

Appendix 2:

Arts Projects – Financial Costs

The financial costs involved in delivering an arts project vary according to the scale of the project. However, based on the costs levied for a recent arts project it is possible to estimate the minimal costs.

Recent Arts Project: Brick Bus Shelters

For this project two brick bus shelter were spray painted, (covering a space approximately equivalent to two to three times the space of the wall in Martley Close). Each bus shelter also received an anti-graffiti coating. Two professional artist were contracted to deliver the art project in co-operation with a small group (4-12) supervised young people. The designs were created by the young people. The total financial cost involved in delivering this project was £660.

Arts Project, Martley Close: Estimated Cost

The wall appears to cover a smaller surface area than the two bus shelters, and would be approximately the size of a width of a standard garage door (though no measurements have been taken). It has been estimated that for an area the size of one garage door space, and if the art work was completed to the same standard as the bus shelter project, the minimum costs involved in delivering the project would be approximately £400. This is based on an estimate that the work would take four hours to complete.

Officers have advised that if the area needed to be pre-painted ready for the artwork an additional £80.00 would be added to the price.
