planned change in the system used or the key responsible officer for this area.
- 2.2 The last three years audits have given the following assurance:
Redditch Borough Council;

Year	Assurance (Please see Appendix A)
2018/19	Full
2017/18	Significant
2016/17	Moderate This was due to a specific control of orders not being raised prior to the goods being ordered and therefore this control was included in this review.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

2.3 There were no significant issues highlighted by using Benford's Law to analyse the Creditors data. **(Appendix B)**

NB: Within this data 70 transactions were for £100,000 or more, which represented 53% of the total value.

3. Audit Scope

3.1 Testing was undertaken to ensure that:

- Invoices were addressed to the Council
- The goods/services were in line with that expected for use by the Council

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- The Purchase Order has been raised prior to the supply of the goods/services
- The payment has been made within 30 days of the Tax Point
- There was segregation of duties between the officer raising and authorising the order
- Authorisation levels had been adhered to
- Where applicable the VAT number is valid

3.2 The review covered the period from 1st April 2019 to 31st December 2019.

3.3 90 creditors' transactions for Redditch Borough Council were selected across this period. The sample was biased to ensure that items over £100,000 were included and then the remainder were randomly selected using a random number generator.

4. Audit Opinion and Executive Summary

4.1 If any major control/risk issues had been highlighted during the testing this would have been reported at the time.

4.2 From the audit work carried out we have given an opinion of **significant assurance for both Councils** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit in respect of the specific audit scope as stated in 3.1 above.

4.3 We have given an opinion of **significant assurance** in this area because there is a reasonably sound system of internal control in place and our testing in relation to the controls at 3.1 above found that in one of the transactions tested it was authorised by a person without the necessary authorisation level. Please see 5 below for recommendation.

5. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the "Definition of Priority of Recommendations" table in Appendix C.

Independence and Ethics:.....	66
APPENDIX A	Error! Bookmark not defined.
APPENDIX B	Error! Bookmark not defined.

1. Introduction

- 1.1. The audit of the Payroll system was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council awaiting final approved at the Audit, Governance and Standards Committee on 29th July 2019. The audit was a risk based systems audit of the Payroll system as operated by Redditch Borough Council.
- 1.2. There are not risks on the corporate risk register relevant to this review.
- 1.3. The service risk relevant to this review is:
 - FIN3 – Unable to provide payroll service at key times

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

2. Audit Scope and objective

- 2.1 This review is being undertaken to provide assurance that bona fide employees are paid correctly and on time with special reference to those paid the living wage and pay sacrifice schemes.

The pay sacrifice schemes process will be documented from the employee point of view.

- 2.2 This review has been undertaken to provide assurance that

- Starters and Leavers
- Pay, overtime, Expense and BAC's processing
- Third Party payments e.g. Statutory deductions
- Sickness/maternity/Paternity Payments
- Foundation Living wage process and payments
- Pay Sacrifice schemes
- Follow-up of the 2018/19 recommendations

- 2.3 The review covered the period from 1st April 2019 to 31st October 2019.

- 2.4 The review did not cover:

- Wyre Forest District Council Payroll

3 Audit Opinion and Executive Summary

- 3.1 From the audit work carried out we have given an opinion of **moderate assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.

- 3.2 We have given an opinion of **moderate assurance** in this area because there is a sound system of control in place but some of the expected controls are not in place and / or are not operating effectively therefore assurance can only be given over the effectiveness of controls within some areas of the system.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3.3 The review found the following areas of the system were working well:

- Although the process is not formally documented both Payroll Officers follow a structured process for payroll processing
- There is a standard and good process of record keeping and this has been progressed with manual records being scanned for electronic storage. However it is acknowledged that there is still more data cleansing and scanning required.

3.4 At the time of the audit there were some issues with resilience within the HR Section as one officer was responsible for assessing the eligibility (Not in probation period, contract at least as long as the agreement, agreement would not see the salary drop below the minimum living wage etc.) of an employee for the purchase of Cars/technology. The Council was aware of the risk and proposed that the officer appointed to the vacant post within this section would provide additional support in this area.

3.5 The review found the following areas of the system where controls could be strengthened:

	Priority (see Appendix B)	Section 4 Recommendation number
Brought Forward - GDPR	High	1
Pay Run Reconciliation	High	2
Post Numbers	Medium	3
Establishment Changes (Starters & Leavers)	Medium	4
BACS Transmission	Medium	5
Overtime	Medium	6

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

4 Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

Ref.	Priority	Finding	Risk	Recommendation	Management Response and Action Plan
Issues brought forward from previous audit					
1	H	<p>GDPR</p> <p>Leavers Testing of the leavers personal files identified that there were leavers personal files dated back to May 2018 still kept within the current employee cabinet.</p> <p>Security of Sensitive information Internal Audit observed that personal information held by payroll is kept in unlocked filing cabinets. The door to the room where the filing cabinets are located are kept locked however if it was left unlocked by mistake it would be quite easy to access confidential personal information.</p> <p>CHRIS21 Live Users Testing of 20 current LIVE user accounts on the CHRIS21 system showed that 7 accounts were for employees who have left the employment of the Council.</p>	<p>To undertake an assessment of the potential for non GDPR compliance and where necessary to implement additional procedures/controls in order to reduce the risk to the Council of holding information that should have been disposed of or allowing unauthorised access to confidential information.</p> <p>That a review of all access rights to CHRIS21 is undertaken to ensure that the access is appropriate and is required. APPENDIX A	Error! Bookmark not defined.
APPENDIX B	Error! Bookmark not defined.

1. Introduction

- 1.1. The audit of Contract Management for Rubicon Leisure was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council 2019/20 as approved at the Audit, Governance and Standards Committee on 29th July 2019. The audit was a risk based systems audit of Contract Management for Rubicon Leisure as operated by Redditch Borough Council.
- 1.2. This review comes under the Councils Strategic purpose - to provide things to see and do
- 1.3. There were no entries on the corporate risk register relevant to this review.

The following service risk register entries were relevant to this review:-

- L&C 1: Failing to achieving income targets / generating from key sources, fees from swimming, theatre, football, external bodies, sponsorship;
- L&C 3: Ineffective management of projects and contractors.

- 1.4. This review was undertaken during the month of December 2019.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

2. Audit Scope and objective

2.1. This review has been undertaken to provide assurance that:

- Monitoring of the performance of the contractor (Rubicon) in the delivery of leisure services for the Council is being undertaken on a regular basis ensuring that a suitable level of performance is maintained.
- That Performance Measures are relevant and meaningful.
- That succession plan with clear guidance has been considered and outcomes actioned.

2.2. The scope covered:

- Defined contractor performance requirements
- Performance information provided e.g. financial reports, succession planning and usage statistics.
- Procedures for analysing and reporting the performance information, to ensure transparency of contract performance, and to facilitate effective scrutiny by all relevant stakeholders.
- Actions taken to address poor levels of performance, including the application of any financial penalties, performance interventions, etc.

2.3. This review covered the controls in place at the time of the audit work.

2.4. This review did not cover day to day leisure activities carried out by Rubicon Leisure.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3. Audit Opinion and Executive Summary

- 3.1. From the audit work carried out we have given an opinion of **Moderate Assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the “Definition of Audit Opinion Levels of Assurance” table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.
- 3.2. We have given an opinion of **Moderate Assurance** in this area because we have identified weaknesses in the design and inconsistent application of controls in many of the areas reviewed therefore assurance is limited to the few areas of the system where controls are in place and are operating effectively.
- 3.3. The review found the following areas of the system were working well:
- There is a good level of transparency for all stakeholders invested in the contract management.
 - There is a good level of communication and challenge between the authority and Rubicon Leisure.
 - Although not yet required, there is a clause within the contract to address poor performance.
- 3.4. The review found the following areas where the authority knows about the risk and is working towards mitigating that risk. However assurance cannot be given over these areas at the time of the audit..
- A Business Plan has yet to be finalised by Rubicon Leisure Ltd. Therefore the setting of SMART performance measures and targets has not taken place. Previous Redditch Borough Council Performance Measures are being used to monitor performance and monthly budget monitoring is being undertaken. At the previous shareholders meeting a report was presented providing detailed performance figures and financial information. It was agreed at the meeting that going forward the figures will be broken down to show trends.
 - There is no procedure for non-provision of contract performance information in place, however the authority is aware and will be addressing this at some point in the future. At the time of the audit this was not a high risk to the Council.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3.5. The review found the following areas of the system where controls could be strengthened:

	Priority (see Appendix B)	Section Recommendation number	4
Succession Planning	Medium	1	

4. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

Ref.	Priority	Finding	Risk	Recommendation	Management Response and Action Plan
New matters arising					
1	M	<p>Succession Planning</p> <p>There is no clear succession plan in place to support the contract facilitator at this time.</p> <p>There is also no clear succession plan in place for any of the tested service areas that are providing a service for Rubicon Leisure under the contract. .</p>	<p>Reputational damage and financial loss if there is a disruption in the managing and fulling of the contract.</p>	<p>To develop a succession plan to ensure that all obligations from the authority to Rubicon Leisure as part of the contractual arrangements are met and service is not lost.</p> <p>This will also ensure that there is no loss of knowledge and understanding in regards to contract management.</p>	<p>Responsible Manager: Council Wide Project</p> <p>Background: The Council is currently going through a Senior Management Restructure and as a result of this the Leisure & Cultural Services Business Development Team now form part of Legal and Democratic Services.</p> <p>Within the Business Development sits the Client Officer role responsible for managing the Rubicon contract.</p> <p>The move has created an opportunity to review the current structure and implement a small service review. This structure will include a new</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

					<p>post that will support the Business Development Manager in the management of both the Rubicon and Sport and Leisure Management contracts, ensuring that a succession plan is in place for the client officer role.</p> <p>The RBC services providing support to Rubicon are currently managed through an individual service level agreement which has been agreed by the HOS for that particular service.</p> <p>Regular meetings take place with each of these services to ensure service delivery is operating effectively and issues/concerns can be raised and dealt with at the meeting. The Client officer is also kept informed outside the meetings to ensure any H&S/finance issues are addressed as a matter of priority.</p> <p>In addition the Council is currently implementing a new framework to ensure staff have the right skills and development opportunities made available to them. A detailed skills matrix and, where relevant, manager role profile will be completed for all staff during 2020/21 and this should help with succession planning in the future</p> <p>Implementation date: New structure due to go live 1st April 2020 when the recruitment process for the new post will start - it is expected that the new post will be recruited to in June/July 2020</p>
--	--	--	--	--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Final Internal Audit Report

Main Ledger 2019/20

11th March 2020

Distribution:

To: Financial Services Manager

CC: Executive Director – Finance and Resources
Chief Accountant

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

1. Introduction

- 1.1. A light touch review of the Main Ledger system was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council and Bromsgrove District Council for 2019/20 as approved at the Audit, Governance and Standards Committee and the Audit, Standards and Governance Committee on 29th July 2019 and 18th July 2019 respectively.
- 1.2. This review does not relate directly to the Councils Strategic purposes but does underpin them as the system is used for the recording of all financial transaction both revenue and capital. This system is used for producing the Annual Statement of Accounts.
- 1.3. There were no risks on the corporate or service risk register that were directly relevant to this review.
- 1.4. The testing in relation to this review was undertaken during the months of April 2019 to February 2020. It was reviewed during February 2020.

2. Reasoning for Light Touch Audit

- 2.1. There has been no recent or planned change in the system used or the key responsible officer for this area. However there is currently a project in place for the implementation of a new system in September 2020.
- 2.2. The last three years have given the following assurance:

Year	Assurance Redditch Borough Council (Please see Appendix A)
2018/19	Significant
2017/18	Significant
2016/17	Significant

- 2.3. No major issues raised by External Audit in their Audit letters in the previous year in relation to the areas covered within this review.

3. Audit Scope

- 3.1. Testing was under taken to ensure that;

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- Suspense Accounts – are being monitored and where possible cleared on a regular basis and in a timely manner;
- Reconciliations – are undertaken regularly, up to date and any differences have been identified;
- Journals – are prepared and approved by separate officers and the reason for them being raised is considered appropriate.

3.2. The review covered the period from 1st April 2019 to 31st January 2020.

3.3. The audit does not give assurance over the statement of account and the associated requirements in relation to this process as this is an External Audit function.

4. Detailed Findings and Recommendations

4.1. The testing found a number of issues regarding the completion of reconciliations. A large proportion of reconciliations had not been carried out at the time of testing, and those that had been completed had not necessarily been completed on a monthly basis or had been signed off correctly. The Chief Accountant is now working with the Reconciliations Team to ensure the completion of the reconciliations by year end. Where workload permits, the Chief Accountant is spending each afternoon working on the reconciliations.

4.2. From the audit work carried out we have given an opinion of **moderate assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the “Definition of Audit Opinion Levels of Assurance” table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit in respect of the specific audit scope as stated in 3.1 above.

4.3. We have given an opinion of **moderate assurance** in this area because there is a generally sound system of internal control in place but there have been a significant delay in the completion of reconciliations, and due to this at this point in time Internal Audit cannot give assurance that they will be completed in time for year end.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Independence and Ethics:

- WIASS confirms that in relation to this review there were no significant facts or matters that impacted on our independence as Internal Auditors that we are required to report.
- WIASS conforms with the Institute of Internal Auditors Public Sector Internal Audit Standards as amended and confirms that we are independent and are able to express an objective opinion in relation to this review.
- WIASS confirm that policies and procedures have been implemented in order to meet the IIA Ethical Standards.
- Prior to and at the time of the audit no non-audit or audit related services have been undertaken for the Council within this area of review.

1. Introduction

- 1.1 The audit of the NNDR system was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council and Bromsgrove District Council for 2019/20 as approved by the Audit, Governance and Standards Committee and the Audit, Standards and Governance Committee at the meeting held on 29th July 2019 and 30th July 2019 respectively. The audit was a risk based systems audit of the NNDR system as operated by Redditch Borough Council and Bromsgrove District Council.
- 1.2 The audit relates to the following from the Corporate Plan for each Authority:
- Bromsgrove District Council Key Priorities 2017-20 – Financial Stability, with the Strategic Purpose “Help me to be financially independent”
 - Redditch Borough Council Strategic Purposes - "Help me to be financially independent" and “Help me run a successful business”
- 1.3 The following entries on the Corporate Risk Register for Redditch Borough Council and Bromsgrove District Council are relevant to this review:
- Lack of robust financial accounting and monitoring arrangements
 - IT systems and infrastructure has a major failure
- The following entries on the service risk register are relevant to this review:
- CUS 20: RBC Data Protection
 - CUS 21: BDC Data Protection

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- CUS 23: RBC Failure to meet audit requirements
- CUS 24: BDC Failure to meet audit requirements 2017/18
- CUS 25: RBC Failure to meet audit requirements

1.4 This review was undertaken during the months of December 2019 and January 2020.

2. Audit Scope and objective

2.1 The audit provided assurance that the NNDR process is maximising all income using appropriate and timely recovery methods where necessary and that bad debt is being closely managed.

2.2 The scope covered the following:

- A review of the updated position in relation to the 2018/19 audit recommendations.
- Debt recovery procedures are followed in a timely manner to ensure that income is maximised.
- The correct protocol is being followed with regards to first and any subsequent reminders and appropriate suppression is being managed.
- Collection rates and recovery success are monitored and are within acceptable levels.
- Write Offs are being administered and appropriate procedures are followed when identified.
- There is regular performance monitoring and reporting.

2.3 This review did not cover:

- Registration processes
- Identification of new dwellings

3. Audit Opinion and Executive Summary

3.1 From the audit work carried out we have given an opinion of **significant assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- 3.2 We have given an opinion of **significant assurance** in this area because there is a generally sound system of internal control in place but that our testing has identified isolated weaknesses in the design of controls and / or inconsistent application of controls in a small number of areas. There are three areas that were highlighted during the previous audit relating to website pages, forms and relief and exemption reviews. Audit notes that there is ongoing work in each of these areas and implementation dates have not yet been reached therefore they will be revisited at the next review.
- 3.3 The review found the following areas of the system were working well:
- Debt recovery processes for current year NNDR debt are followed in an accurate and timely manner, ensuring that income is maximised.
 - Write Offs are being correctly administered and all of the appropriate procedures are being followed.
- 3.4 It was highlighted during testing that the performance measures available via the dashboard could be re-purposed to improve on their output, relevance and usefulness. Discussions are taking place to this effect with the aim of having a new set of performance measures by the start of 2020/21 to provide management information with which the service can develop.
- 3.5 The review found the following areas of the system where controls could be strengthened:

	Priority (see Appendix B)	Section 4 Recommendation number
Recovery of Prior Year and Aged NNDR Debt	Medium	1

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

4. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

Ref.	Priority	Finding	Risk	Recommendation	Management Response and Action Plan
New matters arising					
1	M	<p>Recovery of Prior Year and Aged NNDR Debt</p> <p>Audit testing on random accounts with varying recovery stages showed that current year recovery was prompt, accurate and reasonable with the appropriate costs added where necessary.</p> <p>Testing identified that although recovery relating to previous years was being undertaken - and new attempts to recover aged debt were evidenced in the majority of cases reviewed - there were delays found in recovery being moved to the next stage including following the return of debt from the bailiff due to the resource to pursue further recovery attempts or to establish write offs being limited, leading to debt stagnation.</p>	<p>Adverse collection rates and loss of potential income to the authority due to limited recovery on aged debt leading to reputational damage and financial hardship.</p>	<p>An options paper and clear policy is formulated as to how the Councils will handle aged NNDR debt and the way it is managed going forward to maximise income and enable timely action.</p>	<p>Management Response:</p> <p>A review of resources for recovery of Council Tax and Non-Domestic rates will be completed within the first 6 months of 2020.</p> <p>As part of this review there will be a challenge to the existing Recovery Policy and Debt Collection strategies.</p> <p>This review will ensure that more thorough guidance is provided to teams in relation to actions for collection of debt, methods of enforcement and where applicable write off.</p> <p>Responsible Manager:</p> <p>Financial Services Support Manager</p> <p>Implementation Date:</p> <p>30 September 2020</p>

1. Introduction

- 1.1. The audit of the Council Tax system was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council and Bromsgrove District Council for 2019/20 awaiting final approved at the Audit, Governance and Standards Committee and the Audit, Standards and Governance Committee on 29th July 2019 and 18th July 2019 respectively. The audit was a risk based systems audit of the Council Tax system as operated by Redditch Borough Council and Bromsgrove District Council.
- 1.2. BDC: Key Priorities 2017-20: Financial Stability
- Strategic Purposes: "Help me to be financially independent"
- RBC: Strategic Purposes: "Help me to be financially independent"
- Actions: Support residents to reduce levels of individual debt.
- 1.3. The following entries on the corporate risk register for Redditch Borough Council and Bromsgrove District Council are relevant to this review:
- Lack of robust financial accounting and monitoring arrangements
 - IT systems and infrastructure has a major failure

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

The following entries on the service risk register are relevant to this review:

- CUS 20: RBC Data Protection
- CUS 21: BDC Data Protection
- CUS 23: RBC Failure to meet audit requirements
- CUS 25: RBC Failure to meet audit requirements

1.4. Without controls in place there is an element of fraud with regards to applications, exemptions, discounts, reliefs and property occupation.

1.5. The Audit was completed between November 2019 and January 2020.

2. Audit Scope and objective

2.1. This review has been undertaken to provide assurance around the process of collecting Council Tax income.

2.2. The scope covered:

- A review of the updated position in relation to the 2018/19 audit recommendations.
- Procedures for processing Council Tax information, including the setting up of new customer accounts and timely and accurate billing is taking place.
- The application of discounts and exemptions on properties, and the respective billing amounts.
- The correct protocol is being followed with regards to first and any subsequent reminders and appropriate suppression is being managed, collection rates and recovery success are monitored and are within acceptable levels
- Write offs and associated procedures
- There is regular performance monitoring and reporting.

2.3. This review did not cover:

- Registration processes and the identification of new dwellings

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- User Profiling
- The processing of payments and refunds.

3. Audit Opinion and Executive Summary

- 3.1. From the audit work carried out we have given an opinion of **significant assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the “Definition of Audit Opinion Levels of Assurance” table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.
- 3.2. We have given an opinion of **significant assurance** in this area because refer to the fact that there is a generally sound system of internal control in place but that our testing has identified isolated weaknesses in the design of controls and / or inconsistent application of controls in a small number of areas.
- 3.3. The review found the following areas of the system were working well:
- Procedures for managing Council Tax in regards to the administration of billing, award of exemptions, discounts and disregards.
 - There has been thought around the process of recovery in regards to innovative and targeted use of technology e.g. SMS messaging to increase collection rates, in addition certain cases with long standing debts are utilising the higher levels of recovery available to the Authorities to aid recovery.
 - Furthermore regular meetings are held by the Assistant Financial Support Manager and Recovery Team to provide a forum to review practices that are working, possible improvements and where resource can be best used to increase current year collection rates and past year recovery.
- 3.4. The review identified the following, however the Authority are aware and are progressing and therefore it is included for information only:
- It was identified during testing that the performance measures available via the dashboard could be re-engineered to improve on their purpose, relevance and usefulness. Discussions are taking place to this effect with the aim of having a new set of performance measure by the start of 2020/21 to provide management information with which the service can develop.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3.5. The review found the following areas of the system where controls could be strengthened.

	Priority (see Appendix B)	Section 4 Recommendation number
Recovery of Prior Year Debts	Medium	1
Award of Discount and Exemptions and the use of Diary Notes	Low	2

4. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

Independence and Ethics:.....	66
APPENDIX A	Error! Bookmark not defined.
APPENDIX B	Error! Bookmark not defined.

1. Introduction

- 1.1 The audit of the Stray Dog Service was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Bromsgrove District Council for 2019/20 as approved at the Audit, Standards and Governance Committee on 18th July 2019. The audit was a risk based systems audit of the Stray Dog Service as operated by Bromsgrove District Council.
- 1.2 There were no strategic risks appropriate to this review.
- 1.3 The following Service Risks were relevant to this review:
 - Issues with the Worcestershire Regulatory Services database system
- 1.4 This review was under taken by Matt Wooldridge during the month of February.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

2. Audit Scope and objective

- 2.1 This review has been undertaken to provide assurance that the process surrounding the management and recharging of costs associated with stray dogs are well documented, transparent and accurate.
- 2.2 The scope covered:
- Stray dog information is accurately recorded
 - Fees are accurately calculated and recharged
 - Reconciliations for the kennels/contractors used and payments made
 - Potential continuity issues and conflicts of interest have been considered and documented.
- 2.3 This reviewed covered the period from April 2019 to February 2020.
- 2.4 This review did not cover:
- An independent review of the contracts in place
 - The geographical logistics of the dog warden service.

3. Audit Opinion and Executive Summary

- 3.1 From the audit work carried out we have given an opinion of **significant assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.
- 3.2 We have given an opinion of **significant assurance** in this area because there is a generally sound system of internal control in place designed to meet the organisation's objectives. However isolated weaknesses in the design of controls or inconsistent application of controls in a small number of areas put the achievement of a limited number of system objectives at risk.
- 3.3 The review found the following areas of the system were working well:

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- The Idox Solutions Database contained reportable information for the evidencing of key performance indicators
- There was an understanding of the trajectory of the service and the issues faced
- Evidence of the development requirements of the Idox Solutions Software
- Financial procedures in place including reconciliations for the recording and payment/receipt of the Worcestershire Partners and additional contracts for Authorities outside of Worcestershire.

- 3.4 There is an emerging risk of which there is awareness by the Technical Services Manager in regard to a potential conflict of interests if Dog Wardens were to licence kennels used for the kennelling of stray dogs. This is not currently an active conflict as licensing of the kennels currently used for the housing of stray dogs is completed by an Officer outside of the stray dog process, however this may become an issue following Dog Wardens acquiring the relevant qualifications under the new legislation that comes into force during 2021, it is advised therefore that appropriate procedures are documented to allow the avoidance of any conflict of interest to continue in future.
- 3.5 Additionally there is an ongoing system issue that does not allow a time to be input to the Idox Solutions system when recording stray dog cases however this has been raised with the vendor prior to the audit and therefore is included for note only.
- 3.6 The review found the following areas of the system where controls could be strengthened:

	Priority (see Appendix B)	Section Recommendation number	4
Contract Continuity	Medium	1	
Contractor Reconciliations	Medium	2	
Idox Solutions Narrative	Low	3	

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

4. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

Ref.	Priority	Finding	Risk	Recommendation	Clearance meeting discussion points
New matters arising					
1	M	<p>Contract Continuity</p> <p>Testing identified that all kennels used had a contract in place. However a number of contracts had expired and are operating under a month extension (that had been accepted by all contractors at the time of audit) whilst procurement for new contracts continued.</p> <p>There is potential for there to be a further requirement to extend again on a month by month basis until the procurement process is completed.</p>	<p>Service continuity is affected if a contractor refuses an additional extension prior to successful procurement of new contracts.</p>	<p>It is accepted that a number of charitable organisations and commercial businesses exists in relation to stray dogs and there is a number which could be used during a continuity issue. However continuity could be further improved by ensuring the procurement process is actioned and completed in preparation for the end dates of any current contracts. Additionally any other kennels that could potentially be used in a continuity event are documented as part of service continuity arrangements.</p>	<p>Responsible Manager: Technical Services Manager (WRS)</p> <p>Management Response: The recommendation to commence the procurement process in good time is accepted and will be actioned when the contracts are next due to be tendered.</p> <p>In relation to maintaining a list of potential kennels, this is not considered of value. Geographical remit of WRS changes and businesses willing to work with us change depending on date and reason. With the vast number of potential kennelling facilities that are available within our current operating range, it would be a considerable task that would not be useful at the time we required the information collated. There is no intention to undertake this part of the recommendation.</p> <p>Implementation Date: October 2022 (ahead of expiry of contract February 2023)</p>

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

2	M	<p>Contractor Reconciliations</p> <p>Reconciliations are performed for costs and charges for all stray dog cases for the contracts undertaken on behalf of Authorities outside of Worcestershire. In addition to this charges are verified for veterinary services received by the Senior Dog Warden prior to invoices being passed for payment.</p> <p>However there is no periodic reconciliation for charges received in relation to stray dogs from within Worcestershire for kennelling and out of hour collections.</p> <p>It is understood there is some mitigation of risk in place in the form of the reconciliations completed for the external contracts as mentioned above as the contractor used for kennelling dogs and the out of hours service is the same for all stray dogs regardless of location and therefore discrepancies may be picked up on invoices in relation to these external contract charges.</p>	<p>Errors/fraud not identified on contractor invoices prior to being passed for payment.</p>	<p>Periodic/random reconciliations are performed on charges received in relation to Worcestershire stray dogs so that potential discrepancies are identified and reported back to the relevant contractor.</p>	<p>Responsible Manager: Technical Services Manager (WRS)</p> <p>Management Response: The recommendation is accepted and periodic random checks will be made on charges received.</p> <p>Implementation Date: 1st June 2020 (to enable new processes and contracts to bed down and account for issues raised by COVID-19)</p>
3	L	<p>Idox Solutions Narrative</p> <p>Testing showed that all relevant information was recorded on the account to allow the discharging off the service and both Dog Wardens and the Technical</p>	<p>Unable to justify decisions if challenged due to lack of descriptive narrative on the database (transparency).</p>	<p>Staff are reminded of the importance of including all relevant information that does not conform to a defined field within the</p>	<p>Responsible Manager: Technical Services Manager (WRS)</p> <p>Management Response: It is accepted that an improvement in the</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

		<p>Service Manager were aware of ongoing cases including difficulties within more complex cases.</p> <p>However an increase in the amount and quality of narrative and therefore justification of decisions made would be beneficial when reviewing individual stray dog cases and to justify decisions if challenged.</p>	<p>Lack of clear audit trail.</p>	<p>narrative box to allow easier review and justification of decisions made.</p>	<p>quality of the information recorded would benefit the service.</p> <p>A reminder to all staff to ensure appropriate level of detail is provided on case records. This will be audited with a view to identify training requirements or action.</p> <p>Implementation Date: 1st April 2020</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

Contents

1. Introduction.....	82
2. Critical Review Scope.....	83
3. Critical Review Overview and Executive Summary	83
4. Detailed Challenges	84
5. Overall Conclusion	92
6. Independence and Ethics:.....	93

1. Introduction

- 1.1 The critical review of Bulky Waste was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council and Bromsgrove District Council for 2019/20 as approved by the Audit, Governance and Standards Committee and the Audit, Standards and Governance Committee on 29th July 2019 and 18th July 2019 respectively. The review was a critical review that analysed and challenged the Bulky Waste as operated by Redditch Borough Council.
- 1.2 This area aligns with the Councils Strategic Purposes if - Keep my place safe and looking good, Demonstrate concern and care for the environment.
- 1.3 There were no risks on the Corporate or Service risk register that related directly to the area under review.
- 1.4 This review was undertaken by Sami Al-Moghraby during the months of January and February 2020.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

2. Critical Review Scope

- 2.1. This review has been undertaken as a critical review to evaluate, analyse and challenge the Environmental Services - Bulky Waste process as it currently operates in order to provide areas for consideration within the procurement exercise for the purchase of a new Bulky Waste system.
- 2.2. The scope covered:
- Documentation - (Policies, procedures and training files).
 - Bulky Waste system - (Access rights, development and monitoring)
 - Bulky waste income process – (Refunds, Receipt book, Cash receipts, are being paid to the correct cost code on the ledger, reconciliations).
- 2.3. This review did not cover
- Any other type of refuse collection
 - The procurement of the new Bulky Waste system.

3. Critical Review Overview and Executive Summary

- 3.1. As this is a critical review there is no level of assurance given.
- 3.2. During the review the auditor sat down with the managers of the Bulky Waste service and the business support team to gain an understanding of how the current system works and to gain an insight into how the overall customer journey from when a call is made to arrange a Bulky Waste collection to the point that the items and monies have been collected operates in order to provide challenges on controls prior to the procuring of a new system. **(See Section 4 below)**
- 3.3. During the review the auditor sat down with the business support team and identified pros and cons of using the current computer system and identified any lessons to be learnt to take forward into the new Bulky Waste system. **(See Section 5 below)**
- 3.4. It should be noted that any new electronic system procured will be used for all Environmental Services operations and not just for the Bulky Waste Service.
- 3.5. As part of the review the auditor also had discussions with the finance team to understand the running cost of the service, income reconciliations for cash and cheque payments.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3.6 The review found the following areas were working well:

- Policies are in place and are being adhered to.
- Safety measure procedures including risk assessments are in place and blank copies are kept in the cabin of the vehicle for when they are required.
- There is a flow chart in place which clearly explains the customer journey for the Bulky Waste collections.

3.7 There have

Challenge	Section Challenge number
Objectives of the service	1
Training records	2
Potential risk mitigation and customer satisfaction.	3
Refunds	4
Reconciliations and Receipts	5

were some areas of the system that audit challenged Management on:

4. Detailed Challenges

The challenges identified during the review have been set out in the table below along with the related risks and management action plan.

Ref.	Current Position	Challenge	Risk	Management Response to challenge and if accepted Action Plan
1	<p>Objectives of the Service</p> <p>The service is being run in order to provide an affordable option to the public for collection and disposal of larger household</p>	<p>1. Does the council have full knowledge of what the costs and income are for the Bulky waste service and confident that it is achieving its objectives without</p>	<p>1. No clear understanding of cost/reward matrix</p> <p>2. Loss of potential Commercial opportunity</p>	<p>Responsible Manager: Environmental Service Manager</p> <p>Implementation date: N/A</p> <p>Across Redditch and Bromsgrove,</p>

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

	<p>items. This is a service strongly supported by members to provide a low cost option for residents who are unable to take items to the Household Waste Sites, and offer a reasonable alternative to fly tipping.</p> <p>Environmental Services are aware of the costs of the service and the budget target in place is ££78,000. The target is not linked to the costs of the service.</p>	<p>being run at an excess cost to the Council.</p>		<p>the service is managed differently. In RBC it is not possible to define the costs against this element of Place Working, as it is carried out by a large number of teams, and planned in alongside other works as efficiently as possible to avoid dedicated trips to collect items, and rely on detours whilst working on other things in an area – as per Transformation exercise carried out in 2015.</p> <p>BDC has more clearly defined costs as it uses a dedicated crew of 2 staff and a dedicated vehicle due to the logistical challenges of efficiently bolting it on to the wider Place working across the District.</p> <p>Service is currently limited to household items in line with disposal arrangements through WCC, which limits commercial growth of the service unless we are willing to incur disposal costs which then increases our costs and increases the logistics.</p> <p>Currently no plans to make further changes to service at either authority.</p>
2	<p>Training records</p> <p>As part of the service there is</p>	<p>1. The Council has an obligation for</p>	<p>1. Staff may have to</p>	<p>Responsible Manager: Place team Coordinator ,</p>

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

	<p>a need for staff to have manual handling training as well as lone working training. It is assumed that this is incorporated into the staff's induction process, however spreadsheet used to monitor training is not being kept up-to-date.</p>	<p>a duty of care towards their staff to ensure that they are safeguarded from dangers and risks. Does Management have confidence that the training is occurring and that this can be evidenced should anything occur to any member of staff?</p>	<p>complete further training on items that they are already trained on.</p> <ol style="list-style-type: none"> 2. Officers may be operating and non-compliant to carry out day to day duties. 3. Risk of injuries occurring at work. Financial loss from claims. 	<p>Environmental Improvements Officer</p> <p>Implementation date: On-Going</p> <p>Training records to be reviewed and updated, with additional training to be carried out and recorded where necessary.</p>
<p>3</p>	<p>Potential risk mitigation and customer satisfaction.</p> <p>There is no Cap on the amount of collections at Redditch Borough Council meaning that multiple man power may be needed if the amount of collections for Bulky Waste was above 16 collections and they could travel all over the Borough of Redditch.</p> <p>The current position shows that the vehicles used for the Bulky waste service are not weighed and there are no random spot checks carried out by management to ensure that items have all</p>	<ol style="list-style-type: none"> 1. Can the Council ensure that only the items scheduled to be collected are collected, or have they at least undertaken a cost/benefit/risk analysis to ascertain if additional controls could be value for money in the mitigation of risk/fraud or if the cost of resources to implement these would far outweigh the cost. 2. With an uncapped limit at Redditch Borough Council, If demands are stretched is the council comfortable with managing the high demand and can they give the customer 	<ol style="list-style-type: none"> 1. Potential for fraud without council knowledge. 2. Reputational damage to the council if obligations are not met. 3 .Financial damage to the authority. 	<p>Responsible Manager: Environmental Service Manager</p> <p>Limits on cash handling and control of bookings are our primary control for this currently.</p> <p>There is no effective oversight control that would prevent this risk, but work is monitored and where questions arise, they are followed up with staff accordingly.</p> <p>Good communication across the teams and with customers means that any impact on the service is dealt with proactively to preserve the Council's reputation. Where</p>

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

	<p>been collected accurately.</p>	<p>assurance that all collections will be collected on the promised date?</p>		<p>necessary, additional support can be provided, or the service suspended to new bookings should an issue occur that requires it.</p> <p>Customer numbers are proportionally low across the Borough/District, so the wider reputation risk is low with current processes.</p> <p>Implementation date: N/A</p>
4	<p>Receipts</p> <p>Currently customers can pay the Council by Cash, Card and Cheque.</p> <p>Currently unless it is a cash or cheque payment which is handed directly to the crew that is picking up the bulky waste, payments are carried out over the telephone by the business support team.</p> <p>There are no plans at this stage for users to self-serve via the web. This is something however the service wants as part of the new system.</p>	<ol style="list-style-type: none"> 1. Cash payments open up the opportunity to commit crime and fraud. As the Council still allows cash payments to occur then is the council confident that the current measures in place are preventing the risk of theft and fraud from occurring? If asked can the Council provide information on how many customers have not been provided change? Can it be proved that this is immaterial? 2. As the council wishes for cash payments to occur then can the Council really expect customers to provide the exact change? As there is no float provided to the drivers, Is there not a risk here of a scenario where customers are 	<ol style="list-style-type: none"> 1. Potential fraud maybe taking place 2. Reputational damage for complaints about having to have the exact change. 	<p>Responsible Manager: Environmental Service Manager</p> <p>The service is delivered with explicit messaging that change is not available and exact money must be available to pay for cash jobs.</p> <p>Previous Audits have suggested the requirement of exact change in order to remove the risk of a float being abused.</p> <p>Administration of the service is monitored for discrepancies between what has been booked, and what has taken place, with discrepancies challenged when they occur, as evidenced by</p>

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

<p>Cash payments are not promoted however, members wish for this option to remain and therefore the service will allow this to occur if the customer wishes to pay by cash.</p> <p>Drivers are not provided a float and customers are required to have the exact coinage when the transaction occurs, where a receipt is then given and signed for by the customer.</p> <p>Customers are advised that they must have the exact coinage.</p> <p>Any tips provided due to lack of change are put within the mayor's charity box.</p> <p>This may lead to drivers using their own coinage to provide change and would then ask for money from the safe to pay them back.</p> <p>Cash on arrival to the depot is secure in a cash box which is secured within a safe. The safe is password protected and can only be accessed by</p>	<p>almost forced to provide a tip and risk money going in the crews back pocket?</p> <p>3. Is the Council confident that the correct checks are carried out by management to ensure that money provided by the customer is given back to the council and fraud is prevented?</p> <p>4. What measures are in place to ensure the money going in the safe within the month is the same going out at the end?</p> <p>6. Are the Council confident that all staff who are taking calls have been PCDISS (Payment Card Industry Data Security Standard) trained? If not then does the Council believe that if they were challenged then processes are robust enough to prove compliance.</p>		<p>previous and current disciplinary action regarding improper process.</p> <p>Cash Handling is recorded by BSU and documented thoroughly.</p> <p>Telephone payments are entered directly into the system to ensure compliance with PC DISS and Data Protection rules under GDPR.</p> <p>Implementation date: On-Going</p>
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

<p>the business support team and no one else. The cash box requires a key. The key to the safe is visible to anyone in the office and not kept in a secure location. Both key and copy key are kept together which means if it was to go missing so does the spare key.</p> <p>Cash payments are collected monthly by a security officer that then cashes the money in at the bank and provides a receipt as evidence for cash and cheque reconciliation process by the finance team.</p> <p>The Maximum amount of money allowed in the safe is £15,000 (this includes all payments not just Bulky Waste).</p> <p>Payment Types</p> <p>Currently customers can pay the Council by Cash, Card and Cheque.</p> <p>Currently unless it is a cash or cheque payment which is handed directly to the crew</p>

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

5. Lessons Learnt

The lessons learnt during the review have been set out in the table below.

Ref	Positives	Potential for Improvement
1	<p>It should be noted that any new computer system for logging work will be used for all Environmental Services operations and not just for the Bulky Waste Service.</p> <p>Positives within the current system: -</p> <ol style="list-style-type: none"> 1. The review found that there is a robust system in place which multiple environmental services are using. The system is easy to navigate through and the interface is user friendly. 2. The system has an audit trail incorporated within it and has the ability to produce reports for Bulky Waste. 3. The overall impression from the assessment carried out is that the system is good and has scope to be improved upon. 	<ol style="list-style-type: none"> 1. Quotes are a grey area within the current Bulky Waste system as manual entry can be put within the current system meaning that if someone wished to commit fraud and overestimate the work then they could. It may be more efficient in the new system to have a defined quote list to select from to prevent risk of fraud. 2. Updates are not automatically flagged up to the Business Support team meaning that when modifications are made or new assignments allocated, it is down to the business support team to attempt to spot a difference. It would be an efficiency if in the new system there was potential opportunity of an automatic email generation from the system to the administrator. 3. In the current system the date of the job is not a mandatory field, meaning that if it is missed then it will not show up on any reporting and there is a risk of it being missed until the point of a customer putting through a complaint. This to be profiled as a mandatory field or measures put in place for exception reporting t so that jobs unassigned or without dates can be picked up easily to prevent the risk of complaints. 4. Anyone can currently amend and modify the tickets which ultimately could lead to a risk of fraud and further issues. Profiling and setting of permissions must be considered in the new system. 5. The reporting system feature is currently very basic and does not allow customisation in order to provide meaningful information and to be able to paint the picture on the delivery of the bulky waste service. Consideration to be given for the new system to have more customisation options for the type of information that can be created and exported into CSV format.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

6. Overall Conclusion

The lesson learnt found that there are some things that are positive within the current Environmental Services system however there are lessons to be learnt that can be taken forward and used within the procurement of the new computer system in order to add efficiencies to the process and to improve the customer' experience.

The Critical review looked at the process from when a quotation is made to collection of the payment from the customer. The review provided some challenges around refunds, objectives of the service, receipts and customer satisfaction. These challenges are made to help the Council review the service, provide transparency and acknowledge the risks that it may be exposed to.

Overall the review found that the system for collection of Bulky Waste works but there are number items within the current system that needs to be further developed and looked at to reduce the level of risk associated with the service. The current system works well but needs further development to enhance some of the control features, therefore the decision needs to be made on whether it would be more cost effective to develop the existing system or bring in a new system that will incorporate the additional controls that the service needs.

7. Independence and Ethics:

- WIASS confirms that in relation to this review there were no significant facts or matters that impacted on our independence as Internal Auditors that we are required to report.
- WIASS conforms with the Institute of Internal Auditors Public Sector Internal Audit Standards as amended and confirms that we are independent and are able to express an objective opinion in relation to this review.
- WIASS confirm that policies and procedures have been implemented in order to meet the IIA Ethical Standards.
- Prior to and at the time of the review no non-audit or audit related services have been undertaken for the Council within this area.

APPENDIX A	
APPENDIX B	

1. Introduction

- 1.1 The Health & Safety follow-up was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council for 2019/20 as approved by the Audit and Governance Committee on 20th March 2019. The audit was a follow up of the Health & Safety Audit 2018/19.
- 1.2 This area is fundamental in the achievement of all 5 themes contained in the Worcester City Plan 2016-2021.
- 1.3 The following entries on the corporate risk register were relevant to the original review:
 - COR19 – Non Compliance with Health and Safety legislation

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

The following entries on the service risk register were relevant to the original review:

- COR19 – Non Compliance with Health and Safety legislation

1.4 This follow up was undertaken during the months of January and February 2020.

2. Audit Scope and objective

2.1 The original review gave **Limited Assurance** over the control environment and covered:

- Review of action plan
- Financial Analysis and Review of the training budget
- Health and Safety Documents
- Planning and development
- Training
- Communication of Health and Safety information
- Risk Assessments and Risk Management
- Fire Safety Risk Assessment and Risk Management
- Active and Re-active Monitoring and review of Health and Safety Statistics and information
- Corporate Health and Safety advice and support

2.2 This follow up has concentrated on the actions taken by management to address the findings of the 2018/19 audit.

3. Executive Summary

3.1 The original review gave **Limited Assurance** and found that controls could be strengthened in the following areas:

REDDITCH BOROUGH COUNCIL

Date: 27th July 2020

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

	Priority (see Appendix B)
Policies	High
Fire Safety and Fire evacuations	High
Manager IOSH training	High
Lifts Risk Assessment	High
Fuelling point assessment at Redditch Borough Council Depot	High
Fire Risk Assessments Action Plan	High
Fire Alarms and Drills	High
Evacuation of less able people from Redditch Borough Council Town Hall.	High
Active and Re-active measures of a terrorist attack	High
Action Plan update	Medium
Financial Analysis and Training budget:	Medium
Induction Process	Medium
Bespoke health and safety training	Medium
Risk Assessments	Medium

- 3.2. This follow-up has sought evidence, explanations and information in order to assess the progress against the Management action plan in relation to the above control areas. The results of this follow up can be seen in Section 5.

4. Conclusion - Current Position statement

Health and Safety have made good progress in addressing the recommendations made during the Health & Safety 2018/19 Internal Audit. Bespoke in house training has been developed for health and safety including risk assessment training for managers with scope to expand this to include a Health and Safety Induction and Manual handling.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

There remains an outstanding risk as the Fire Risk Assessments throughout the council need to be fully completed however there is a programme in place for the completion of these. In addition there is no evidence that regular fire alarm testing is taking place and a full programme of fire drills has not been completed. Whilst we are aware that there is a programme in place for alarm testing and fire drills, work needs to be undertaken to ensure these are being completed and completion is documented.

5. Detailed Findings, Recommendations and Updated Position

The issues identified during the 2018/19 Health and Safety audit have been set out in the table below along with the related recommendations, management responses and action plan and actions taken up to the time of the follow-up. The issues identified were prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.

<u>Original Ref./ Priority</u>	<u>Original Finding</u>	<u>Original Recommendation</u>	<u>Original Management Response and Action Plan</u>	<u>Position as at 29th January 2020 1st Follow up</u>
1 High	<p><u>Policies</u></p> <p><u>The Orb</u> Testing of the policies on the orb found that: -</p> <ul style="list-style-type: none"> • There are policies missing i.e. the Fire Safety Policy. • There is no version control on the policies from a version/review date perspective. • There is no evidence to show if the documents on the orb is the same document that was written in 2011. • Using the Orb it is easy to access Health and Safety policies but regarding fire 	<p><u>The Orb</u> Effective working practice is established to ensure policies are uniform and are uploaded on the orb in a timely manner for both Councils at the same time to prevent any knowledge gaps. All policies must have a version control associated and a review date prominently displayed. There must be an established forum e.g. Orb, notice board, providing ease of use and access to information.</p>	<p>Responsible Manager: HR Manager</p> <p>Approval process is currently under review which will potentially change the delegation which will streamline the process and the activation and communication of policies.</p> <p>Implementation date: April 2019</p> <p>Review of notice boards will be undertaken including review of electronic notice</p>	<p>In Progress</p> <p>Health and Safety statement of intent and Health and Safety Manual have been developed, both documents have been approved by the both Council Leaders and have been published on the Orb. The policies detail version control and the date of publishing.</p> <p>The Health and Safety statement of intent details the Councils' commitment to a 'Plan Do check Act' approach to health and Safety.</p> <p>The Health and Safety Manual is an all-encompassing manual which details:</p> <ul style="list-style-type: none"> - Organisation structure and responsibilities, - Health and Safety Management Governance. - Specific Health and Safety Arrangements including

Independence and Ethics:.....	663
APPENDIX A	Error! Bookmark not defined.4
APPENDIX B	Error! Bookmark not defined.5

3. Introduction

- 3.1. The audit of the Repairs and Maintenance – Stocks and Stores system was carried out in accordance with the Worcestershire Internal Audit Shared Service Audit Plan for Redditch Borough Council for 2018/19 as approved by the Audit, Standards and Governance Committee on the 26th April 2018 and for 2019/20 put before the Audit, Standards and Governance Committee on the 25th April 2019 awaiting final approval on the 29th July 2019. The audit was a risk based systems audit of the Repairs and Maintenance – Stocks and Stores system as operated by Redditch Borough Council.
- 3.2. Strategic purposes related to this review include: Keep my place safe and looking good, help me find somewhere to live in my locality and help me to live my life independently (including health and activity).
- 3.3. The following entries on the service risk register for Redditch Borough Council are relevant to this review: HOU 2 – Fail to effectively manage housing repairs and maintenance.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

3.4. A significant fraud risk was identified in relation to the potential theft of stocks and tools.

3.5. The Audit was undertaken between the months of March and May 2019.

4. Audit Scope and objective

4.1. This review was undertaken to provide assurance that the processes and controls Redditch Borough Council has in place in relation to the ordering, storage, recording, distribution, allocation and reconciliation of stock and the return of un-utilised stock back to stores in relation to all operation teams (Repairs and Maintenance, Public Buildings, Equipment and Adaptations, Voids, Gas and Electrical Teams) are operating as intended to eliminate or reduce the known risks to an acceptable level.

4.2. The scope of the Audit was as follows:

- Stock ordering
- Storage, inventory and distribution of stock
- Stock allocation and job reconciliation
- Return of unused, damaged or surplus stock
- Van stock requirements
- Site clearance of salvage e.g. metals
- IT systems used.

5. Audit Opinion and Executive Summary

5.1. From the audit work carried out we have given an opinion of **limited assurance** over the control environment in this area. The level of assurance has been calculated using a methodology that is applied to all Worcestershire Internal Audit Shared Service audits and has been defined in the "Definition of Audit Opinion Levels of Assurance" table in Appendix A. However, it should be noted that statements of assurance levels are based on information provided at the time of the audit.

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

- 5.2. We have given an opinion of **limited assurance** in this area because identified weaknesses in the design and / or inconsistent application of controls put the achievement of the organisation's objectives at risk in many of the areas reviewed. Assurance is limited to the few areas of the system where controls are in place and are operating effectively.
- 5.3. The review found the following areas of the system where controls were operating well:
- Stock control and inventory records accuracy within the stores
- 5.4. The review found the following areas of the system where controls could be strengthened:
- Governance documentation – policies and procedures
 - Stock ordering
 - Stock control (outside of the stores)
 - Stock reconciliation
 - Van stock
 - Damaged stock

AUDIT, GOVERNANCE & STANDARDS COMMITTEE

6. Detailed Findings and Recommendations

The issues identified during the audit have been set out in the table below along with the related risks, recommendations, management responses and action plan. The issues identified have been prioritised according to their significance / severity. The definitions for high, medium and low priority are set out in the “Definition of Priority of Recommendations” table in Appendix B.
