1. SUMMARY

This report for 2023/24 presents the Capital Strategy, Treasury Management Strategy, Minimum Revenue Provision Statement, and the Investment Strategy for 2023/24 to be considered for recommendation to Council.

2. RECOMMENDATIONS

Audit, Governance and Standards Committee are asked to RECOMMEND TO COUNCIL that

- i) **the Capital Strategy (Appendix A) as an appropriate overarching strategy for the Council be approved**
- ii) **the Treasury Management Strategy for 2023/24 (Appendix B) and the associated MRP policy (Appendix C) be approved**
- iii) **the Investment Strategy (Appendix D) be approved**

3. KEY ISSUES

Financial Implications

- 3.1 The report for 2023/24 is required following changes in the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Department of Levelling UP Communities and Housing (DLUCH) guidance. It combines an overview of how capital expenditure,

capital financing, treasury and other investment activity contribute to the provision of local public services along with an overview of how associated risk is managed and the implications for future financial sustainability. The strategies set limits and indicators that embody the risk management approach that the Council believes to be prudent. The strategies are set against the mid-term financial strategy, the context of the UK economy and projected interest rates.

The Council are required to set a balanced operating budget. The role of the treasury function is to manage cash flow within the authority so that the demands of expenditure can be met. The policies included in this report set out the criteria in which the Council can manage its Treasury management function.

The CIPFA Code of Practice for Treasury Management in Public services (the CIPFA TM Code) and the Prudential Code require local authorities to set the Treasury Management Strategy Statement (TMSS) and Prudential Indicators each financial year. The TMSS also incorporates the Investment Strategy as required under the CLG's Investment Guidance. In addition the Council has to receive a report on treasury management and this is reported on a quarterly basis which is included within the Quarterly Monitoring Report.

3.2 CIPFA has defined Treasury Management as:

“the management of the organisation’s investments, cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.”

3.3 The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Treasury management risks are identified in the Council's approved Treasury Management Practices and include:

- Liquidity Risk (Adequate cash resources)
- Market or Interest Rate Risk (Fluctuations in the value of investments)
- Inflation Risks (Exposure to inflation)
- Credit and Counterparty Risk (Security of Investments)
- Refinancing Risks (Impact of debt maturing in future years)
- Legal & Regulatory Risk (Compliance with statutory and regulatory requirements)

3.4 The guidance requires investment strategies to comment on the use of treasury management consultants and on the investment of money borrowed in advance of spending needs.

3.5 In formulating the Treasury Management Strategy and the setting of the Prudential Indicators, the Council adopts the Treasury Management Framework and Policy recommended by CIPFA.

REDDITCH BOROUGH COUNCIL

AUDIT, GOVERNANCE AND STANDARDS COMMITTEE

26th January 2022

- 3.6 Given the Council is yet to formally close its 2021/22 accounts, with the 2020/21 accounts presently being audited, therefore figures are best estimates at the present time. The Strategies will be updated, if required, once the Accounts have been closed and approved.

Legal Implications

- 3.7 This is a statutory report under the Local Government Act 2003.

Service/Operational Implications

- 3.8 None as a direct result of this report, service requirements which form the Capital Programme are the base data for this report.

Customer / Equalities and Diversity Implications

- 3.9 None as a direct result of this report.

4. RISK MANAGEMENT

Failure to manage the Treasury Management function effectively to ensure the delivery of maximum return within a secure environment.

Controls in place to mitigate these risks are as follows:

- Regular monitoring of the status of the organisations we invest with
- Daily monitoring by internal officers of banking arrangements and cash flow implications.

5. APPENDENCES

Appendix A – Capital Strategy 2023/24

Appendix B – Treasury Management Strategy 2023/24

Appendix C – Minimum Revenue Provision Statement 2023/24

Appendix D – Investment Strategy 2023/24
