**Committee Updates
10th September 2026**

Members are asked to note that the revised National Planning Policy Framework was published on 17th August 2026. A link to the revised framework can be found here [National Planning Policy Framework - GOV.UK](#)

The NPPF (2026) sets out that its national decision-making policies are a material consideration and must be taken into account from the date of publication. The report before you this evening has therefore had regard to the provisions of the new NPPF (2026).

Members will be provided with specific training on the revised NPPF (2026) at the end of September, but Members are asked to note its immediate implementation.
