

Dear Sir

I am objecting to the opening of an off license for the sale of alcohol, at No 104 Fawcett Road by Mr Mohammed Akram.

We are awash with Public Houses etc. Selling alcohol we really don't need anymore?

It's bad enough having to contend with Bottles + Glasses and for them on our garden's but the behaviour is also a worry.

My neighbour at No 132 has ~~been~~ every had jobs urinating through his letter box. I get them urinating on my garden decking. The smell is disgusting. I have to put Feyes fluid every where to mask the smell.

The area is getting to be a Ghetto for booze. No wonder it is called 'The Golden Mile'. Why can't we have a shop that sells vegetables + fruit or something nice.

Another alcoholic outlet will mean more people congregating outside and bad behaviour. It is a shame to spoil an area where people try to live nicely!

Sincerely R. Akram
