- 15.1 The Assistant Director of Finance and Customer Services shall prepare and review annually a Medium-Term Financial Plan and strategy to provide an estimate of resources available to the Council and identify budget pressures.
- 15.2 Proposed budgets over periods of one year or longer shall be prepared by Assistant Directors, in consultation with the Section 151 Officer, for consideration by the Executive, having regard to the views of the Overview and Scrutiny Committees, before submission to Council.
- 15.3 The Executive shall recommend an annual budget to Council that includes the following:
- a) Annual capital and revenue budget.
 - b) Proposed contingencies, general reserves and specific reserves.
 - c) Council Tax requirement.
 - d) Treasury Management Policy and borrowing limits.
 - e) The Section 151 Officer statutory declaration on budget setting (section 25 statement on adequacy of balances and robustness of estimates).
- 15.4 Budget management ensures that resources allocated by Members are used for their intended purposes and that these resources are properly accounted for. Budgetary control is a continual process enabling the Council to review and adjust its budget targets during the financial year. It also provides the mechanism to call to account Managers responsible for defined elements of the budget.

- 15.5 The structure and format of the revenue budget must be sufficient to permit effective financial management.
- 15.6 The overall budget setting process for both revenue and capital is controlled by the S151 Officer.
- 15.7 Budgets will be distributed to budget holders for consultation. Budget holders will work with Finance Officers to prepare detailed income and expenditure estimates for the forthcoming year, taking into account known service level changes, contractual commitments and financial constraints.
- 15.8 Budget holders must provide information on any legislative changes, statutory duties, demographic changes, which impact upon service trends and activity levels to inform the financial planning and budget setting process.

16.0 Capital budget management

- 16.1 The Executive shall, following the submission of proposals by the Corporate Leadership Team, recommend to Council:

Any material variation in cost or timescale shall be reported to the Executive.

- g) A technical and financial appraisal of the alternative approaches to meeting the need. (larger projects only)

17.0 Budgetary Control

- 17.1 Each Assistant Director shall be responsible for monitoring the revenue and any capital budget relevant to his/her Directorate to ensure that such budgets are properly spent and not exceeded.
- 17.2 Any new proposal or variation which would materially affect the finances of the Council shall require approval by the Executive. Any budget virements must comply with the Council's scheme of budget virement.
- 17.3 The Council operates within an overall annual cash limit. As a result, all individual budgets are cash limited. Each budget holder is required to operate within their cash limit.
- 17.4 Assistant Directors shall monitor spend and income against budgets monthly and ensure, so far as practicable, that expenditure in excess of their net approved budgets is not incurred without prior approval. If actual income is expected to be below budget, this must also be actively managed.
- 17.5 If it appears to an Assistant Director that his/her overall cash limited budget may be exceeded, he/she shall report the details as soon as practicable and identify mitigating action. The overall position is then reported to the Executive.
- 17.6 Action plans must be put in place by each Directorate at an early stage in the financial year in order to manage potential overspendings (e.g. due to additional spending or below target income). Assistant Directors must ensure Officers adhere to the savings targets and take mitigating action if delivery is deemed to be at risk.
- 17.7 It is the duty of Assistant Directors to ensure that responsibility for budgetary control is clearly allocated to appropriate Officers in their Directorates. Assistant Directors shall nominate a Budget Manager for each cost centre. As a general principle, budget responsibility must be aligned as closely as possible to the decision-making processes that commits expenditure.
- 17.8 Budget Managers are accountable for their budgets and the level of service to be delivered and must understand their financial responsibilities. Budget Managers must be responsible only for income and expenditure that they can influence.
- 17.9 Budget Managers are required to;
 - a) Follow an approved process for all expenditure.
 - b) Ensure that income and expenditure are properly recorded and accounted for.

17.13 The Financial Services Manager shall provide financial management training courses that all budget managers must attend.

17.14 All carry forwards or underspends or treatment of overspends at year end shall be subject to approval in accordance with arrangements determined by the Section 151 Officer approved by members as part of the budget process.

18.0 Virement

18.1 The Council operates a scheme of budget virement. This enables budget holders to manage budgets with a degree of flexibility within the overall policy framework determined by the Council and therefore optimise available use of resources.

18.2 Assistant Directors have authority to vire expenditure between individual budget heads in accordance with the virement policy.

18.3 Key controls for the virement policy are:

- a) Any variation from this policy requires the approval of Council.
- b) That the overall budget is developed by Executive and approved by Council. Assistant Directors and budget holders are authorised to incur expenditure in accordance with the estimates contained within the annual budget. The rules below cover virement; that is switching resources between budget heads. For the purposes of these rules a budget head is considered to be the standard service subdivision as defined by CIPFA. The scheme applies equally to a reduction in income as to an increase in expenditure.

18.4 All virements must be entered onto the finance system for approval by an authorised Officer. There will be no virements below £10,000 unless authorised by the Section 151 Officer or Assistant Director of Finance and Customer Services.

- 18.5 All virements below £200,000 and above £10,000 and within a single Executive Member Portfolio and a single Directorate budget must be approved by the service Assistant Director and the Assistant Director of Finance and Customer Services. Virements below £200,000 between two Directorate budgets or two Executive Member areas will require agreement of the Assistant Directors and Executive Members as well as the Section 151 Officer. Capital and corporate budgets above £10,000 and up to £200,000 will require the approval of the Assistant Director of Finance and Customer Services. All virements of above £200,000 shall be reported in the budget monitoring report provided to Executive.
- 18.6 There will be no virements from salary budget to other types of expenditure without approval from Executive.
- 18.7 Virements must not be aggregated or disaggregated in order to avoid the virement rules.
- 18.8 Where an approved budget is a lump sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement provided that the amount is used in accordance with the purposes for which it has been established and that Executive and / or Council has approved the basis and the terms including financial limits on which it will be allocated. Individual allocations in excess of the financial limits must be reported to Executive or Council as required.
- 18.9 All virements must be properly documented and approved.
- 18.10 Budget adjustments. Where there is a need to move a budget to a more appropriate cost centre or nominal code, without changing the purpose of the budget, then this is considered a 'budget adjustment' and must be made by the finance Officers with the authority of the Assistant Director of Finance and Customer Services

Supplementary Estimates

- 18.11 In-year increases in budgets are referred to as supplementary estimates and any request for additional budget that increases the Council's cost of provision of services (net revenue or capital budget) must only be approved by Council (as with the annual budget setting).
- 18.12 Where a request for additional expenditure budget is matched by additional grant or contribution income and therefore there is no increase to the net revenue or capital budget, then the expenditure budget must be increased and the income or financing budget increased equally with no impact on the Council's net cost of services. This must be authorised by the Section 151 Officer and must be reported to Executive in the next available budget update report.

- 19.3 Insurance has been the traditional means of protecting against loss, but this cannot be seen as the complete answer. By reducing or even preventing the incidence of losses (whether they result from crime or accident), the Council shall benefit from reduced costs of providing insurance cover and shall also avoid the disruption and wasted time caused by losses and insurance claims.
- 19.3 Through quarterly performance monitoring Audit, Standards and Governance Committee must be kept informed of items listed on the corporate risk registers.

Introduction

You have been selected to participate in the Government Procurement Card scheme (GPC). This scheme is designed to make it easier and more cost effective for employees to make low value purchases of goods and services for Council use. What is a Purchasing card?

GPC cards is an alternative method to the current buying process of paying for low value, high volume goods or services. By simplifying transaction processing, it assists purchasing efficiency and will save RBC time and money. The current indicated savings from the Audit Office equate to £28 per transaction however this does not include the paper and other associated print/environmental savings when the need not to produce orders, delivery note and invoices is taken into account.

The Purchasing card looks like any normal debit/credit card, but is a procurement card, which means your total balance on your monthly statement must be settled in full.

It also means that the supplier is paid much more quickly (typically 3 to 5 days) rather than waiting for us to settle their invoice.

The card can be used at any establishment displaying the Mastercard symbol, in the UK. But we are looking for you to use suppliers who are capable of providing VAT reporting to level 3, this to facilitate further efficiency savings as the banks monthly returns of purchases made can be used to reclaim VAT from HMC&R. We are currently working with the Bank and the Suppliers we most commonly use to increase their VAT reporting capabilities to level 3.

Embossed on the card is the following:

Redditch Borough Council
Your Name
Expiry Date
Card Number

Your Purchasing card offers the opportunity to improve both the focus and flexibility of purchasing procedures whilst reducing the volume of purchase orders, invoices and associated paperwork for small value purchases, improving the cost effectiveness of processing these types of transactions.

Your card is to be used for business expenditure only.

Controls

Each card has a maximum monthly expenditure limit and individual transaction limit.

Monthly Expenditure limit

The total amount you can spend on your card each month.

Transaction Limit

The total amount you can spend on any single purchase.

Both of these limits are inclusive of VAT and any carriage.

The limits were set on your card application form based upon your estimated spend pattern.

Merchant Category Group code blocking

A further control has been applied to your Purchasing card.

Each supplier capable of accepting your GPC card will be classified by a certain Merchant Category Group code. By the way of an additional control, any number of these codes can be blocked or left unblocked to ensure compliance with business policies and to mirror each cardholder's buying profile.

Please make a note of these limits/controls.

If you try to purchase goods and services that are outside of these limits, your transaction will be declined and could lead to embarrassment. If you can prove that your limits are unrealistic to your work or the purchases you have to regularly make using the card please discuss with your line manager prior to requesting any increase in same

As detailed above, if you try to use your card with a supplier whose Merchant Category Group code has been blocked on your Purchasing card, this will also lead to your card being declined.

If this occurs, please contact the Administrator immediately to discuss how your card can be updated to reflect your requirements.

Queries on Goods

Faulty or damaged goods supplied

If the cardholder rejects the goods purchased as unsatisfactory, he/she must inform the supplier immediately, and try to reach an agreement to return the goods and obtain a refund. Natwest Bank is unable to become involved in any disputes between purchaser and supplier over the quality or suitability of goods purchased.

The supplier must arrange for a credit (refund) to be made to Natwest Bank Purchasing Card Account which will then appear on a subsequent statement. To aid reconciliation, we suggest the cardholder retains a record of the credit at the time the goods are returned, rather than waiting for the statement to arrive.

Please note that refunds from abroad may vary from the original transaction amount due to exchange rates.

Goods not supplied/wrong goods supplied

If an item is charged to the cardholder's account but the goods or services ordered have not been received or are incorrect, the cardholder must contact the supplier to confirm that the goods have been supplied or the correct goods are being despatched.

A refund can be claimed from the supplier only after allowing 60 days from the transaction date for delivery of the correct goods.
