Q1. Do you agree with the process proposed for those applying for the GRANT of a pavement licence set out in paragraphs 3.5 to 3.8 of the draft policy?

<b>YES</b>	3
<b>NO</b>	0
<b>DON'T KNOW</b>	0

Q2. Do you agree with the process proposed for those applying for the RENEWAL of a pavement licence set out in paragraphs 3.9 to 3.12 of the draft policy?

<b>YES</b>	2
<b>NO</b>	1
<b>DON'T KNOW</b>	0

If you have answered NO, what changes to the process would you suggest?

The renewal is assuming the furniture is staying the same as previously.  
 Furniture will inevitably need changing during the lifetime of the contract sometimes, so something along the lines of a photo of the furniture, existing layout etc would be useful.

- Q3. Do you agree with the list of those who will be consulted before applications are determined shown at paragraph 4.3 of the draft policy?

<b>YES</b>	1
<b>NO</b>	2
<b>DON'T KNOW</b>	0

If you have answered NO, what changes to the list of consultees would you suggest?

Not all cafes and bars will be in business areas. If in residential areas then residents should be consulted too

This will slow down the application process. Rather than on a per application basis, could the council "pre-approve" various areas, subject to an application going in for approval.

In theory the council could zone different areas already, which have already been consulted on therefore streamlining the process when an application goes in? It might help to encourage rather than overburden.

For areas outside of these zones, then yes I agree with this.

- Q4. Do you agree with the Council's proposed approach to determining applications that is set out in paragraphs 5.1 to 5.13 in the draft policy?

<b>YES</b>	2
<b>NO</b>	1
