Dear Leaders

This Government has been clear on our vision for simpler, more sustainable, local government structures, alongside a transfer of power out of Westminster through devolution. We know that councils of all political stripes are in crisis after a decade of decline and instability. Indeed, a record number of councils asked the government for support this year to help them set their budgets.

This new government will not waste this opportunity to build empowered, simplified, resilient and sustainable local government for your area that will increase value for money for council taxpayers. Local leaders are central to our mission to deliver change for hard-working people in every corner of the country through our Plan for Change, and our councils are doing everything they can to stay afloat and provide for their communities day in, day out. The Government will work closely with you to deliver these aims to the most ambitious timeline.

I am writing to you now to formally invite you to work with other council leaders in your area to develop a proposal for local government reorganisation, and to set out further detail on the criteria, guidance for the development of proposals, and the timeline for this process. A formal invitation with guidance for the development of your proposals is attached at Annex A. This invitation sets out the criteria against which proposals will be assessed.

### **Developing proposals for reorganisation**

We expect there to be different views on the best structures for an area, and indeed there may be merits to a variety of approaches. Nevertheless, it is not in council taxpayers' interest to devote public funds and your valuable time and effort into the development of multiple proposals which unnecessarily fragment services, compete against one another, require lengthy implementation periods or which do not sufficiently address local interests and identities.

The public will rightly expect us to deliver on our shared responsibility to design and implement the best local government structures for efficient and high-quality public service delivery. We therefore expect local leaders to work collaboratively and proactively, including by sharing information, to develop robust and sustainable unitary proposals that are in the best interests of the whole area to which this invitation is issued, rather than developing competing proposals.

This will mean making every effort to work together to develop and jointly submit one proposal for unitary local government across the whole of your area. The proposal that is developed for the whole of your area may be for one or more new unitary councils and should be complementary to devolution plans. It is open to you to explore options with neighbouring councils in addition to those included in this invitation, particularly where this helps those councils to address concerns about their sustainability or limitations arising from their size or boundaries or where you are working together across a wider geography within a strategic authority.

I understand there will be some cases when it is not possible for all councils in an area to jointly develop and submit a proposal, despite their best efforts. This will not be a barrier to progress, and the Government will consider any suitable proposals submitted by the relevant local authorities.

### **Supporting places through change**

It is essential that councils continue to deliver their business-as-usual services and duties, which remain unchanged until reorganisation is complete. This includes progress towards the Government's ambition of universal coverage of up-to-date local plans as quickly as possible. To support with capacity, I intend to provide some funds for preparing to take forward any proposal, and I will share further information later in the process.

Considering the efficiencies that are possible through reorganisation, we expect that areas will be able to meet transition costs over time from existing budgets, including from the flexible use of capital receipts that can support authorities in taking forward transformation and invest-to-save projects.

The default position is that assets and liabilities remain locally managed by councils, but we acknowledge that there are exceptional circumstances where there has been failure linked to capital practices. Where that is the case, proposals should reflect the extent to which the implications of this can be managed locally, including as part of efficiencies possible through reorganisation, and Commissioners should be engaged in these discussions. We will continue to discuss the approach that is proposed with the area.

I welcome the partnership approach that is being taken across the sector to respond to the ambitious plans set out in the White Paper. My department will continue to work closely with the Local Government Association (LGA), the District Councils Network, the County Councils Network and other local government partners to plan how best to support councils through this process. We envisage that practical support will be needed to understand and address the key thematic issues that will arise through reorganisation, including managing service impacts and opportunities for the workforce, digital and IT systems, and leadership support.

**Timelines and next steps for interim plans and full proposals**

We ask for an interim plan to be submitted on or before 21 March 2025, in line with the guidance set out in the attached Annex. My officials will provide feedback on your plan to help support you to develop final proposals.

I will expect any full proposal to be submitted **by 28 November**. If I decide to implement any proposal, and the necessary legislation is agreed by Parliament, we will work with you to move to elections to new 'shadow' unitary councils as soon as possible as is the usual arrangement in the process of local government reorganisation.

Following submission, I will consider any and all proposals carefully before taking decisions on how to proceed. My officials are available throughout to discuss how your reorganisation and devolution aspirations might work together and what support you think you might need to proceed.

This is a once in a generation opportunity to work together to put local government in your area on a more sustainable footing, creating simpler structures for your area that will deliver the services that local people and businesses need and deserve. As set out in the White Paper, my commitment is that clear leadership locally will be met with an active partner nationally.

I am copying this letter to council Chief Executives. I am also copying this letter to local Members of Parliament and to the Police and Crime Commissioner.

Yours sincerely,
