<u>Bulky Household Waste</u>					
The Bulky Service operates based on a standard unit price based on size and weight, with collection from the boundary of the property with the public highway. 1 Unit is equivalent to an under unit appliance, and this measure is multiplied up for multiple or larger items and items that cannot be lifted by two people will need to be quoted seperately.					
Bulky collection - per single unit*	9.00	5.56%	0.50	9.50	Increased diesel and maintenance costs. Collection non-refundable in order to protect residents where items are taken by persons unknown which may later be fly-tipped once valuable elements removed.
*Dependant on size, these items charged for as a multiple of units. Items that are classed by WCC as non domestic waste	Quotation

Planning, Regeneration & Leisure Services

BUILDING CONTROL - VAT AT 20%

Explanatory notes:

1 Before you build, extend or convert a building to which the building regulations apply, you or your agent must submit a Building regulations application. The charge you have to pay depends on the type of work, the number of separate properties, or the total floor area. You can use the following tables with the current charges regulations to work out the charges. If you have any difficulties, please do not hesitate to call us.

2 The charges are as follows.

Category A: New domestic homes, flats or conversions etc

Category B: Extending or altering existing homes

Category C: Any other project including commercial or industrial projects etc.

Individually determined fees are available for most projects. We would be happy to discuss these with you if you require. In certain cases, we may agree that you can pay charges in instalments. Please contact us for further discussions.

3 Exemptions and reductions in charges.

a) If your plans have been approved or rejected, you won't have to pay again if you resubmit plans for the same work which has not started, provided you resubmit with 3 years of the original application date.

b) You don't have to pay charges if the work will provide access to a building or is an extension to store medical equipment or provide medical treatment facilities for a disabled person. In order to claim exemption, an application must be supported by appropriate evidence as to the nature of the disabled persons disability. In these regulations, a 'disabled person' is a person who is described under section 29(1) of the National Assistance Act 1948 (as extended by section 8(2) Mental Health Act 1959).

4 You have to pay VAT for all local authority Building Regulation charges, except for the regularisation charge. VAT is included in the attached fees.

5. Regularisation applications are available for cases where unauthorised building work was undertaken without an application. Such work can only be regularised where the work was undertaken after October 1985 and not within the last 6 months. The Authority is not obliged to accept Regularisation applications. Regularisation application fees are individually determined. Please contact us to discuss regularisation application fees.

6. Reversion applications. Where the control of a building project passes from a third party to the Council a reversion application will be required. Reversion application fees are individually determined.

7. The additional charge refers to electrical works undertaken by a non qualified person who is unable to certify their work to appropriate electrical regulations.

Other information:

1 These notes are for guidance only and do not replace Statutory Instrument 2010 number 0404 which contains the full statement of the law, and the Scheme of Recovery of Fees dated April 2014.

2 These guidance notes refer to the charges that you have to pay for building control services within North Worcestershire.

Telephone payments are accepted. Please contact the relevant payment centre with your address and card details:

For Office or shop fit outs, installation of a mezzanine floor and all other work where the estimated cost exceeds £50,000, please contact the Building Control Office on 01527 881402 for a competitive quote

These charges have been set on the following basis:

1. That the building work does not consist of, or include innovative or high risk construction techniques and / or duration of the building work from commencement to completion does not exceed 12 months
2. That the design and building work is undertaken by a person or company that is competent to carry out the relevant design and building work. If they are not, the building control service may impose supplementary charges.

Building Control – Supplementary Charges

If you are selling a property that has been extended or altered, you need to provide evidence to prospective purchasers that any relevant building work has been inspected and approved by a Building Control Body. That evidence is in the form of a Building Regulations Completion / Final Certificate and / or an Approval or Initial Notice (called the 'authorised documents' in the Home Information Pack Regulations).

Legal entitlement to a Completion Certificate is subject to conditions. In cases where the Council is not told that building work is completed, or the building is occupied without addressing outstanding Building Regulation matters, a certificate is not issued. Despite the best efforts of the Council's Building Control Surveyors, many home owners who undertake building works fail to obtain a Completion Certificate and their application is archived. A fee is payable to re-open archived building regulations applications for the purposes of issuing a completion certificate.

Other charges are payable where we are asked to withdraw a Building Regulations application and refund fees, or asked to re-direct inspection fee invoices. Fees are payable in cleared funds before the release of any authorised documents or other actions listed below.

Charges note

Under the Building (Local Authority Charges) Regulations 2010 local authority building control is not permitted to make a profit or loss. The service is to ensure full cost recovery and no more. Any surplus or loss made against expenditure budgets is to be offset against the following years fees and charges setting. In addition, the level of competition from the private sector needs to continually defended against therefore it is proposed to curtail both the extent of fee categories published and to make extensive use of the fact that legislation now allows local authorities to offer site specific quotations for building regulations applications. In addition expenditure of the service has reduced since the creation of a shared service resulting in a reduction in the hourly rate charged by the service. Inspection fees equate to 70% of the total fee payable for a project.

DEVELOPMENT MANAGEMENT					
Pre Application Fee					
Residential Development/ Development Site Area/Proposed Gross Floor Area					
Householder Development	103.00	5.83%	6.00	109.00	Pre application advice is a discretionary service, designed to identify key issues which may be encountered during the application process. There would be no benefit of increasing fees above the level of the statutory Planning fee, as this would discourage customers from using the service, reduce income and result in poorer quality submissions. These poorer applications would then take longer to resolve and delays within the system could have negative consequences for the Council. Previous increases have been between 2.5% and 5%. A 5% increase would more closely align to a full cost recovery position. In applying this, costs have been calculated to the closest whole pound.

Fee Concessions					
Some pre-application advice will still be provided free of charge. For example where the development is for the direct benefit of a disabled person (and as such there would be no fee incurred to make the planning application) or where works relate to a listed building. Some advice is provided at a reduced or concessionary rate. If the proposal is being submitted by or is for the benefit of a Parish Council or other Local Authority, then the appropriate fee is reduced by 50%. In addition if the scheme relates to a solely affordable housing scheme, the Applicant is a Registered Social Landlord or Housing Association the fee for pre application advice would also be reduced by 50%.

<u>Revenues</u> <u>Court Costs</u> Council Tax Summons	55.90	0.00%	0.00	55.90	The level of charge reflects the costs incurred by the authority, Changes to the methods by which attendance at court is managed – through virtual costs sessions – and the issuing of summons documentation from Hybrid mail supplier has reduced these costs and this will mitigate any general inflationary increase.
